Forest L. Rader, 200 N. Wayne-av, said he could have sold 25 more twin beds when he advertised a set in our newspaper. He received 25 calls and was very pleased with the results. If you would like an easy convenient market for your merchandise, place an ad by calling BR. 9-9444.

Money-Making Band Parents Club Donates Horns, Cymbals, Drums To West High School

IT TAKES A HEAP OF BREATH to hear an "oo", says Larry Ruffing, 3105 Valleyview-dr, as he huffs and he puffs into one of the largest of all band instruments, the king-sized tuba. The 10th-grade musician is playing one of the 13 instruments presented to the West High Band by Band Parents Club. See other pictures on page 3.

Alto horns, baritones, bass horns, cymbals, and drums were all welcomed into the West High Band recently as a gift from "Johnny-on-the-spot" Band Parents' Club.

With the $1,280 purchase of these instruments, the West High Band now has a complete row of eight bass horns and eight bell front altos which add to the appearance as well as the tone quality of the band.

West also has the added distinction of being the only Columbus high school band with this complete instrumentation.

Already working toward their next purchase — reed instruments for the orchestra — the "fund-raising" parents are having bake sales Saturday at Seiller's Department Store, 2404 W. Broad-st and Edwards Rexall Drug Store, 3036 Sullivant-av.

They also hope to contribute a bassoon and an oboe in the near future. The Band Parents also give an annual Christmas party for all students in the instrumental classes at the school.

Hilltop To Have Fine New Armory

It is welcome news that General Motors has presented a plot of 4.12 acres of land on Sullivant-av, to the state for the purpose of building a fine new Ohio National Guard Armory.

Paul Jones, resident manager of the Ternstedt Plant said Tuesday, "We are very happy to be able to make this gift to the Ohio National Guard and believe the new armory will be a welcome addition to our community."

Sincere thanks of the community go to Mr. Jones and his fine company.

And a word of welcome to Major Generals Kreber and Cooper and the ONG boys who will soon become our neighbors. We are happy you liked the Hilltop.

Likewise a nice word to Mayor Jack Sensenbrenner for his suggestion to the Hilltop Business Association that they aid in securing a local site, and the plaudits of the community to the HBA committee for a fine job.

Briefly Told: Mrs. Glenn Hamilton and daughter Betty are in Cleveland where Betty will undergo a spinal operation at the Cleveland Clinic. . . Mrs. Henry (Jane) Jones returned from Mt. Carmel Hospital to her home on Powhatan Tuesday afternoon and will now let nature take care of healing a fractured leg. . . To Mrs. M. Wood: Your letter sounds like you are critical of our use of a picture of the Democratic candidate for president last week. We merely carried a political ad with his photo, and this was in no manner an endorsement of the man. You have a right to your own opinion . . . The local tax collector says that people who

West 12A Class To Hold Movie

West High School's 12A Class will sponsor the movies Wednesday and Thursday, Nov. 7 and 8, at Miles' West Broad Drive-In Theatre.

Features for both nights are "Davey Crockett and the River Pirates" and "Tarzan's Hidden Jungle."

Admission is 65 cents per person, and tickets may be purchased from any member of the January graduating class.

Satisfactory Condition

Paul Tripp, 21, 379 S. Terrace-av, was in satisfactory condition Monday at University Hospital. He was admitted to the hospital Friday after his hand was injured when caught in a press at the Corrugated Container Co., at 840 Shoemaker-av, fire emergency squadmen said.

JUST BACK FROM A FLORIDA "MOUNTING" is the 36-inch grouper that Jim Williamson, 15, 196 N. Chase-av, landed last June during a "fishing cruise" near Ft. Lauderdale, Fla. The 24-pound fish was not a "fighter" but Jim said "it felt like I was pulling in the bottom of the ocean." The young fisherman was quite elated when he won $22 jackpot on his boat for the largest fish. But his elation were thin when he found the mounting would cost $15 per foot—and in the case of his grouper . . . $45!

Value of Jackpot Is $25 Today

Value of the jackpot insignia is still on the upswing. No winners last week raises to the total to $25 in "Confederate" money today.

The insignia, imprinted by hand on an ad in one copy of this week's issue, is in plain view; it is never hidden. The usual 10 $1 insignia are also put in circulation on the Hilltop, via ads in the Record.

All newspapers containing the lucky insignia may be redeemed for "Confederate" money at The Hilltop Record office before Saturday noon. "Confederate" money may be spent at face value with any merchant advertising in today's record.

Booth Worker Suffers Fatal Heart Attack

Mrs. Margaret Whitman, 38, of 570 Reed-st, was dead on arrival Tuesday at Mt. Carmel Hospital, after suffering an apparent heart attack while working in a voting booth at 1621 Sullivant-av.

Funeral services will be held at 2:30 p.m. Thursday in the Jerry Spears Funeral Home, where friends may call after noon Wednesday.

She was a member of the Church of Jesus Christ of Latter Day Saints.

Surviving are her husband, Fire Department Capt. Lester Whitman; a son, Kenneth; a daughter, Karen Whitman, both of the residence; her mother, Mrs. Lucy Smith of Columbus; four sisters, Mrs. Hallie Price of Roanoke, Va., Mrs. Nancy Goodburn and Mrs. Mary Martin, both of Columbus, and Mrs. Virginia Bowden of Orleans, France; and three brothers, Emory Smith of Bluefield, W. Va., Walter and Gay Smith, both of Columbus.

Her body will be cremated.

Kiwanians Hear About Tax Problems

Nathaniel Looker, director of the 28-county Columbus District of the Internal Revenue Service, addressed the Hilltop Kiwanis Club last Thursday noon. His subject was "This Business of Collecting Taxes."

Looker presented pertinent background information and a frank statement of the various problems encountered in the administration of tax laws and the collection of taxes. He discussed the major operating responsibilities assigned to the Internal Revenue Service District Offices, including the answers to such questions as: does everyone pay his taxes; are all returns audited; what proportion of taxpayers is it necessary to prosecute and why; etc.

The public has little opportunity to gain an understanding of the "behind the scenes" activity of an Internal Revenue Office. While much that transpires is and must be kept confidential, there was still much that he could tell to give taxpayers generally a better understanding of the functioning of this important agency.

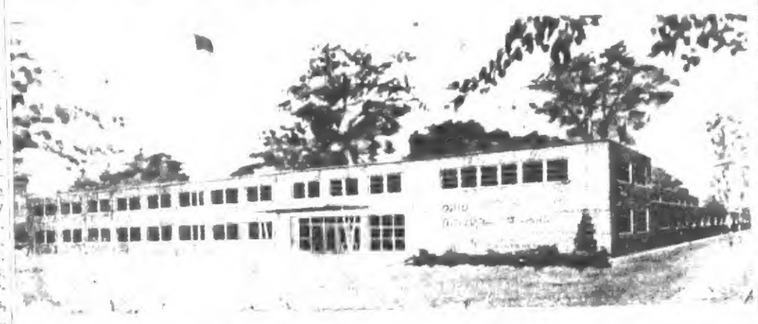
West Graduate Makes Bubbles For Welk Show

A 1932 graduate of West High School is responsible for the rain, fog, snow and bubbles for Lawrence Welk's "Champagne Music" TV shows.

George T. Marshall, son of George R. Marshall, 83 S. Princeton-av, has done special effects for stage and TV presentations, including the Red Skelton Show, the old Comedy Hour, Lux Video Theater, Matinee Theater and the Pinky Lee Show, since World War II.

Marshall and his wife, the former Charlotte Kilchenman of Columbus, have resided in Los Angeles for the last two years.

Mrs. Gillespie Is Suicide Victim

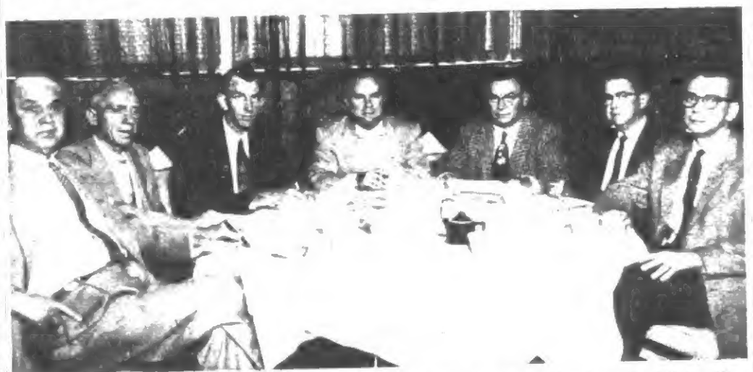


Mrs. Madalyne Gillespie, 38, 64 Broadlawn-av, died of gunshot wounds at her home late last night. Her death was an apparent suicide.

Funeral arrangements are being completed by Jerry Spears Funeral Home.

General Motors Gives Site For O.N.G. Armory On Sullivant

Making a presentation of 4.12 acres of land on Sullivant-av, just east of Georgesville-rd, to the State of Ohio, for an Ohio National Guard Armory, is Paul Jones, center, resident manager of Ternstedt-General Motors plant. Accepting is Major General Leo M. Kreber, left, and Major General Kenneth Cooper, right. Standing in the back, left to right are C. [illegible] Campbell, Joseph M. Briggs, Harold Fox and C. H. LeFever, representing the Hilltop Business Association, on the committee named to seek a site for the building.



This is an architects drawing of the new Ohio National Guard Armory to be built on Sullivant-av. It will be a brick building 188 feet by 130 feet costing about $400,000. It will contain spacious kitchens, gym, parking area and an auditorium that will seat about 1000.

First of two National Guard Armories to be built in Columbus will be erected on Sullivant-av on a site donated by General Motors Corp. according to an announcement by C. H. Campbell, executive secretary of the Hilltop Business Association. A committee from this organization has been working for some months in cooperation with National Guard Staff Officers to secure a location for the new building.

Campbell stated "Our association and the entire community are deeply grateful to General Motors for this generous gift. This will provide the Sullivant Avenue area with a building available for many community activities, something which is badly needed in this area".

The site chosen is immediately east of the Franklin Township Fire Station and adjoins General Motors property on the south. It contains 4.12 acres and will provide adequate parking in addition to the building. Construction will begin at once.

Kiwanians To Aid Hilltop Y Building Fund

Hilltop YMCA Building Fund will come in for a good big contribution from the Hilltop Kiwanis Club if the annual Hilltop Kiwanis Christmas Newspaper Sale is a big success. The club has announced that it plans to make a large contribution to the fund if their newspaper sale profit exceeds that of previous years.

That the sale will be a big success is the objective of the above Kiwanians shown as they met at the Colony this past Friday making plans for the annual newspaper auction.

Left to right are Robert Cramer, Otto J. Best, Edward O. Johnson, C. Carlton Hartley, chairman of the sale, Mose M. Williams, chairman of the auction, Clarence Story and John Nippert.

The auction will be held Dec. 5 at noon and the newspaper sale will be held that evening.

Six Classes To Enter New Hilltonia School Monday

The 28th new school since 1950 in Columbus will be opened Monday morning, Nov. 12. On that day the new Hilltonia Junior High School at 2345 W. Mound-st will open it's doors for regular school sessions.

While some work yet remains to be completed class rooms will be filled up as soon as remaining portions of the construction is completed.

First students to enter the new school will be six classes of 158 7-B's now going to Scioto Trail School. These students will not have school on Friday of this week. On that day their desks and equipment will be moved to the new school.

Doors will open Monday at 8:30 with the tardy bell at 8:45 a.m.

Sometime next week four more classes will start at the new school. They will include two 7A classes of 54 children from West Junior-Senior High School and two 6B classes of 74 children from John Burrough School. Exact date for them to report will be announced in their present classes.

By Nov. 10 ten class rooms will be in operation at Hilltonia according to Dr. Harold H. Eibling, superintendent of schools.

Council To Meet

Community Council will meet at 8 p.m. Thursday at the YMCA.

Reports will be made on the Halloween party and the petition. Initial plans for the Christmas tree lighting will be discussed. All members are urged to attend.

ONE OF THE SMALLEST BOWLERS in Glenwood Recreation Center's Bantam Bowling League is Sandy Ruzicka, 629 Hilltonia-av, pictured here on the right. Left is Marilyn Moore, bowling instructor from Glenwood, and Sam Mayhew, manager of the Hilltop Bowling Alley, where the league bowls every Monday after school.

Hilltoppers Get Good Vote Tues.

Hilltop candidates in the election on Tuesday maintained their vote getting ability and came through with flying colors.

In the race for Common Pleas Court Judge for the term beginning Jan. 1, Judge Robert Duncan, 103 S. Westmoor-av, was acclaimed the winner with a [illegible] 20,000 majority over his opponent Justin Stillman.

Hilltopper Newton A. Tou'cle, 2966 Crescent-dr, always a popular vote getter, went back into office with a sweeping victory over Ford.

The race for county commissioner, while closely contested, saw Hilltopper Henry Koontz re-elected with a nice majority.

Russell Drake, 105 S. Cassady, Democrat, running for state representative, trailed the list of candidates.

Turkey Ball To Benefit Youngsters

Newly formed Athletic Association of St. Mary Magdalene Church will hold a bazaar and turkey ball Nov. 17, 7:30 p.m. until midnight, in the school hall.

Bernard Kerscher, general chairman, has appointed Ted Kruse in charge of the turkey raffle, C. J. McDonald and William Garrett, refreshments and Thomas Tuttle, booster tickets.

James Bradley is in charge of the dance, teddy bear stand, Mrs. Neil, grocery stand, Mrs. Richard Beckman, games, Holy Name Society, cake stand, Rosary Altar Confraternity, candy stand, boy scouts.

William Faller, president of the association, has announced that proceeds from the affair will be used to remodel the old church into a modern gymnasium. A full athletic program for both boys and girls will be instituted.

15 Youngsters Win Dollar Prizes For Masquerades

The Hilltop Halloween costume parade was three silver dollars better than expected. At least, the judges, instead of giving 12 prize dollars as planned, awarded 15 silver dollars — because in three events, they just couldn't make up their minds.

The funniest, prettiest, and most original costumes in the four age groups belonged to the following:

Funniest, Douglas Dodson, 231 S. Richardson-av, Gary Lanning, 49 S. Eureka-av, Sherry Schwan, 130 Guernsey-av, tie between David Wright and Judy Brannon.

Prettiest, Candy Jane Rogers, 455 S. Huron-av, Pam Irene Latham, 3123 Ellis-pl, Reta Booth, 228 S. Powell-av, and Laurel Lind, 402 S. Hague-av.

Most original, tie between Mimi Brace and Gary Myers, 150 N. Hague-av, Stephen Dodson, 281 S. Richardson-av, Trina Mitchell, 344 S. Brinker-av, tie between Sonia Kovitz, 2160 W. Broad-st and Mary McCleod, 26 N. Roys-av.

Judges were C. H. Campbell, executive secretary of the HBA; Mrs. Cecil Ratcliff, president of Highland Avenue School PTA, and Ed Johnson, president-elect of the Hilltop Kiwanis Club.

The greatest research attack on hurricanes in history is about to begin, under the National Hurricane Research Project, with headquarters at West Palm Beach, Fla. Funds to start the work were provided by Congress last year. The primary purpose of the study is to inform and warn the public better of the development and approach of hurricanes.

Misunderstanding Leads To Adventurous Life For Kenton

Chapter 41

Simmon Kenton told me about his life.

"I was born in the State of Virginia and at the age of 16 had a difficulty with a rival by the name of Veck. The young lady, my rival and myself were all schoolmates. Veck and I met one day by ourselves and got into an argument and then into a fight.

"I threw Veck onto the ground and kicked him several times in the chest. He started vomiting blood and fainted. I became alarmed and ran to him and picked him up and spoke to him but received no answer. I laid him down thinking I had killed him for sure and, like Moses, I fled the country.

"I left immediately without giving my folks any notice. I crossed over the Alleghany Mountains without a road or trail and slept in the woods at night. I finally arrived at Fort Pitt, almost starved and naked, and joined the garrison there.

"I remained there for awhile employed as a hunter, but not feeling safe I struck out down the Ohio River and wandered with a man named Williams, into Kentucky.

"While hunting in Kentucky I assumed that Williams and I were the only men there but one day we met a man named Stover and joined him. He told us that Col. Boon was also in Kentucky, not more than 100 miles away. He took us to where Boon was camped and there I was introduced to the noble Daniel Boon as Simon Butler I had changed my name from Kenton to Butler supposing myself to be a fugitive from justice.

"After many years I found that I had done Veck no serious harm.

"I remained a few days with Boon, and when I returned to my cabin I found it in ashes. A little way off I found a stake firmly driven in the ground. Some charred wood lying around it and charred bones, told the fate of my comrade, Williams.

"I then hastened back to Boon's settlement, and roamed and hunted.

"One day three of us decided to cross the Ohio River and steal a few horses from the Indians. We succeeded in crossing the river and made our way up the Scioto as far as Chillicothe. There we found some Indians camped with very valuable horses and succeeded in stealing seven.

"It was about midnight and we started down the river as fast as we could travel, knowing that the Indians would follow. On our second day of travel we reached the Ohio River in safety, but there was a high wind and the waves rolled so high that we could not induce the horses to get in the water and swim across.

"We waited 'till evening hoping the the wind would let up but it didn't. The winds blew that night, almost to a hurricane and the next morning, knowing that the Indians were after us we decided to go down the river to the falls where we could ferry across.

"Each of us mounted a horse and we started off, leaving the other four horses behind. After we traveled awhile we decided we might as well take all the horses since they were so valuable so we rode back to get them.

"We dismounted, hitched our horses and set out on foot searching for the other horses. Then I saw a white man and two Indians approaching at a rapid speed on horseback. I raised my gun and aimed at the front one and pulled the trigger, but the powder flashed in the pan."

In Passing

By Esther Weakley

HIGH FLIGHT

Oh, I have slipped the surly bonds of earth,
And danced the skies on laughter-silvered wings;
Sunward I've climbed, and joined the tumbling mirth
Of sun-split clouds—and done a hundred things
You have not dreamed of—wheeled and soared and swung
High in the sunlit silence. Hovering there,
I've chased the shouting wind along and flung
My eager craft through footless halls of air.
Up, up the long delirious, burning blue
I've topped the wind-swept heights with easy grace.
Where never lark, or even eagle flew;
And, while with silent, lifting mind, I've trod
The high untrespassed sanctity of space,
Put out my hand, and touched the face of God.

John Gillespie Magee, Jr.
Reprinted.

"High Flight" is reprinted in honor of Veterans' Day, November 11. The poem has been reprinted hundreds of times, and in all parts of the world.

Quote—If anything makes a child thirstier than going to bed, it is knowing that you have gone too . . . A friend may well be reckoned the masterpiece of nature . . . Wisdom is knowing what to do next . . . The woes of older men too long have hung across the shining vistas of the young . . . The sense of humor is the oil of life's engine. Without it the machinery creaks and groans. No lot is so hard, no aspect of things so grim, but it relaxes before a hearty laugh.

Mail—From a Secretary: "No, I am not engaged now and no, I'm not married! Here's the sad tale: Our Japanese office boy taught us girls ju jitsu. One night last week Tom (my ex boy friend, if you'll remember) called me a frilly frail just because I admitted being afraid of snakes and spiders and worms and other odious things, so I decided to find out how much I have learned from Jack, the office boy, and if I had learned enough to manhandle a man. I had. I threw Tom over my shoulder and when he landed on the floor I don't know which of us was more surprised. He let out a Jack Benny 'Well!' and picked up his hat and dignity and left. I haven't seen him since. So don't start crocheting doilies for my hope chest. That's the story of Susie the Secretary who didn't know her own stren'th and now aint got no more man than a rabbit" . . . From Columbus: "When you can quote this letter, the tumult and the shouting will have died down — and we all hope the best men were elected" . . . From a teen-age member of an Elvis fan club: "If Elvis enlists, we are all going to hurry and finish high school, then we are going to join the WAC." (Don't laugh! Seeing Francis X. Bushman on television makes me remember when hundreds of gals would have done the same thing, under the same circumstances, this grammaw included.)

Begins New Radio Program

The Ohio Division of Wildlife is initiating a series of taped radio programs entitled, "Under Ohio Skies."

The series will consist of 13 short programs, with one interesting feature being the inclusion of sounds of animals recorded in the wild. In addition, information is given concerning food habits, life histories, description of animals and how and where they are hunted.

Subjects to be used in the series are ruffed grouse, Canada goose, woodcock, bobwhite quail, raccoon, mallard duck, ringneck pheasant, wood duck, American coot, wild turkey, whitetail deer, mourning dove and Coturnix quail.

The programs will be heard locally over WCOL, WBNS, and WOSU.

Deer Permits Being Mailed Throughout State

1956 Ohio deer hunting permits are now being mailed to license agencies throughout the state, according to word from H. F. West, chief of the accounting and budget section. Failure of the printers to deliver all the permits has caused a delay in mailing, but all agencies entitled to handle the permits should have them by now.

Ohio's deer season will be statewide this year, with the bow and arrow season running from Nov. 15 through Dec. 15 and the shotgun season running from Dec. 12 through Dec. 15.

The $5 deer hunting permit is required in addition to the regular hunting license.

KEEP SMILING

The married patient was visiting his doctor for a checkup. Said the doctor: "Do you smile at all your troubles as I advised?"

The patient replied, "Yes, and the boss warned me three times to wipe that silly grin off my face and get to work."

West Liked Ike, Too!

AT WEST HIGH School's mock election Tuesday, registrant Kathy Hartranft, and clerks, Nancy Grass and Jeanie Mincks, record student voters. John Pruitt, presiding judge, stands at the door.

• • •

Students at West High School followed the pattern of the national elections closely in a mock election at school Tuesday.

Dwight Eisenhower secured 231 votes, Adali Stevenson, 50. For governor of Ohio, O'Neill pulled 216 votes over DiSalle's 78. Choices for other candidates followed the regular election closely.

Ten classes in "Problems of Democracy" at West High participated. The mock election concluded a week of study in election procedures. A similar "election" was held four years ago. Directing this year's event were Miss Edna Harrison, George Neeb, Edwin Taylor and Irven Cameron.

Localites Learn Hunting Safety

A class of Georgian Heights residents was graduated Oct. 31 from a four-weeks course in safe gun handling, designed to avoid accidents while hunting.

The course is sponsored by the Central Anglers and Hunters Club and instructors are trained by the National Rifle Association, through the Department of Wildlife.

Rices Land OK, But Guests Of Westinghouse Weren't Sure

Basking in the sun on the beach at Nassau gave no hint that a fog-shrouded Middle West would greet the return to Columbus Sunday of Mr. and Mrs. Don Rice after spending two weeks in Florida and the Bahamas as the guests of Westinghouse.

Rice, owner of Westgate Electric, 2655 W. Broad-st, and Mrs. Rice were awarded the trip by Westinghouse in recognition of his firm's sales of air conditioners last summer.

The couple left Miami Sunday by plane at 4 a.m. and a short three hours later were above Cincinnati, a scant half hour by air from their destination. Fog-bound, their plane headed for Chicago, but, by the time the DC3 had reached the Windy City, fog had also closed in the port there.

Without hesitation the plane set its nose toward St. Louis — some 300 miles away — where it was able to land. Taking another plane, which stopped at Terre Haute, Indianapolis and Dayton, they arrived in Columbus at 3 p.m., 11 hours after their take-off from Miami and eight hours out of Cincinnati.

The couple admits the hectic ride was a thrilling climax to two weeks of sunshine in tropical climes, which included a week in Nassau, and a week in Miami, where they visited his parents, Mr. and Mrs. Clifford Rice, at Bay Point.

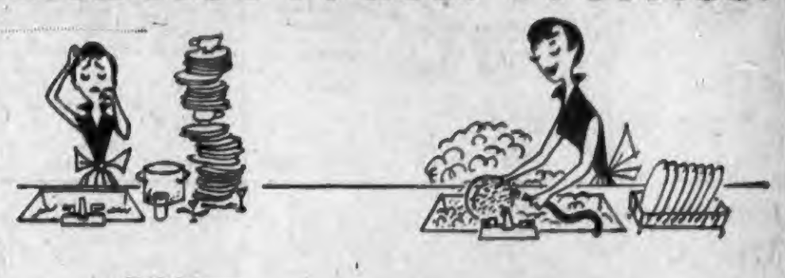
VACATE ALLEY

Columbus City council last week approved an ordinance to vacate the alley north of Eakin-rd, from the east line of Sylvan-av to the west line of Powhatan-av. This action was taken after residents of property abutting the alley presented a petition to council.

STATES NOT MAPPED

The U.S. Geological Survey recently reported that there are vast areas of the United States which are still unmapped. Only 40 per cent of the nation is mapped by modern methods, the Survey reported. The best mapped state in the union is Kentucky. Twelve other states have complete map coverage, but only three of these — Massachusetts, Rhode Island and Connecticut — have anywhere near as much of their states covered by modern methods as has Kentucky.



Defense Secretary Wilson acknowledged at a news conference that the Soviet Union was outstripping this country in production of long-range bombers.

SEE THIS RANGE DEMONSTRATED AT LONDON AUTO SALES NOV. 12TH

Betty Newton of the Ohio Fuel Gas Co. will be demonstrating these new 1957 TAPPAN GAS RANGES and serving coffee and doughnuts from 1 p.m. until 9 p.m. Monday, Nov. 12th at the LONDON AUTO SALES, 129 S. Main St., London, Ohio. The LOVELESS APPLIANCE CO. of West Jefferson is Co-operating in this project.

"Dream car" design for driving today is offered by Mercury in its completely new line for 1957. Representing one of the most extensive model changes in history, the 1957 Mercury has a unique styling theme highlighted by graceful, sculptured side projectiles topping low rear fenders and terminating in massive V-angle taillights. Entirely new, bigger bodies designed especially for Mercury are wider and longer and roomier, giving more passenger comfort. Overall height has been reduced four inches, yet head room has been increased two inches. A softer ride, better handling and roadability result from newly engineered chassis features, which include the industry's first air-cushion rear suspension on many models. A choice of a 255 h.p. or 290 h.p. V-8 engine is offered in Mercury's 75 new models in Monterey, Montclair and station wagon series. Pictured is the Mercury Montclair four-door sedan. The new models will make their debut Nov. 12 in the showroom of the London Auto Sales, 129 S. Main St., London, O

MEA PARADE

Pharmacist's Avocation Is Photography

William R. Snashall

Fitting a hobby into an occupation is often a difficult task. William R. Snashall, pharmacist at the Westgate Manor Pharmacy 3675 Sullivant-av, luckily has a hobby that blends right in with his work.

His natural liking toward photography has prompted Snashall to outfit his store with a complete line of photographic equipment in addition to the regular drug store supplies. Movie cameras, screens, slide projectors, developing equipment, enlargers and practically anything else connected with the picture art can be purchased at the store.

A resident of 390 Harris-av, Snashall attended West High School and later was graduated from Ohio State University. After serving in the Navy from 1943-46, Snashall worked at a downtown drug store before moving to his Hilltop location.

Latin Club Active At West High

The meetings consists of business, skits, movies, or a speaker, all on the subject of Latin. Extra activities include an annual Roman banquet, bake sales, and spring picnics. At Christmas time the club donates to the needy.

The advisor Mrs. Evans and officers, Jim Apel, president; Holly Hunt, vice-president; Kathy Hartranft, secretary; Loretta Davis, treasurer; and Judy Peery, program chairman, invite all Latin students to join the club.

Adventist Guild Plans Gift Sale

A Christmas gift sale and party will be held by members of the Seventh-day Adventist Church, Nov. 10, 7 to 10 p.m. at Gladden Community Center, W. Town-st at Hawkes-av. All members of the church, friends and neighbors are invited.

Mary Price Is Bride Of Howard Graham

Hilltop Evangelical Lutheran Church was the scene of the wedding of Mrs. Mary Marie Price and Mr. Howard L. Graham on Oct. 20. Rev. John Hydinger read the service at 2:30 p.m. before an altar decorated with arrangements of white flowers, ferns and seven-branch candelabra.

The bride is the daughter of Mr. and Mrs. Miles Neal, 2438 W. Broad-st and her husband is the son of Mrs. Laura E. Graham, 237 N. Ogden-av, and the late Mr. Graham.

Mrs. Helen Plummer was organist and Miss Helen Nice, soloist for a half hour of music preceding the wedding.

bride's ballerina length gown. The fitted bodice was designed with a vee neckline and short sleeves worn with mitts, and the full skirt was tiered.

A cap of matching lace held her veil of illusion and she carried a lace-covered Bible topped with a lavender orchid and tiny pink rosebuds entwined in satin streamers.

Mrs. Julianne Sowards served as matron of honor and Mrs. Violet Graham as bridesmatron. Miss Beverly R. Price served as junior bridesmaid for her mother and the little flower girl was Beverly Will.

Hostesses for the reception held at the church following the wedding were Mrs. Charlotte Marx, Mrs. Marian Moury, Miss Donna Sowards and members of Circle 5 of the church.

Mr. Lowell Graham served as best man for his brother and guests were heated by Mr. Jim Graham, nephew of the bridegroom; Mr. David Marx, Mr. Ned McMillen and Mr. Charles Sowards.

The new Mrs. Graham is associated with the Division of Mental Hygiene, State of Ohio and Mr. Graham is employed by the State of Ohio Department of Taxation.

Following a wedding trip to Cincinnati, the couple is at home at 3495 Westway-dr.

He'll tell you it's wise to plan your family burial estate NOW!
Because people turn to him in time of sorrow, he knows so well that it is not time for the bereaved to have to hurriedly select a cemetery lot.

PEACE COMES HIGH!

Before the signing of an armistice there is a price to pay—in money, in lives, and in human suffering.
But then, some things are worth fighting for . . . and dying for.
God believed that when He "gave His only begotten Son . . . " to purchase "PEACE by the blood of His cross."
Keep faith with God in church this Sunday.

Library Offers Many Holiday Recipe Books

NOVEMBER! And suddenly we are all engrossed in pre-holiday preparations.

The Hilltop Branch Library, 2969 W. Broad-st has books that help in planning and cooking those sumptious holiday meals we all anticipate. If you like to vary your menus, "Recipes of all Nations" by Countess Morphy has sweets, soups, meats, and pastry recipes in a wide variety of suggestions from all corners of the world. To achieve the ultimate with the recipes "tried and true" in good American style nothing can surpass such cookbooks as Ida Bailey Allen's "Step-by-Step Picture Cook Book; Betty Crocker's, "Picture Cook Book"; Fannie Farmer's "Boston Cooking School Cook' Book", and "Good Housekeeping Cook Book."

To prepare the desserts and sweets, "Ann Pillsbury's Baking Book," gives excellent recipes and the "Holiday Candy Book," by Virginia Pasley as well as "Today's Woman Candy Cook Book" have directions that make for perfect results.

To achieve the correct and festive touch for the party table are Amertia Hill's "Complete Book of Table Setting", Patrick Easterbrook's "Book of Table Arrangements", and "Party Decorations", and Margaret Powers, "The Party Table".

Looking ahead to Christmas festivities the book "Gifts From Your Kitchen," by Carli Lahlan offers new cues for preparing and packaging those delectable confections so lovingly prepared. Added ideas are to be found in "The Christmas Cookbook" by Zella Bontel and "The Christmas Cookie Book", by Virginia Pasley. — Mildred Phalor, librarian.

In almost all walks of life, in all studies, professions and businesses mistakes can be made. In our business, however, mistakes are impossible, otherwise lives are in jeopardy. Bring all your prescriptions to any of these Hilltop stores where you get the finest of drugs and the greatest of care, supported by the best knowledge and good, long experience. These are the things that count in intricate or even simple prescription work. And unless you get them you get less than the best and less than the doctor expects. Here patient and doctor alike get the satisfaction and the safety that good medicines properly put together can afford, and it is cheaper in the end to bring prescriptions to these Hilltop stores than to go shopping for them somewhere else.

Luther Leagues Set Date Of Fall Rally

Central Ohio Association of Luther Leagues will hold its fall rally Nov. 11, at Hope Luthern Church, at 2:30 p.m. until 7:30 p.m.

"For God and For Country" theme will be developed by Rev. Robert Reiss, former chaplain in the armed forces. There will be recreation, a singspiration and a fellowship supper.

Cowboys Scuttled By Pirates 33-0 In West High Finale

By Bill Haire

Scoring in every period, Frank Howe's Central Pirates wrote a very unhappy finish to West High's 1956 football campaign by handing the Cowboys a solid 33-0 pasting last Friday on the Downtowners' grid. With ace quarterback Clancy Readout calling the shots and halfback Herb Ragland clashing away at the locals' line, the Pirates rolled up a total of 321 net yards on the ground and 106 more via the airlanes while holding the Broncs to 122 yards rushing and 20 passing.

Central's George Breckenridge set up the Bucs' first score late in the first period when he fell on a Cowboy fumble on the Central 26. The Bucs moved to West's 16-yard line in nine plays, then Orville Kidd turned his left end for 14 and Ragland bucked the final two with 2:39 to play in the first period.

West came back to move to Central's 39 before the march sputtered and Tom Armentrout booted one into the end zone.

Taking over on their own 20, the Pirates set sail once more for the Broncs' goal with Ragland, Kidd and Ernie McCoy doing the legwork and a couple of timely passes by Kidd and Readout. Readout's flip to end Chuck Reyo covered the last 18 yards to culminate the march. Captain Ralph Littler added the extra point, giving Central a 13-0 halftime margin.

Score Twice in Third

The Pirates picked up momentum in the third quarter as they tallied twice in the last five minutes of the canto to pretty much "ice" the contest. The first came after the locals were halted on Central's 32. McCoy ripped off 21 yards on the first play and the other backs followed suit, advancing to West's three in seven plays before McCoy made it over with 4:09 to play in the period. Once again Littler converted to make the margin 20-0.

The Cowboys bobbed the following kick-off and Central's Roberts gobbled it up on the West 21. Ralph Pantello chalked up the marker after McCoy had run 15 yards to the two to set it up. The clock showed 1:43 left in the Stanza as Littler's toe made it 27-0.

Central's final score came midway in the final chapter. Kidd returned Armentrout's boot 11 yds. to the Pirate 31. The following 69-yard drive was featured by a 38-yard aerial from Ragland to Pentello. Littler, normally a tackle, moved into the fullback slot and bulled the last five yards to ring up the final marker and send the home crowd away happy.

In losing, the Broncs put the cap on a season which had its ups and downs. Mack Pemberton's crew copped decisions over Toledo Woodward, Upper Arlington, Linden and South while falling victim to Aquinas, North, east, and of course, Central.

This gave them a league record of 2-4 and a season's slate of 4-4.

Special Mention

A few of the locals must come in here for special mention. Don and Dave Hallam, junior tackles, did a great job all season while Captain Larry Doyle, Dave Pence, Bryant Phillips, and Dave Jenkins all had their fine moments, too.

Dave Snavely rates merit as the most improved lineman on the squad. The backfield, headed by senior quarterback Dennis McDonald also sparkled at times.

Junior Half Larry Price showed promise for next year while senior halfback Neil Johnson came off the bench in the last half of the season to turn in some fine running.

Senior Parker Brigner turned in several nifty runs over the season while soph fullback Dave Francis began to come into his own late in the campaign to place his name on the list of players to watch in future years.

Heights Wins Over Hebron

After falling behind when Hebron marched 82 yards to score following the opening kickoff, the Franklin Heights gridders bounced back to win 14-7. This evened their season won-lost record at three apiece.

Trailing at the end of the first stanza, the Franklin warriors drove 66 yards to tie the count at 7-7. Bob Pearse went in for the Heights marker from three-yards out.

Alternating quarterback Jack Leffel accounted for the other score by sneaking over from the two in the third quarter. Franklin Heights made 15 first downs, gained 246 yards rushing and 23 passing. Hebron could not match the pace and netted only six

Season will be completed this week with following schedule: Saturday, Nov. 10, 9 a.m., Highland vs. Westgate; 10:15 a.m. West Broad vs. John Burroughs.

Mixed teams will vie for honors at the Third Annual "Scotch Mixture" Handicap Bowling Tournament scheduled for the Clinton Lanes, 3520 N. High-st, during the first two weeks of December.

Each team, comprised of one man and a woman, will bowl three games on one alley. The woman will roll the opening ball of the game. MINOR DISTRACTION . . . Although Mrs. Wilma Browning may have to compete with an earth grader and other minor distractions for a few days, both she and her seventh grade classes are delighted to be among the first classes to meet in the new Hilltonia Junior High School at 2345 W. Mound-st. While some work remains to be completed at the new school, class rooms are being filled as soon as possible.

LOADED WITH BOOKS, notebooks and expectant smiles are Ronald Clark and his seventh-grade class as they move into new quarters at Hilltonia Junior High School from Scioto Trail School. Greeting them at the door is Lowell H. McAllister, principal of the new school. In the foreground a workman applies material to the hall ceiling.

Flowers of the Week

It is refreshing to find a man who puts a lot of effort into a civic project and just that thing is done every year by a member of the Hilltop Kiwanis Club when it comes to selling advertising for the Christmas Welfare edition. So let's give a nice Rosebud floral tribute this week to Bob Cramer for his outstanding efforts. His fine work along with that of all the other Kiwanians will make it possible for the Kiwanians to carry on their excellent program with youth of the community.

Kiwanis Paper Sale Is Set For Dec. 5

Out to break all previous records, members of the Hilltop Kiwanis Club this week were looking ahead to the date of their annual Christmas Newspaper Sale, set this year for Wednesday evening, Dec. 5.

On that evening a record number of adult newsboys will take to the streets to sell papers with the promise that net proceeds of the sale will be used for youth work in this community as has been done for many years now.

In addition to financing the projects regularly sponsored by the club, the organization will this year make a gift to the Hilltop YMCA building fund of all profits in excess of the amount made in last years sale. It is anticipated that this amount may run as high as $4000.

First phase of the event was completed this past week with the announcement by C. H. Campbell, chairman of the advertising committee that advertising sales are about one third or more in excess of any previous year.

The annual auction of first copies of the paper will take place at the noon meeting of the club set ahead one day to Wednesday, Dec. 5 at Lincoln Lodge dining room. Moss M. Williams is in charge of this event.

Distribution of the paper house to house over the Hilltop will take place that evening by about 300 men under the direction of Elmer Hegenberger. C. C. Hartley is general chairman of the paper sale.

Susan Johnson Undergoes Operation

Susan Johnson, star of the Broadway hit musical, "Most Happy Fella," and daughter of Mr. and Mrs. Clyde E. Johnson, 121 S. Sylvan-av, underwent throat surgery in Temple University Hospital, Philadelphia, Pa., last Thursday. Doctors removed a growth on her vocal chords.

She is recuperating from the operation, but is not allowed to speak.

Her husband, Robert Wallace Pastene, is with her in Philadelphia. He has a leading role in Jack Carson's new show "Everybody Loves Me," due to open on Broadway, Dec. 15.

A Thief? Just Not The Type!

The typewriter stolen from Glenwood Recreation Center Oct. 27, was returned to the center this week.

It was found several blocks from the center in shrubbery and leaves. The finder, having seen the Hilltop Record story reporting it stolen, contacted the police department, which returned it to the center.

Eight Seniors Tapped For Honor Society

Eight senior class members at West High School were named candidates for the Otto H. Hagly chapter, National Honor Society at traditional tapping ceremonies held yesterday.

Students earning the honor must have achieved a scholastic record of 3.5 or more during the four years of high school and be passed by the faculty on qualities of citizenship and character. They must also have acquired points for contributions to the school's service projects.

Those chosen at West High were John Birle, who had achieved a perfect record of straight A's; Judy Gilbert, Donna Gould, Stan Huff, Leona Linn, Jim McWilliams, president of his class; Marietta Morgan, Judy Smith and ZoAnn Stanfield.

Names of students chosen for the honor are never disclosed until the actual moment of tapping, when senior teachers walk down the aisle, tap a student and conduct him to the stage where he is pinned.

Formal induction of candidates into the society will be made in December by Robert Darrow.

HOW TO BECOME THE FARMER'S NO. 1 ENEMY. Eager beaver hunters like this one have done much to alienate farmer friendships. Instead of locating a gate for faithful Rusty to pass through, our friend uses wire cutters to make his own way. This means an hour or so of patching is ahead for the farmer and his fence will never be as secure as before. Posing here are Walter Davis and a proud Golden Retriever who roams around the woodlots at 1370 Wilson-rd when he isn't in the doghouse.

At this season of the year the sportsman who does not have a place to hunt has probably brought about his own difficulties. The fellow who has had foresight enough to make friends with a number of landowners during the off-season and secured permission to hunt over their lands is the only one who can assure himself of good hunting opportunities.

Eight Streets To Become One Way

Eight more Hilltop streets are scheduled to be put on the one-way list the first of next week, according to James Musick, city traffic engineer, in a statement to the Record today. They are as follows:

Oakley-av, northbound from Sullivant to Broad.

Wheatland-av, southbound from Broad to Mound.

Highland-av, northbound from Mound to Broad.

Clarendon-av, southbound from Broad to Sullivant.

Midland-av, northbound from Sullivant to Broad.

Whitethorne - av southbound from Broad to Sullivant.

Belvidere, northbound from Sullivant to Broad.

Lechner-av, southbound from Broad to Sullivant.

It is believed some of these one-way routes will facilitate traffic to the new Hilltonia Junior High School and it is anticipated there will be a traffic signal installed at Mound and Wheatland soon.

Two other Hilltop streets were placed on the one-way list this week. They are: Powell-av, so thbound from Broad to Sullivant and Roys-av., northbound from Wicklow to Broad.

Legislation will be introduced in city council Monday evening requesting that peak hour parking restrictions be placed on Mound street immediately.

Dog's Howls Are Heard By Council

The wailing of forlorn dogs does not go unnoticed by the Columbus City Council.

Merry And Bright Christmas Season Is Forecast For Hilltop, USA

Hilltop merchants and professional people will once again cooperate to support a program to assure a gay holiday season for folks around our end of town.

This year's program, financed by business people and directed by Hilltop Business Association will include the second annual Christmas pageant parade and an expanded decorating plan for Hilltop streets.

The pageant parade, complete with 19 floats, two bands and equestriennes, is scheduled for Saturday, Dec. 1, 2 p.m. Each float will portray one portion of the age-old Christmas story, "God's Great Gift."

The parade will form on Sylvan-av at Powhatan-av and, at 2 p.m. move east on Broad-st to Whitethorne, south on Whitethorne to Sullivant-av, west on Sullivant to Westgate, north on Westgate to Westgate Park where it will disband.

Two bands, one from West High and one from Hilliards High School will march in the parade.

Santa Claus in person will ride on the HBA-sponsored float. He will distribute no candy, however, because of safety reasons. Tiny tots, running for candy, and moving vehicles make a dangerous combination.

Four riders on horseback, members of West High's Equestrienne Club, will head the parade. They will carry flags of the Christian Church, United States, Ohio, and the United Nations.

The floats, constructed by youth groups on the Hilltop, are paid for by subscription from local merchants. Each group is allowed $50 for materials.

New additions to Hilltop Business Association's supply of Christmas decorative material this year, will include ten more illuminated stars to be hung at intervals across W. Broad-st, and Sullivant-av.

Placement of the decorations is determined by many things, including traffic regulations and availability of electric connections.

Leaf Pick-up Here This Week

A leaf pickup schedule includes the Hilltop this week. Leaves will be collected from W. Broad-st north to the New York Central Railroad tracks and from Wheatland-av west to Huron-av.

Dear Son

By Joseph Martell

Chittlin' Switch,
Monday, a.m.

Dear Jason:

It was good to get your letter last week telling us all about the good time you had at the USO and meeting your girl friend, Peaches. Tell her not to worry because she weighs so much. She can loose if she puts her mind to it. I was reading in the "Daily Bugle" the other day where a woman in England lost 2,000.

I don't think too much of your Navy buddy, Vernon Stench. I was in the post office the other day and Ned Pooser told me he heard Vernon is from Atlanta. I won't have you running around with those Yankees. Find yourself a nice Southern lad to paf around with.

We didn't get to go to the carnival at Polecate Junction because it never got there due to the washed out roads. So Saturday night we went to your sister's fifth wedding anniversary party. Her husband got her a washboard and a mirror for anniversary gifts. He told her if she didn't take in washing she could watch herself starve. When he turned 21 he told his Paw "You worked for me all your life, now get out and work for yourself!

Your brother Zeke is now courting Zelda Zilch, the school teacher at the four corners. She keeps him an hour later each night when he's naughty. I'd 'break into my egg money to know what happened last Friday. He's not home yet.

The other day I was really ashamed of your Paw. We went to town to do the shopping and while I went through the stores, Paw went to the pool room to meet his cronies. I met him in front three hours later and he must have had too many glasses of billiards because when he came outside he put a penny in the mailbox, looked up at the town clock and said "I'm gaining weight."

There's quite a bit of polio around these parts and Paw and I were afraid one of your brothers or sisters might get it. We heard you've got to be clean and sanitary so I bought one of those sanitary cups and we all drink out of it. It's getting a little soggy now.

I'm glad to hear you're polite to all the officers at your base. That's how it should be. But, Jason, always remember you come from Chittlin' Switch and therefore you don't have to accept them as a social equal.

Write soon.

Your loving,
[redacted].

YELLOW MEANS CAUTION

Most fireflies flash yellow lights in their travels through the night. But there are fireflies that flash green lights. All we need now are ones that will flash red and we'll be prepared for any traffic intersection. It's the ordinary yellow traffic light that is the most neglected, though. Many drivers either don't know or don't care just what this yellow light means. The Safety Council of the Columbus Chamber of Commerce says the yellow traffic light calls for CAUTION . . . STOP if necessary, and save a life. The traffic signal is another of your Signs of LIFE . . . know them. Obey them.

Often times it's the mink in the closet that is responsible for the wolf at the door.

NOVEMBER

November is not dark and drear,
A time to dread; a time to fear.
It is a quiet time for nature and man
To dream and 'plan.

My favorite shutin, to whom I have written accounts of several weekend jaunts we have taken, suggested that I write about them in this alleged column. She thinks there might be somebody who does not realize that so much travel and so many interesting things to see can be packed into two days and one night. We didn't either, till we experimented a bit. If the trips were expensive, the Weakleys couldn't have taken them. I'll dispose of dry statistics first—routes, etc. We left Columbus at 6, Saturday morning, and were home and unpacked by 4:30, Sunday afternoon, on our last trek. We took Route 104 to Chillicothe; Route 35 to Gallipolis; Route 17 to Charleston, W. Va.; the West Virginia Turnpike to Princeton, W. Va.; Route 19 to Bluefield, W. Va., and Virginia (as you know, Bluefield is scattered over the W. Va.-Va. border); Route 52 to Wytheville, Va.; Route 11 to Radford, Va., where we spent the night. Sunday morning we left Radford at 8 took Route 11 to Dublin; Route 100 to Pearisburg, Va.; Route 219 to the Turnpike. We ate Sunday dinner at 12, in Pomeroy, Ohio, and came back to Columbus via Route 33. We were not hurried; we stopped many times to eat and look at the magnificent scenery, and just to stretch. The one drawback to the trip was the smog we encountered near Charleston, but it didn't last long. It did obscure the view though. No words of mine can describe the West Virginia and Virginia mountains. I overheard a little girl tell her mother that the hills looked so big and kind of scary. They are a little awesome, but so very beautiful even in their wildness. The much-discussed West Virginia Turnpike is only a two-lane highway most of the way (88 miles) but it is the best way to travel across that part of West Virginia. You will love the pretty little Virginia towns, especially Pearisburg. The scenery in the Jefferson National Forest between Bluefield and Pulaski is something you won't forget, even if you have lived in the West where mountains are mountains. The highways in that section are good and people drive carefully. If you have never taken the trip, I heartily recommend it; if you have taken it, you will want to go again before winter.

MANY DIFFICULTIES

George M. Logan, welfare official: "Transportation difficulties and low income, combined with social pressure for financial support of the churches, have offset church attendance by elderly retired people."

West Broad Wins Championship

West Broad Street Gra-Y Club proved that it was a championship team by coming from behind and winning from John Burroughs Gra-Y, 13-7, Saturday morning.

The final play of the game was when Ted Walker made a 98-yard run scoring a touchdown and giving the West Broad Club the victory and championship of the league.

In the second game, Westgate played Highland Gra-Y Club and this game ended in a 7-7 tie. The final league standing shows:

	W.	L.	T.
West Broad Street	3	0	0
John Burroughs	2	1	1
Highland	2	2	1
Westgate	2	1	1
West Mound	0	3	0

The championship team will be awarded a trophy in the near future and a championship football arm patch. All other players in the league will receive a football arm patch for their participation in this league.

Bunnies, Birds

(Continued from page 1)

To assure himself a good place to hunt, a cooperative sportsman can make himself welcome in any farming community by following these few simple rules:

1. Always drive in to the farmer's yard and ask permission to hunt.
2. Hunt only in the areas he designates. Never go on the ground he wishes to keep inviolate. Stay away from his stock.
3. Respect his fences. If necessary to climb them, climb over by a post. Use gates if possible, closing them behind you. Always replace lowered bars.
4. Never shoot near houses, barns or livestock.
5. Leave his fruit and other crops alone. If you want some, buy it from him.
6. Go around fields where people are working, or pastures where livestock is grazing. Do not walk on seeded ground. Don't walk through standing grain.
7. Shoot crows and predators that do damage to his crops and livestock.
8. Share your game with him.
9. On your next trip, bring his wife or children some little gift or token of friendship.
10. After you've become well acquainted, suggest a planting program to better game habitat, offering to finance it or help him with it, thereby showing genuine interest in his affairs.

If adhered to, these courtesies will most certainly find the farmer most hospitable and will bring about a friendly relationship to be enjoyed by all concerned.

Grocery Man Once Raised Own Produce

Produce purchased at the Schulze Market, 1967 W. Mound-st, has always been known for

Herman Schulze Jr.

its quality. The reason for this is the farming background of Herman Schulze and his father. At one time the two men raised 16 acres of vegetables, but recently activity has been centered on lots bordering the store and full emphasis placed on operation of the market.

An enthusiast in boating, Schulze maintains a cabin cruiser on Lake Erie where he spends his week-ends. "The trip back and forth isn't very far when you consider all the fun you have," commented the grocery man.

Schulze who lives next door to his store, was in the service during the last war. He is a member of the American Legion, Veterans of Foreign Wars, Hilltop Business Association and other service organizations.

Housing Needed By Poor Family

A financially-distressed family is in need of a home renting for under $50 a month in Franklin County.

Mr. and Mrs. Willis Boysel and their three small children must leave the tenant home on the R. L. Parson farm in West Jefferson, where they have been living and Mr. Boysel had been working until two months ago.

Mr. Boysel is recovering from a gall stone and appendicitis operation and will be unable to work for several months. He has had several operations and much sickness in the past seven years and has been warned by doctors not to engage in heavy work.

The family is receiving $14 weekly from Madison County welfare. They are seeking a home in Franklin County in order to be eligible for Franklin County welfare assistance in the form of $50 rent allowance and grocery sustenance.

Mrs. Boysel specified that they hoped to find a home near enough bus transportation or a business area that she might be able to find a job.

A plea was printed in the Rural-Urban News for clothing for the family and many generous calls and contributions were received.

Mrs. Boysel feels that the clothing problem has been wonderfully taken care of and only hopes now that they might find a place to live. Anyone who has any housing to offer this family may call Mrs. Boysel at TR. 8-[illegible].

Touring the center are Twig members, left to right, Mrs. Pat Montenaro, 673 Roah-rd; Mrs. Harry Kreutzer, Jr., 2686 S. High-st, and Mrs. Kenneth Campbell, 392 Yarmouth-ln. STAFF Photos

More than 2500 women, all members of the 122 Twigs of Children's Hospital, will cooperate to stage the biggest benefit bazaar of them all on Nov. 19. The annual Christmas event will be held in the Neil House, 10 a. m. to 8 p.m., with all proceeds going to Children's Hospital.

Thousands of hand made items suitable for Christmas gift-giving, Christmas decorations, antiques, home baked goods and candies have been prepared by the women in anticipation of the annual affair.

The bazaar, biggest money-making project of the year, is the one event in which all Twigs participate. In addition, individual Twigs sponsor benefit projects of their own throughout the year.

Proceeds from all affairs are given to the hospital. The women do not specify the manner in which the money is to be used, but request the hospital to administer the funds in the way which will most benefit the children.

For Your Thoughts

Question: What is your favorite TV program?

Mrs. M. O. Parker, 825 Binns-blvd: "I never miss 'You Bet Your Life' and I also enjoy the stories like "Twentieth Century Fox Hour' and the Westinghouse shows. I'm alone in the evenings quite a lot and find these stories a pleasant way to spend an evening. I think they're better than a good movie."

Mrs. Dennis Carlyle, 500 Prospect-st: "I always watch 'Search for Tomorrow' and also I like 'I Love Lucy' because of the comedy. Another program I like is 'Ladies' Home Theater.' I watch TV mostly in the evenings."

Mrs. Angelina Bennett, 3552 Vanderburg-rd, "I guess 'I Love Lucy' because there's a little comedy now and then. Also I enjoy 'Cheyenne' because I like good westerns. Another show I like is 'Conflict'."

Mrs. Darline Crockett, 2731 Carol-st: "I watch Perry Como because I like to hear him sing and I like the way he handles his programs. Also I enjoy Arthur Godfrey because I like to hear the talent on his program.

Mrs. Ralph Elliott, 295 S. Warren-av: "My favorite is 'December Bride' because they play their parts so convincingly and it's just fun to watch. Personally, I like wrestling, too, but they don't have to on TV enough to suit me. I guess I enjoy that because it's a contest."

Mrs. Kathleen Deens, 2879 Sullivant-av: "Our favorite is Lawrence Welk because we like his different styles of music and his talent. I also enjoy Arthur Godfrey's show, again because I like talent shows. My other favorite is Perry Como's show."

MENTAL ILLNESS

R. Dorsey Watkins, United States district judge: "Mental illness represents the greatest single problem in the health picture of this country today."

Temperance Director To Speak At Hoge

Major Clayton M. Wallace

Maj. Clayton M. Wallace, executive director of the National Temperance League, Inc., will speak at Hoge Memorial Presbyterian Church Nov. 18, 8 p.m.

Sponsored by the Hilltop Ministerial Association, the meeting is designed to acquaint people with the economic and social problems created by liquor. Latest statistics by the Yale School of Alcoholic Studies indicates there are more than 4,000,000 chronic alcoholics in the United States. This, added to broken homes, juvenile delinquency and crime, costs American taxpayers billions of dollars.

A former member of the New Hampshire Legislature, Maj. Wallace's present role is to keep national legislators and congressional committees informed of dry trends and convictions. Nearly one half of his duties are outside of his Washington, D.C., office.

Maj. Wallace is a staunch advocate of legislation to curb advertising of alcoholic beverages on radio, television and in publications. A special invitation is extended to youth groups in the Hilltop community.

MAKE YOUR DECISION NOW!
ASK YOUR PASTOR
He'll tell you it's wise to plan your family burial estate NOW!

Because people turn to him in time of sorrow, he knows so well that is no time for the bereaved to have to hurriedly select a cemetery lot.

He'll tell you, "The selection of a family burial estate is a family matter that should be agreed on by all after due consideration has been given the subject." The time to do it is now, when weather and other conditions are favorable.

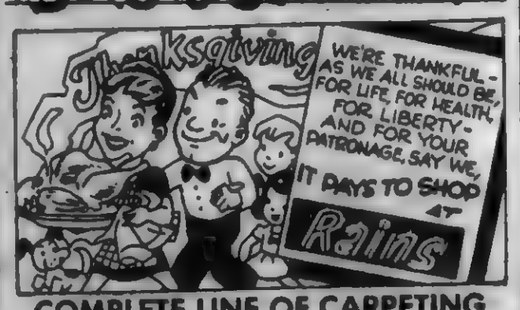
Heights Ends First Season In Fine Style



The neophyte gridders of Franklin Heights withstood their final football initiation Friday night by playing a fine game against Grove City despite losing the encounter 26-0. Heights' record for the season stands at three wins and four losses.

Franklin mentor Tom Elliott singled out Bob Pearce and Rex Lamb as playing "terrific defense." The Black and Gold coach also had praises for his entire offensive backfield that included Pearse, Doug Cox, Jack Leffel and Gaylord Hicks.

"This was by far our best game of the season," Elliott stated after the game. "The whole team played excellent ball. I think I can say that we had a successful season considering that this is our first year."

Grove City gained the winning margin by scoring once in the first two periods and twice in the final stanza. Although the Greyhounds controlled the game from the beginning, the Heights footballers fought hard the entire route.

OPEN MON. AND THURS. EVENINGS UNTIL 9

THE 50TH ANNUAL CHRISTMAS SEAL SALE to fight TB opens on Thursday, Nov. 15. Karen Kline, 16, North High School student, pictured here in her bed at Benjamin Franklin (TB) Hospital, has been chosen official Christmas Seal Girl for the Franklin County campaign. Karen recently discovered her illness through a free chest check on the Christmas Seal X-ray Cruiser. She is the daughter of Mr. and Mrs. Kenneth S. Kline, 170 Oakland-pk. Mr. Kline is assistant research director of the Columbus Chamber of Commerce. Christmas Seal money was in action on the Hilltop when the TB Society's X-ray cruiser made six stops plus a visit to Great Western Shopping Center and West High School.

Hunting Season In Full Swing

Good hunters usually have their favorite spots. Many have picked our classified ad section as their "hunting ground." An advertisement in this paper for a part time janitor to work at a new church received many applications. Fix your sights on quick results by calling BR. 9-0444 and placing an ad.

Hilltop Has Two Presidents

PRESIDENTIAL ELECTIONS SEEM TO BE THE VOGUE this year and Hilltop added two presidential victors to her credit when Dick Glass was elected president of Columbus Senior Hi-Y Council and Michael Kagay became president of Columbus Junior Hi-Y Council. The city-wide councils co-ordinate the city Y programs with service projects and special events. A third Hilltop Boy, Jon Kelly, was named chaplain of the Junior Hi-Y Council. Dick is the son of Mr. and Mrs. R. C. Glass, 172 Guernsey-av and Mike's parents are Mr. and Mrs. Ralph H. Kagay, 65 N. Roys-av.

Youth Group Dance Proceeds Support Korean War Orphan

Decking the hall for their benefit dance, planned for Saturday night, are members of St. John's Episcopal Youth Group. Hank Meere, lay reader, looks on, above, as Judy Jewell, 182 Dana-av, left, and Megan Scales, 39 N. Hague-av, prepare for the affair. —STAFF Photo

Chai Jai-Kyu, five-year-old Korean war orphan, will benefit from profits of the dance sponsored by members of the youth group of St. John's Episcopal Church at 1003 W. Town-st. on Nov. 17, 7:30 to 11 p. m.

The group has "adopted" the child, and pays $10 a month towards his support in the Shi On Orphanage in Chung-chong-namdo province, Korea. Members earn the money from such projects as the Saturday night dance.

"Hernando's Hideaway" is the theme of the dance and the evening's program will include a floor show during intermission staged by members of the group. Admission will be 35 cents.

Glenwood Gals, Chop, Grind To Make Choice Mincemeat

In an era when everything from waffles to whipping cream can be purchased in either the packaged or frozen state, most of grandma's favorite recipes are shelved along with the old albums and antiques.

However, about 40 women of the Glenwood Methodist Church CIC class, are boiling huge kettles of meat, chopping bushels of apples and mixing king-sized quantities of ingredients to prove that today's mincemeat "just ain't what it used to be!"

The project originated more than 20 years ago in a church circle but was later taken over by the ladies in the CIC class. Until last year, one batch was made annually which yielded about 288 quarts. However, the product must increase with demand, so last year the women increased their mincemeat quota to a batch and one-half, or more than 360 quarts.

Recipe "Secret"

Although the recipe is "top secret" in the class files, the mincemeat experts allowed a few proportions to escape. Probably the largest investment in the project was 75 pounds of meat which was boiled, ground and mixed with suet.

Twelve bushels of apples were chopped for the enterprise and 15 gallons of cider boiled down to perfect consistency. Scores of seeded and seedless raisins were added, "more than we'd like to count, anyway," interjected one of the ladies.

Cloves, cinnamon, nutmeg, salt, brown and white sugar were added in sizable amounts, quite unlike the dash, pinch and partial teaspoon measures associated with seasonings.

Finally, proper ingredients were poured into a large tub, mixed, packaged, and ready for delivery or pick up at 85c per quart. Orders for 360 quarts have already been taken so the ladies won't have to contend with "left-over" mincemeat problems.

Proceeds have always been used for philanthropic work, according to the class president, Mrs. Marie Peterson, 937 Binns-blvd. Project chairman is Mrs. Hazel Baker, 2415 Farley-rd.

THANKSGIVING

A Prayer From The President, The Governor And The Mayor

America is a nation where a high school newspaper is often regarded by men in high places as being just as significant as a big city daily. Some West High School students learned that this week. Bill Botkin, editor-in-chief of West's newspaper, "The Occident," assigned Annette Bates, a junior class reporter, to request a Thanksgiving Prayer from each of three prominent individuals . . . President Dwight D. Eisenhower, Governor Frank J. Lausche and Mayor M. E. Sensenbrenner. These are their responses:

THANK YOU DEAR GOD
By President Eisenhower

"With the completion of the cycle of winter and summer, seedtime and harvest we come to the traditional time of thanksgiving, when our minds and hearts turn to Almighty God in grateful acknowledgement of His mercies throughout the year.

Let us be grateful that the foundations of freedom in our Nation grow stronger with each passing year, giving hope to fettered peoples that they may walk as free men unafraid; that the yield of our soil and the production of our factories have been abundant, enriching our lives and enabling us to share our bounty with less fortunate ones in other lands; and that the forces of nature are being harnessed for peaceful purposes, bringing limitless possibilities of comfort and happiness both to ourselves and to future generations.

"It is also fitting at this season that we should consider God's providence to us throughout our entire history. Let us remember the Pilgr... pression, landed ... carve out what bec... destiny to love ar... and their idealism ... made and preserve...

Hilltop Has Two Presidents

PRESIDENTIAL ELECTIONS SEEM TO BE THE VOGUE this year and Hilltop added two presidential victors to her credit when Dick Glass was elected president of Columbus Senior Hi-Y Council and Michael Kagay became president of Columbus Junior Hi-Y Council. The city-wide councils co-ordinate the city Y programs with service projects and special events. A third Hilltop Boy, Jon Kelly, was named chaplain of the Junior Hi-Y Council. Dick is the son of Mr. and Mrs. R. C. Glass, 172 Guernsey-av and Mike's parents are Mr. and Mrs. Ralph H. Kagay, 63 N. Roys-av.

Glenwood Gals, Chop, Grind To Make Choice Mincemeat

In an era when everything from waffles to whipping cream can be purchased in either the packaged or frozen state, most of grandma's favorite recipes are shelved along with the old albums and antiques.

However, about 40 women of the Glenwood Methodist Church CIC class, are boiling huge kettles of meat, chopping bushels of apples and mixing king-sized quantities of ingredients to prove that today's mincemeat "just ain't what it used to be!"

The project originated more than 20 years ago in a church circle but was later taken over by the ladies in the CIC class. Until last year, one batch was made annually which yielded about 285 quarts. However, the product must increase with demand, so last year the women increased their mincemeat quota to a batch and one-half, or more than 360 quarts.

Recipe "Secret"

Although the recipe is "top secret" in the class files, the mincemeat experts allowed a few proportions to escape. Probably the largest investment in the project was 75 pounds of meat which was boiled, ground and mixed with suet.

Twelve bushels of apples were chopped for the enterprise and 15 gallons of cider boiled down to perfect consistency. Scores of seeded and seedless raisins were added, "more than we'd like to count, anyway," interjected one of the ladies.

Cloves, cinnamon, nutmeg, salt, brown and white sugar were added in sizable amounts, quite unlike the dash, pinch and partial teaspoon measures associated with seasonings.

Finally, proper ingredients were poured into a large tub, mixed, packaged, and ready for delivery or pick up at 85c per quart. Orders for 360 quarts have already been taken so the ladies won't have to contend with "left-over" mincemeat problems.

Proceeds have always been used for philanthropic work, according to the class president, Mrs. Marie Peterson, 837 Binns-blvd. Project chairman is Mrs. Hazel Baker, 2416 Farley-rd.

Electric Mixers To Be Awarded By Restaurant

Six people who stop in at Joe & Lem's Restaurant, formerly Aikin's, are going to be made mighty happy during the holidays. A total of six electric mixers will be given away by the restaurant—a Dormeyer portable mixer each week during the next five weeks, and a Silver Chef Dormeyer mixer the final week before Christmas.

Just stop in and see how easy it is to qualify, the proprietors suggest.

FATHER

A small girl whose father is a judge would often say she was Judge Brown's daughter when someone asked her name. Her mother thinking this might sound snobbish, told her not to make that sort of reply, but simply to say that she was Dorothy Brown.

Later someone asked her if she was Judge Brown's daughter. She replied, "Well, I thought I was, but mather says not."

THE REASON

While awaiting my order in a little tea garden in England, I noticed that the ash tray on the table had about half an inch of water in the bottom. This struck me as a good idea for extinguishing cigarets, and when the waitress returned, I commented on the fact.

"Yes," she said with a twinkle "and it also discourages people from slipping them into their pockets as souvenirs."

NOT NOW

The customer was ordering a new suit. His tailor, however told him it would not be ready for six months.

"Six months!" cried the customer. "Why, the whole world was created in six days."

"True," said the tailor. "But have you taken a good look at it lately?"

THANKSGIVING

A Prayer From The President, The Governor And The Mayor

America is a nation where a high school newspaper is often regarded by men in high places as being just as significant as a big city daily. Some West High School students learned that this week. Bill Botkin, editor-in-chief of West's newspaper, "The Occident," assigned Annette Bates, a junior class reporter, to request a Thanksgiving Prayer from each of three prominent individuals . . . President Dwight D. Eisenhower, Governor Frank J. Lausche and Mayor M. E. Sensenbrenner. These are their responses:

THANK YOU DEAR GOD
By President Eisenhower

"With the completion of the cycle of winter and summer, seedtime and harvest we come to the traditional time of thanksgiving, when our minds and hearts turn to Almighty God in grateful acknowledgement of His mercies throughout the year.

Let us be grateful that the foundations of freedom in our Nation grow stronger with each passing year, giving hope to fettered peoples that they may walk as free men unafraid; that the yield of our soil and the production of our factories have been abundant, enriching our lives and enabling us to share our bounty with less fortunate ones in other lands; and that the forces of nature are being harnessed for peaceful purposes, bringing limitless possibilities of comfort and happiness both to ourselves and to future generations.

Two rival actresses were discussing the many roles they had played.

"Since I've been on the screen," one remarked, "I've had to change the color of my hair eight times to fit my various parts. But I've finally put my foot down at the studio. Hereafter they can cast me as a brunette or not at all."

"I know just what you mean," purred the other. "If I were your species I'd try to avoid dyeing the ninth time, too."

Smith's symptoms were alarming enough to take him to a doctor for a checkup.

"What does the report show, Doc?"

"According to this analysis," answered the medico, "there is every indication that a small percentage of blood is getting into your alcohol system."

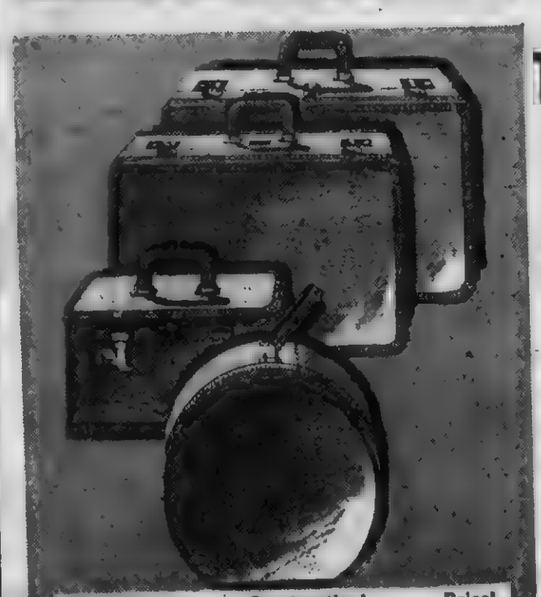
Christmas Hazards

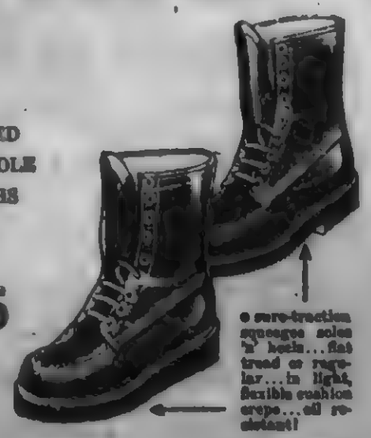
Each year we read or hear of a family that has had their holiday season marred by a Christmas tragedy.

Little careless acts—that seem so unimportant at the [illegible] the cause of death or some accident which mars the spirit of joy that should accompany the holiday.

Tragedies—especially at Christmas — are needless, so take a moment to think about the dangers that may be present in your home

Christmas trees cause many fires, so choose your tree wisely Don't buy a larger tree than your family needs, and be sure it isn't dried out.





The many and varied assortment of lights now being used to decorate Christmas trees can, if not properly handled, cause an electrical fire.

Be sure you use only electric lighting sets that have been properly approved.

Christmas time has a lot of "do it yourself" tasks about the house. Watch out for frayed wires, loose connections and broken sockets on Christmas tree lights.

Don't plug too many cords into one outlet.

If you leave the house, be sure all tree lights are turned off.

THANKSGIVING

A Prayer From The President, The Governor And The Mayor

America is a nation where a high school newspaper is often regarded by men in high places as being just as significant as a big city daily. Some West High School students learned that this week. Bill Botkin, editor-in-chief of West's newspaper, "The Occident," assigned Annette Bates, a junior class reporter, to request a Thanksgiving Prayer from each of three prominent individuals . . . President Dwight D. Eisenhower, Governor Frank J. Lausche and Mayor M. E. Sensenbrenner. These are their responses:

THANK YOU DEAR GOD
By President Eisenhower

"With the completion of the cycle of winter and summer, seedtime and harvest we come to the traditional time of thanksgiving, when our minds and hearts turn to Almighty God in grateful acknowledgement of His mercies throughout the year.

Let us be grateful that the foundations of freedom in our Nation grow stronger with each passing year, giving hope to fettered peoples that they may walk as free men unafraid; that the yield of our soil and the production of our factories have been abundant, enriching our lives and enabling us to share our bounty with less fortunate ones in other lands; and that the forces of nature are being harnessed for peaceful purposes, bringing limitless possibilities of comfort and happiness both to ourselves and to future generations.

"It is also fitting at this season that we should consider God's providence to us throughout our entire history. Let us remember the Pilgrim[s] . . . pression, landed [on] . . . carve out what beca[me] . . . destiny to love an[d] . . . and their idealism . . . made and preserve[d] . . .

Glenwood Gals, Chop, Grind To Make Choice Mincemeat

In an era when everything from waffles to whipping cream can be purchased in either the packaged or frozen state, most of grandma's favorite recipes are shelved along with the old albums and antiques.

However, about 40 women of the Glenwood Methodist Church CIC class, are boiling huge kettles of meat, chopping bushels of apples and mixing king-sized quantities of ingredients to prove that today's mincemeat "just ain't what it used to be!"

The project originated more than 20 years ago in a church circle but was later taken over by the ladies in the CIC class. Until last year, one batch was made annually which yielded about 285 quarts. However, the product must increase with demand, so last year the women increased their mincemeat quota to a batch and one-half, or more than 360 quarts.

Recipe "Secret"

Although the recipe is "top secret" in the class files, the mincemeat experts allowed a few proportions to escape. Probably the largest investment in the project was 75 pounds of meat which was boiled, ground and mixed with suet.

Twelve bushels of apples were chopped for the enterprise and 15 gallons of cider boiled down to perfect consistency. Scores of seeded and seedless raisins were added, "more than we'd like to count, anyway," interjected one of the ladies.

Cloves, cinnamon, nutmeg, salt, brown and white sugar were added in sizable amounts, quite unlike the dash, pinch and partial teaspoon measures associated with seasonings.

Finally, proper ingredients were poured into a large tub, mixed, packaged, and ready for delivery or pick up at 85c per quart. Orders for 360 quarts have already been taken so the ladies won't have to contend with "left-over" mincemeat problems.

Proceeds have always been used for philanthropic work, according to the class president, Mrs. Marie Peterson, 897 Binns-blvd. Project chairman is Mrs. Hazel Baker, 2416 Farley-rd.

Leslie's Fashion at Great Western Shoppers Mart "is a store full of useful, practical gift items recently selected by a New York buyer with Hilltop consumers in mind," declares Harry Wexner, store owner.

"Our New York buyer made a special trip to Columbus just to study the needs and desires of women of the Hilltop before he began the purchase of our late fall and winter stock," Mr. Wexner added.

Shopping at Leslie's both style-wise and value-wise, he concluded, is smart business.

LOYALTY

Since little Johnny's personal horizon had been greatly extended by several months at kindergarten, his mother decided to inquire concerning his current loyalties.

"Dear," said she, "whom do you love the best?"

The youngster pondered the query soberly and then replied, "Well, I love you best, Mommie, and Daddy next best, and my teacher the least. And in between come a lot of dogs."

WHO'S BEEN CAUGHT

A reporter from a big city newspaper stopped at the office of a small rural weekly. During the conversation he asked the aged editor of the weekly, "How do you manage to keep a circulation in a town where the people know what everyone else is doing?"

The country editor grinned a little and replied, "The only reason they read the paper is to see who's been caught at it."

ALERT

Aware of the heavy penalty for sleeping on sentry duty, a recruit on early-morning relief did his best to keep his eyes open. In spite of all efforts, he blotted out standing up.

Awakened by a slight noise, he raised his eyes and saw the Officer of the Day approaching. The recruit closed her another minute with his head bowed, then lifted it slowly. Looking piously up at the sky, he murmured, "Amen."

GRANDMA'S ANSWER

Grandma was telling the family about her day in Louisville.

"I met such a pleasant young man on the train," she said. "He offered to give me the winner of the Kentucky Derby."

"And did he?" she was asked.

"Of course not, my dear," she replied. "I had to tell him that the chickens take up all the garden and we've no room for a horse."

Claiming to have "the largest selection of toys on the West Side of Columbus" is a rather big assertion, but that's the story of Rogers Toy Shop.

Hilltop Has Two Presidents

PRESIDENTIAL ELECTIONS SEEM TO BE THE VOGUE this year and Hilltop added two presidential victors to her credit when Dick Glass was elected president of Columbus Senior Hi-Y Council and Michael Kagey became president of Columbus Junior Hi-Y Council. The city-wide councils co-ordinate the city Y programs with service projects and special events. A third Hilltop Boy, Jon Kelly, was named chaplain of the Junior Hi-Y Council. Dick is the son of Mr. and Mrs. R. C. Glass, 172 Guernsey-av and Mike's parents are Mr. and Mrs. Ralph H. Kagey, 65 N. Roys-av.

Glenwood Gals, Chop, Grind To Make Choice Mincemeat

In an era when everything from waffles to whipping cream can be purchased in either the packaged or frozen state, most of grandma's favorite recipes are shelved along with the old albums and antiques.

However, about 40 women of the Glenwood Methodist Church CIC class, are boiling huge kettles of meat, chopping bushels of apples and mixing king-sized quantities of ingredients to prove that today's mincemeat "just ain't what it used to be!"

The project originated more than 20 years ago in a church circle but was later taken over by the ladies in the CIC class. Until last year, one batch was made annually which yielded about 285 quarts. However, the product must increase with demand, so last year the women increased their mincemeat quota to a batch and one-half, or more than 360 quarts.

Recipe "Secret"

Although the recipe is "top secret" in the class files, the mincemeat experts allowed a few proportions to escape. Probably the largest investment in the project was 75 pounds of meat which was boiled, ground and mixed with suet.

Twelve bushels of apples were chopped for the enterprise and 15 gallons of cider boiled down to perfect consistency. Scores of seeded and seedless raisins were added, "more than we'd like to count, anyway," interjected one of the ladies.

Cloves, cinnamon, nutmeg, salt, brown and white sugar were added in sizable amounts, quite unlike the dash, pinch and partial teaspoon measures associated with seasonings.

Finally, proper ingredients were poured into a large tub, mixed, packaged, and ready for delivery or pick up at 35c per quart. Orders for 360 quarts have already been taken so the ladies won't have to contend with "left-over" mincemeat problems.

Proceeds have always been used for philanthropic work, according to the class president, Mrs. Marie Peterson, 937 Binns-blvd. Project chairman is Mrs. Hazel Baker, 2415 Farley-rd.

THANKSGIVING

A Prayer From The President, The Governor And The Mayor

America is a nation where a high school newspaper is often regarded by men in high places as being just as significant as a big city daily. Some West High School students learned that this week. Bill Botkin, editor-in-chief of West's newspaper, "The Occident," assigned Annette Bates, a junior class reporter, to request a Thanksgiving Prayer from each of three prominent individuals . . . President Dwight D. Eisenhower, Governor Frank J. Lausche and Mayor M. E. Sensenbrenner. These are their responses:

THANK YOU DEAR GOD
By President Eisenhower

"With the completion of the cycle of winter and summer, seedtime and harvest we come to the traditional time of thanksgiving, when our minds and hearts turn to Almighty God in grateful acknowledgement of His mercies throughout the year.

Let us be grateful that the foundations of freedom in our Nation grow stronger with each passing year, giving hope to fettered peoples that they may walk as free men unafraid; that the yield of our soil and the production of our factories have been abundant, enriching our lives and enabling us to share our bounty with less fortunate ones in other lands; and that the forces of nature are being harnessed for peaceful purposes, bringing limitless possibilities of comfort and happiness both to ourselves and to future generations.

"It is also fitting at this season that we should consider God's providence to us throughout our entire history. Let us remember the Pilgrim Fa[thers] pression, landed c[on] carve out what bec[ame] destiny to love an[d] and their idealism [was] made and preserv[ed]

THANKSGIVING

..A Prayer From The President, The Governor And The Mayor

America is a nation where a high school newspaper is often regarded by men in high places as being just as significant as a big city daily. Some West High School students learned that this week. Bill Botkin, editor-in-chief of West's newspaper, "The Occident," assigned Annette Bates, a junior class reporter, to request a Thanksgiving Prayer from each of three prominent individuals ... President Dwight D. Eisenhower, Governor Frank J. Lausche and Mayor M. E. Sensenbrenner. These are their responses:

"With the completion of the cycle of winter and summer, seedtime and harvest we come to the traditional time of thanksgiving, when our minds and hearts turn to Almighty God in grateful acknowledgement of His mercies throughout the year.

You're 'Stuck' If You Stop At Pet First, Is Warning Of Manager

"If you have other 'must' shopping to do, you'd better come to our store last."

Rather unusual advice coming from the manager of one of the newest stores at Great Western Shoppers Mart, isn't it?

But W. B. Prince, manager of the Great Western Pet Shop and Aquarium at 173 Wilson-rd, has some pretty shrewd reasoning behind that statement.

Fact is, if you come to the Pet Shop first, you won't be able to tear yourself away from watching the antics of the hamsters, tropical fish, parrots, parakeets, canaries, and other small animals that the store has in such astonishing variety.

If you've a pet owner or want to own a fine pet, however, the Pet Store will be number one on your list. Anything the pet owner could wish for is on its shelves. All sorts of special foods, feeding equipment, cages, aquariums, clipping and manicuring equipment, collars, pet medicines, special pet diets and novelty treats for your pet are included in this intriguing ...

The famous "Hendryx" cages are available in a wide range of sizes for your bird. Pet-owners, too, will appreciate the large number of books and manuals on individual pet care on hand.

Glenwood Gals, Chop, Grind To Make Choice Mincemeat

In an era when everything from waffles to whipping cream can be purchased in either the packaged or frozen state, most of grandma's favorite recipes are shelved along with the old albums and antiques.

However, about 40 women of the Glenwood Methodist Church CIC class, are boiling huge kettles of meat, chopping bushels of apples and mixing king-sized quantities of ingredients to prove that today's mincemeat "just ain't what it used to be!"

The project originated more than 20 years ago in a church circle but was later taken over by the ladies in the CIC class. Until last year, one batch was made annually which yielded about 285 quarts. However, the product must increase with demand, so last year the women increased their mincemeat quota to a batch and one-half, or more than 380 quarts.

Recipe "Secret"

Although the recipe is "top secret" in the class files, the mincemeat experts allowed a few proportions to escape. Probably the ject was 75 pounds of meat which was boiled, ground and mixed with suet.

Twelve bushels of apples were chopped for the enterprise and 15 gallons of cider boiled down to perfect consistency. Scores of seeded and seedless raisins were added, "more than we'd like to count, anyway," interjected one of the ladies.

Cloves, cinnamon, nutmeg, salt, brown and white sugar were added in sizable amounts, quite unlike the dash, pinch and partial teaspoon measures associated with seasonings.

Finally, proper ingredients were poured into a large tub, mixed, packaged, and ready for delivery or pick up at 85c per quart. Orders for 360 quarts have already been taken so the ladies won't have to contend with "left-over" mincemeat problems.

Proceeds have always been used for philanthropic work, according to the class president, Mrs. Marie Peterson, 697 Binns-blvd. Project chairman is Mrs. Hazel Baker, 2416 Farley-rd.

Penney's Great Western One Of Newest In 54-Year-Old Chain

The J. C. Penney Store at Great Western Shoppers Mart offers you 54 years of proven quality in an ultra-modern setting, declares L. B. Swinford, store manager.

Penney's-founded on the Golden Rule policy, has built its nationwide reputation on a huge variety of first line merchandise, with no seconds of any merchandise sold in stores bearing that proud name.

Described as "the complete department store with a line of merchandise to fit all clothing and other needs of the family" by Mr. Swinford, Penney's is currently featuring a gigantic Christmas Toyland, stocked with a collection of toys fully as large as those in the downtown stores.

One and one-third acres of unsurpassed dollar values is another descriptive phrase aptly applied to Penney's at Great Western. Despite its huge size, shopping at Penney's is a pleasure thanks to the care taken in customer convenience-planning of this still gleaming-new store.

Parents with toddlers or babes-in-arms will appreciate the extra courtesy extended by the management in furnishing strollers for use in the store.

Penney's convenient layaway plan is used by millions across the nation. Small, budget-shed payments in coming weks on major Christmas gifts will make it certain that your packages will be the most prized of all under the tree.

Proper Tree Cuttings Help Forests Grow

Cutting an evergreen for a Christmas tree is not a harmful practice, so don't feel guilty about it. Even the trees that are sold in market places were "harvested" as a crop to give living room to regular plantings.

Christmas trees are grown on poorer forest soils and wet bog areas where evergreens grow far too slowly to produce a lumber or pulpwood crop — thus Christmas trees are the only profitable harvest that can come off that land.

Some trees do come from top lumber areas, but these are "thinnings." In growing trees as a crop it is often necessary to thin out the smaller trees so others will have room to live and grow.

Thus it is that the "thinnings" serve a number of uses: they bring Christmas joy into the home; provide income for the forester; and serve as "life insurance" for upcoming timber crops.

Most Children Want Simpler Type of Gifts

An early report from Santa reassures the fact that our younger generation isn't too much taxed by this electronic world in which we live today.

Although some precocious youngsters ask for the outlandish in toys when they write to Santa, the majority still request the old standbys—such things as red wagons, tricycles, balls and gloves for the boys and dolls and such for the girls.

It is indeed reassuring in this modern age to know that children still find security and happiness in the simpler things of life, the things that pleased us most when we were children ourselves.

Teacher: If a farmer had 20 sheep in a field and three of them got out, how many would be left?

Boy: None.

Teacher: That's wrong; 3 from 20 is 17.

Boy: You may know arithmetic but you don't know sheep!

Especially noteworthy to the Christmas shopper is Crosby's unexcelled stock of house slippers and specialty shoes from dancing slippers to ice and roller skate shoes. A gratifying selection of stockings and foot needs is also a boon to the discriminating gift shopper.

Hilltop Has Two Presidents

PRESIDENTIAL ELECTIONS SEEM TO BE THE VOGUE this year and Hilltop added two presidential victors to her credit when Dick Glass was elected president of Columbus Senior Hi-Y Council and Michael Kagay became president of Columbus Junior Hi-Y Council. The city-wide councils co-ordinate the city Y programs with service projects and special events. A third Hilltop Boy, Jon Kelly, was named chaplain of the Junior Hi-Y Council. Dick is the son of Mr. and Mrs. R. C. Glass, 172 Guernsey-av and Mike's parents are Mr. and Mrs. Ralph H. Kagay, 65 N. Roys-av.

Glenwood Gals, Chop, Grind To Make Choice Mincemeat

In an era when everything from waffles to whipping cream can be purchased in either the packaged or frozen state, most of grandma's favorite recipes are shelved along with the old albums and antiques.

However, about 40 women of the Glenwood Methodist Church CIC class, are boiling huge kettles of meat, chopping bushels of apples and mixing king-sized quantities of ingredients to prove that today's mincemeat "just ain't what it used to be!"

The project originated more than 20 years ago in a church circle but was later taken over by the ladies in the CIC class. Until last year, one batch was made annually which yielded about 225 quarts. However, the product must increase with demand, so last year the women increased their mincemeat quota to a batch and one-half, or more than 360 quarts.

Recipe "Secret"

Although the recipe is "top secret" in the class files, the mincemeat experts allowed a few proportions to escape. Probably the project was 75 pounds of meat which was boiled, ground and mixed with suet.

Twelve bushels of apples were chopped for the enterprise and 15 gallons of cider boiled down to perfect consistency. Scores of seeded and seedless raisins were added, "more than we'd like to count, anyway," interjected one of the ladies.

Cloves, cinnamon, nutmeg, salt, brown and white sugar were added in sizable amounts, quite unlike the dash, pinch and partial teaspoon measures associated with seasonings.

Finally, proper ingredients were poured into a large tub, mixed, packaged, and ready for delivery or pick up at 85c per quart. Orders for 360 quarts have already been taken so the ladies won't have to contend with "left-over" mincemeat problems.

Proceeds have always been used for philanthropic work, according to the class president, Mrs. Marie Peterson, 927 Binns-blvd. Project chairman is Mrs. Hazel Baker, 2415 Farley-rd.

IN FASHION NOW

There is always something corny about the woman who is always dressed in the very "latest" color, cut of garment, or jewelry. These women are going to be stylish if it kills them!

The art we should all try to develop is the ability of taking clothes and accessories and making them look like they were designed just for us. Most successful fashion models have this ability. The outstanding women of fashion all over the world have this asset.

It is, happily, something that can be learned, not something you are born with. First, we are told that it is necessary to study yourself to find out just the type person you are and the impression you give other people. If you are not satisfied with your findings—who is?—you can do a great deal of improving. The secret is to bring out the attractive side of your personality and subdue the less attractive. This same rule must carry through to your choice of clothes.

The colors that do the most for you will be more becoming no matter what color the fashion magazines say will be "the color" of the season. Blue is usually the most becoming color for a person with light or dark blue eyes. Gray eyes can be made more dramatic by wearing such colors as purple, green and yellow.

In the past it was thought that a red-haired girl should steer clear of all shades of pink. Now we no longer think this. The red-haired girl can be stunning in a rather strong shade of pink. Too light a shade will tend to make her seem washed out.

The cosmetic companies come out each change of season with a new color of makeup. Don't indulge unless you find it pleasing. There are too many lovely colors in all kinds of makeup to choose from to slavishly follow the "latest color."

Colored stockings have been played up as quite important this fall. Even if you have the legs of Betty Grable, it is doubtful that your legs will look as pretty in dark blue, green or yellow stockings as they will in a pair of skin-tone hose. Decorated hose will come in for a lot of attention. These find favor with young ladies with some lovely feature of calf or ankle on which they wish to focus attention.

If you are a large woman, with a large face, you will love the new giant-sized earrings. They are made of materials that are light as air or have little tricks that fit into the ear to help support the weight and are most comfortable.

DARKNESS HIDES DANGER!

Darkness hides danger! That's the reason traffic accidents increase during fall and winter's shorter days and longer nights. At sundown, long shadows and fading light make it increasingly difficult for drivers to spot traffic hazards and stop in time. Pedestrians are harder to see, especially if they're wearing dark clothing. Other cars seem to melt into the gloom when the drivers neglect to turn on their headlights. Kids on bicycles seem almost invisible unless they have lights or reflectors. These are some of the reasons the Safety Council of The Columbus Chamber of Commerce offers a word to wise drivers. Don't try to maintain that speedy summertime schedule. Remember to let road conditions govern your speed. As twilight sets in, ease up on the gas and turn on your headlights. You may not need the lights for the road yet, but it's good to let other drivers know you're there. Besides, with your lights on, you might be able to spot a pedestrian, or bicycle, in plenty of time. Remember darkness hides danger.

SMART FIANCE

"I hope," said the girl's father impressively, "you realize that when you marry my daughter you will be getting a very big-hearted and generous girl."

"O, I do sir," responded the fiance fervently, "and I trust she has inherited those fine qualities from her father."

ELIXIR OF DEATH

Ozark Zeke entered the village drugstore and said, "I've heard a lot about them wonder drugs. Can you give me something that will keep me from growing any older?"

"Sure thing," replied the druggist, "Do you prefer arsenic or rat poison?"

"It is also fitting at this season that we should consider God's providence to us throughout our entire history. Let us remember the Pilgrim Fathers who, fleeing from religious oppression, landed on a bleak, forbidding short and began to carve out what became this great Republic which it is our happy destiny to love and serve. For their foresight, their courage, and their idealism let us give thanks to the Power which has made and preserved us a nation.

"Humbly aware that we are a people greatly blessed, both materially and spiritually, let us pray this year not only in the in the spirit of Thanksgiving but also as suppliants for God's guidance, to the end that we may follow the course of His righteousness and be worthy of His favor."

(This is an excerpt from PRESIDENT DWIGHT D. EISENHOWER'S Thanksgiving Proclamation. It was sent from the office of Herbert Hoover Jr., Under Secretary of State.

A PRAYER OF THANKS
By Gov. Frank J. Lausche

"Almighty God, unto Whom we render our grateful thanks as Author and Creator of all the blessings and bounteous plenty which we, as individuals, and as a nation, have enjoyed during the past year. We would humbly pray that Thou wilt use us as beneficient agents to spread the rich gifts of Thy Divine Providence to those who are in need and distress at this glad time of Thanksgiving.

"Help us to always keep in mind that we are just humble stewards of the material wealth with which our land is enriched; may we continue as Thy sons and daughters to love and understand those of other races and nations, and in this unity of love and understanding create the bonds of world peace and good will.

Our Father, in the midst of material wealth and prosperity may we remain faithful to the spiritual foundations which have made our nation strong. Guide our leaders in governmental in days of tension and peril with Thy Right Hand, and serve as a pillar of fire by night and a cloud by day to all Thy people. Gird our present generation with strength and wisdom, and give unto our youth the dreams and ideals by which Thy Kingdom may come into the world-community.

"All of these things we pray in the name of Jesus Christ, Thy Son, and Our Lord. Amen."

Dear God:
By Mayor M. E. Sensenbrenner

"We have so much for which we can be thankful. We thank Thee for our country and all its Freedom—where we can worship Thee without fear.

"We thank Thee for the heritage that is ours and the sacrifices it cost our forefathers. We thank Thee for Christian parents—for food—clothing and good houses.

"We thank Thee for our schools and colleges—hospitals and sanitariums—chapels and churches. We thank Thee for health and the opportunity to save—to be a part in helping to do our share—to make your world a better place to live for all people—regardless of their nationality or the color of their skin.

"We thank Thee for friends—because without them we would be most miserable. We thank Thee for laughter and good fellowship—for this wonderful universe so full of Thy numberless blessings—and we thank Thee for Life—here now and in the future—if we play the game square.

"Happy Thanksgiving, God—we love you and thanks for Thy patience and understanding."

Major, Columbus, Ohio

Time For That Bird Again

Old man turkey is about to get it in the neck . . . in time for the big Thanksgiving feast. Trying to entice the old boy over to the chopping block is Gary, young son of Mr. and Mrs. George Milligan who operate one of the largest turkey farms in Central Ohio out at 2940 Hoeverrd. Milligan has a flock of 10,000 birds that have been fast grown and flavor fed. He kills daily in a very modern dressing plant. This is the eighth year for Milligan in the turkey business. A number of local restaurants in this area serve his turkeys.

300 Men Will Sell Papers For Kiwanis Club Dec. 5

Further steps toward a record breaking Hilltop Kiwanis newspaper sale on Dec. 5 were taken this week with the announcement that 300 men will be selling papers on the streets of this community on that evening.

In the past a top number of salesmen has been about 250 and some homes have been missed. This year an effort is being made by Elmer Hegenberger, chairman of the distribution committee, to see that a newspaper goes into every home.

Residents of the area will be asked to have their porch lights on that evening and to have a contribution ready.

Proceeds of the sale go to sponsor numerous youth projects on the Hilltop, including scholarships, baseball and camp programs, trips for youngsters, clothes and other essentials for needy children.

This year a major portion of the profits of the sale will be earmarked as a contribution to the Hilltop YMCA building fund. Present plans of the Hilltop Y Board are to start construction of a portion of the building next summer. Persons who are interested in seeing the new Y building become a reality are asked to be especially generous in the price they pay for their Kiwanis newspaper.

Team captains of the distribution committee are as follows: James Miles, Dr. R. J. Miller, Willis Siyh, Roy Von Ins, Gene Wolfe, H. G. Deems, W. Haydn Jones, Dr. T. S. Fox and Franklin Sparks.

Alice is the daughter of Mrs. Alice Reed Scales, 39 N Hague-av, and Joy is the granddaughter of Mr. and Mrs. Francis Sullivan, 69 N. Hague-av.

'Twon't Be Long! Gift Guide Will Be Your Helper

Christmas is still a little farther than "just around the corner" but many foresighted shoppers have already started their Christmas buying. Early shoppers are the ones who have fun buying and wrapping colorful packages and still have time to enjoy the decorating, cooking, card - writing and Christmas festivities that can't be accomplished early.

A Christmas gift guide section will begin today on the classified ad pages of this newspaper. New and more ads will appear in the gift guide section from issue to issue and the guide will attempt to give you gift suggestions for the whole family. And perhaps it will convince some of those late Christmas "rushers" that "Christmas can be more fun when Christmas shopping's all done!"

Jackpot Is Worth $35 Now

With Thanksgiving upon us and Christmas just around a couple corners, the holiday buying season is really underway. An unexpected $35 would be a big help to any budget.

One copy of today's Hilltop Record, containing the big jackpot insignia is worth $35 in "Confederate" currency to the subscriber who finds it. Ten other copies of this week's issue contain $1 insignia, each.

Newspapers with insignia may be redeemed at the Record office before Saturday noon.

Any subscriber, with the exception of employes, carriers or their families, is eligible to collect "Confederate" money.

Any advertiser, whose ad appears in this week's Record, will accept "Confederate" bills at face value for any merchandise in his store.

Accidents On Mound St.

A number of accidents are resulting almost every week as people drive onto that street without stopping.

Mound street is a through street.

It would be well to remember . . . STOP . . . before you drive onto Mound Street.

Pre-Feast Notes: This should be a very nice Thanksgiving for Mose Williams who was due to return from Mt. Carmel Hospital on Wednesday after undergoing surgery a week ago Monday . . . Now all he has to do is relax and call people for that big Hilltop Kiwanis newspaper auction set for Dec. 5 at noon at Lincoln Lodge . . . Kenneth Johnston who was defeated in the recent election says that it all reminds him of the famous remark by Will Rogers: "The way to keep out of politics is to be a Democrat" . . . That HBA employee-employer dinner at Westinghouse last week was the best yet . . . Mr. and Mrs. Jack Kirwin are parents of the new Thomas Gregory Kirwin who arrived at University Hospital on Nov. 11 . . . C. W. Vance in for a nice visit while up from Ft. Lauderdale and he reports they have had 335 visitors from north of the Ohio River. . . . Robert Cassell, Pete Block and Roy Boyd are new Hilltop Kiwanians.

Each car blocks approximately 20 feet of gutter which the sweeper cannot reach, he said.

Prowler Takes Peek At Chubby's

Some unidentified individual couldn't wait for Thanksgiving it seems and decided to take a personal peek at the groceries in a Hilltop market Tuesday night.

Shortly after opening his market at 2445 W. Broad-st early Wednesday, Chubby Distelhorst spied a broken window and cut screen in the restroom.

In a hurried check of his stock Chubby could find nothing of importance missing. He believed his cigarette display may have been tampered with, however.

Scouts Look Forward To Fourth National Jamboree

Scouts of the Hilltop are already laying plans to attend the Fourth National Jamboree of the Boy Scouts of America to be held at historic Valley Forge, Pennsylvania next July 12 to 18. And plans are being made among the Scouts all over America to be a part of this huge gathering for a week of thrilling adventure where Washington camped with his little army during the trying days of the Revolutionary War.

A 1,500-acre tent city will rise to accommodate 50,000 Boy Scouts, Explorers, and adult leaders from every part of the nation, in addition to some representative Scouts from other lands. This week of living together will be high adventure for boys at its best. Campers will be Scouts from all walks of life, all races and creeds, bound together and governed by their Scout Oath and Law. Here the campers will exchange skills, swap home town products and learn about the customs and traditions of many sections of the nation and the world.

The undertaking will be a self-sustaining venture. All 50,000 pay a fee covering the cost of food, use of equipment, and building the camp. It will have its own water supply, electricity, police and fire departments, telephone and telegraph facilities, in fact all essentials which make for a safe and happy adventure on this historic site.

It will be democracy in action with all boys sharing in the daily camp chores, cooking their own meals, preparing their own camp and keeping it in good condition. Many Scouts who will participate will earn their expenses through part-time jobs, and in other cases civic clubs and sponsoring institutions will pay part to troops and individuals in recognition of exceptional work performed.

Those Scouts who attend the Jamboree will be better Americans because of the greater appreciation of the country they will get through seeing more of it, and camping and living with other young Americans like themselves.

Rummage Sale Is Godsend To Urbancrest Fire Victims

A rummage sale turned out to be a godsend for Mr. and Mrs. Jewell Jackson and their nine children Saturday morning.

Fire broke out in their home at 3014 Maple-st, Urbancrest, and took the entire structure as well as most of their possessions.

A few blocks away, Hilltop Welcome Wagon ladies were conducting a rummage sale when they saw the blaze. The Welcome Wagon workers immediately sent word that they would contribute clothing to the entire family.

So the Jacksons went to the rummage sale . . . and each of the nine children, aged 8 months to 15 years, and both parents were outfitted.

One of the ladies remarked, "We had doubts about fitting the 8-month-old but luckily we even found something for him."

Welcome Wagon workers were Josie Chase, 3452 Race-st, chairman of the sale; Marian Estes, 3432 Ray-st; Dorothy Von Ins, 51 S. Brinker-av, and Tess Helmick, 144 Binns-blvd.

Thankful People

Thanksgiving is the harvest time of the year for most people, planning on family festivals, lots of food and visiting.

For the Volunteers of America, Thanksgiving this year is a true day of giving thanks, according to Major Harriet McDonald, director of the Columbus Post. The local organization is thankful for the responsive support of the city of Columbus for its valuable and ever increasing support. Many of our old friends of years gone by have stood by us through the past year, and many new friends are stepping forward to share our responsibilities.

"The Volunteers of America is growing right along with our city," says Major McDonald, "and we celebrate our annual Thanksgiving turkey dinner this year with the thought in mind of what we owe our city and its wonderful, big-hearted people."

Local Readers Like Painting, Woodcraft, Weaving Books

Books being checked out of the Hilltop Branch Library this winter season show unusual patron interest in woodworking, weaving, model-making and painting. There is also a steady demand for books on knitting, leatherwork, jewelry making, ceramics, and other crafts.

"Interest in hobby books on do-it-yourself subjects is always especially high at this time of the year," Librarian Mildred Phalor said.

Much of the material on woodworking, pertains to the construction or refinishing of furniture and to projects for the home workshop. Weaving data is not confined just to rug making, but also includes the more intricate weaving of scarves, cushion covers and table cloths.

Those interested in painting, one of the most popular subject areas at the moment, are studying not only the use of watercolors and oils, but the trick of tinting and painting with enamels. In the field of painting, library patrons are trying their hand at everything from landscapes to folk art designs on cupboard doors.

Homemakers particularly are displaying interest in books pertaining to the training and care of pets, the growing of unusual plants, the making of jewelry, and the collecting of all sorts of things from dolls, old lamps, buttons and silverware, to antique furniture.

Teen-agers these days often borrow books to assist in bringing coin and stamp collections up to date. They also are interested in information pertaining to record collecting.

The Hilltop Branch Library has many books on its shelves in these catagories. Listed below are some popular titles: "How to Finish or Refinish Your Furniture," by Kay Hardy, "Wood Finishing, Plain and Decorative," by Fred Vanderwalker, "Earning Extra Money in Your Workshop," edited by Arthur Wakeling. "McCall's Needlework and Crafts Annual" has ideas galore, as do Baillie's "Homespun Crafts," Zarchy's "Creative Hobbies," and Yate's, "Early American Crafts and Hobbies."

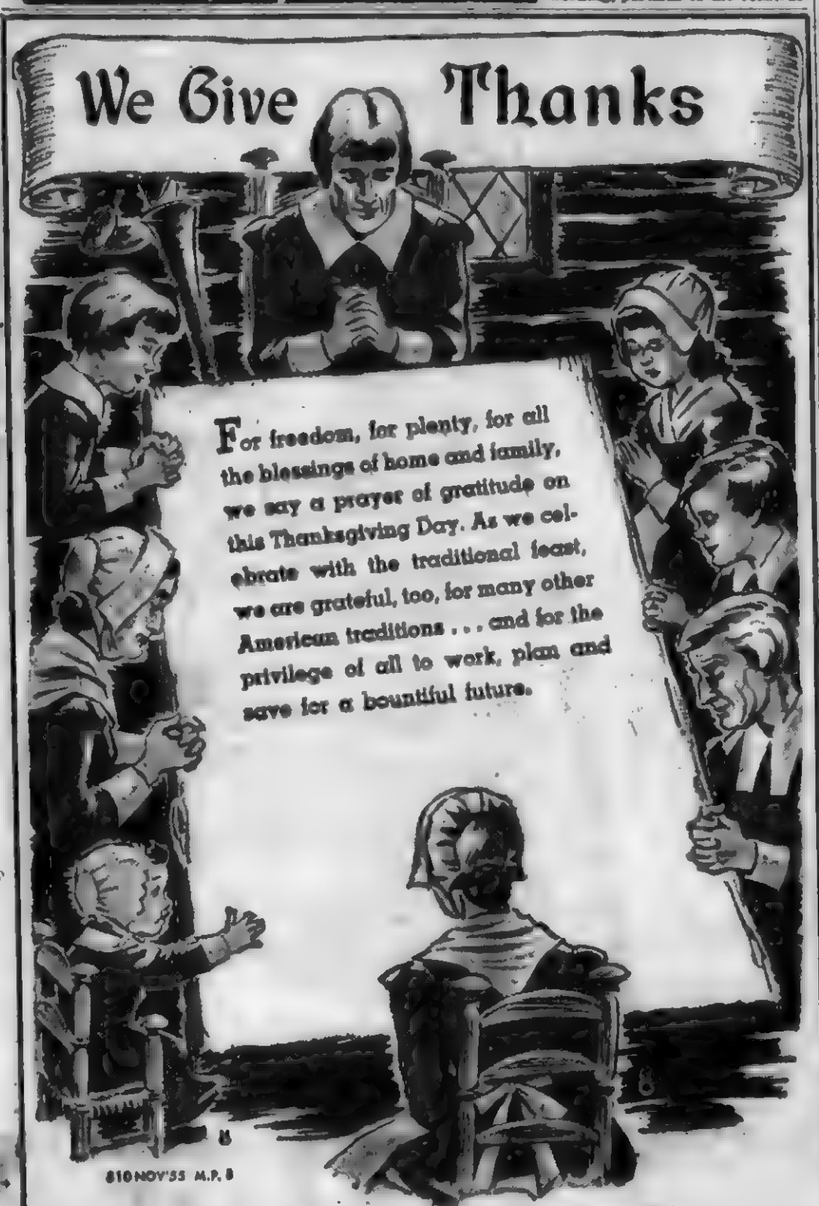
In specific fields are "The Craft of Hand-Made Rugs," "Hand Weaving for Pleasure and Profit," "Hand Loom Weaving for Amateurs," "Ceramics Handbook," "Plastics for the Home Craftsman," "Jewelry and Enameling," "Block Printing on Fabrics," and "The Joy of Painting."

Sherick To Open New Dance Studios

Jack Sherick announces the opening of three new dance studios during the month of November. They are located in Clarksburg, Jackson and Wellston, O.

The addition of these units makes a total of 37 studios in central Ohio operated by Jack Sherick.

Other Sherick studios are located in Marion, Mt. Vernon, Worthington, Westerville, Richwood, Marysville, Plain City, London, South Charleston, Jamestown, Commercial Point, Circleville, Mt. Sterling, Washington C.H., Carroll and Logan. There are eight studios located in greater Columbus.



A closet near the back and front doors such as off the hall or living room, kitchen or wash room is convenient for out-of-door clothing and umbrellas for the grown-ups and children.

Do you find it hard to write letters? If so, let the experts help you. Consult books on business and social letter writing at the Columbus Public Library.

Scouts Look Forward To Fourth National Jamboree

Scouts of the Hilltop are already laying plans to attend the Fourth National Jamboree of the Boy Scouts of America to be held at historic Valley Forge, Pennsylvania next July 12 to 18. And plans are being made among the Scouts all over America to be a part of this huge gathering for a week of thrilling adventure where Washington camped with his little army during the trying days of the Revolutionary War.

A 1,800-acre tent city will rise to accommodate 50,000 Boy Scouts, Explorers, and adult leaders from every part of the nation, in addition to some representative Scouts from other lands. This week of living together will be high adventure for boys at its best. Campers will be Scouts from all walks of life, all races and creeds, bound together and governed by their Scout Oath and Law. Here the campers will exchange skills, swap home town products and learn about the customs and traditions of many sections of the nation and the world.

The undertaking will be a self-sustaining venture. All 50,000 pay a fee covering the cost of food, use of equipment, and building the camp. It will have its own water supply, electricity, police and fire departments, telephone and telegraph facilities, in fact all essentials which make for a safe and happy adventure on this historic site.

It will be democracy in action with all boys sharing in the daily camp chores, cooking their own meals, preparing their own camp and keeping it in good condition. Many Scouts who will participate will earn their expenses through part-time jobs, and in other cases civic clubs and sponsoring institutions will pay part to troops and individuals in recognition of exceptional work performed.

Those Scouts who attend the Jamboree will be better Americans because of the greater appreciation of the country they will get through seeing more of it, and camping and living with other young Americans like themselves.

Rummage Sale Is Godsend To Urbancrest Fire Victims

A rummage sale turned out to be a godsend for Mr. and Mrs. Jewell Jackson and their nine children Saturday morning.

Fire broke out in their home at 3014 Maple-st, Urbancrest, and took the entire structure as well as most of their possessions.

A few blocks away, Hilltop Welcome Wagon ladies were conducting a rummage sale when they saw the blaze. The Welcome Wagon workers immediately sent word that they would contribute clothing to the entire family.

So the Jacksons went to the rummage sale . . . and each of the nine children, aged 3 months to 15 years, and both parents were outfitted.

One of the ladies remarked, "We had doubts about fitting the 3-month-old but luckily we even found something for him."

Welcome Wagon workers were Josie Chase, 3432 Race-ct, chairman of the sale; Marian Estes, 3432 Ray-st; Dorothy Von Ins, 51 S. Brinker-av, and Tess Helmick, 144 Binns-blvd.

Thankful People

Thanksgiving is the harvest time of the year for most people, planning on family festivals, lots of food and visiting.

For the Volunteers of America, Thanksgiving this year is a true day of giving thanks, according to Major Harriet McDonald, director of the Columbus Post. The local organization is thankful for the responsive support of the city of Columbus for its valuable and ever increasing support. Many of our old friends of years gone by have stood by us through the past year, and many new friends are stepping forward to share our responsibilities.

"The Volunteers of America is growing right along with our city," says Major McDonald, "and we celebrate our annual Thanksgiving turkey dinner this year with the thought in mind of what we owe our city and its wonderful, big-hearted people."

Local Readers Like Painting, Woodcraft, Weaving Books

Books being checked out of the Hilltop Branch Library this winter season show unusual patron interest in woodworking, weaving, model-making and painting. There is also a steady demand for books on knitting, leatherwork, jewelry making, ceramics, and other crafts.

"Interest in hobby books on do-it-yourself subjects is always especially high at this time of the year," Librarian Mildred Phalor said.

Much of the material on woodworking, pertains to the construction or refinishing of furniture and to projects for the home workshop. Weaving data is not confined just to rug making, but also includes the more intricate weaving of scarves, cushion covers and table cloths.

Those interested in painting, one of the most popular subject areas at the moment, are studying not only the use of water-colors and oils, but the trick of tinting and painting with enamels. In the field of painting, library patrons are trying their hand at everything from landscapes to folk art designs on cupboard doors.

Homemakers particularly are displaying interest in books pertaining to the training and care of pets, the growing of unusual plants, the making of jewelry, and the collecting of all sorts of things from dolls, old lamps, buttons and silverware, to antique furniture.

Teen-agers these days often borrow books to assist in bringing coin and stamp collections up to date. They also are interested in information pertaining to record collecting.

The Hilltop Branch Library has many books on its shelves in these catagories. Listed below are some popular titles. "How to Finish or Refinish Your Furniture," by Kay Hardy, "Wood Finishing, Plain and Decorative," by Fred Vanderwalker, "Earning Extra Money in Your Workshop," edited by Arthur Wakeling. "McCall's Needlework and Crafts Annual" has ideas galore, as do Baillie's "Homespun Crafts," Zarchy's "Creative Hobbies," and Yate's, "Early American Crafts and Hobbies."

In specific fields are "The Craft of Hand-Made Rugs," "Hand Weaving for Pleasure and Profit," "Hand Loom Weaving for Amateurs," "Ceramics Handbook," "Plastics for the Home Craftsman," "Jewelry and Enameling," "Block Printing on Fabrics," and "The Joy of Painting."

Sherick To Open New Dance Studios

Jack Sherick announces the opening of three new dance studios during the month of November. They are located in Clarksburg, Jackson and Wellston, O.

The addition of these units makes a total of 27 studios in central Ohio operated by Jack Sherick.

Other Sherick studios are located in Marion, Mt. Vernon, Worthington, Westerville, Richwood, Marysville, Plain City, London, South Charleston, Jamestown, Commercial Point, Circleville, Mt. Sterling, Washington, C.H., Carroll and Logan. There are eight studios located in greater Columbus.

A closet near the back and front doors such as off the hall or living room, kitchen or wash room is convenient for out-of-door clothing and umbrellas for the grown-ups and children.

Do you find it hard to write letters? If so, let the experts help you. Consult books on business and social letter writing at the Columbus Public Library.

Letters To The Editor

APPRECIATES SUPPORT

On behalf of the Franklin County Child Welfare Board and the children who will benefit in the future years, I would like to thank all who played any part in publicizing the bond issue approved at the Nov. 6 election.

The weekly newspapers of the neighborhoods, the downtown press, the television and radio stations were all extremely generous and we feel that the overwhelming approval given the bond issue by the public is a direct result of the splendid support the issue received.

Sincerely,
Mrs. Frances D. Cady,
Chairman
Child Welfare Board

Dear Son

By Joseph Martell

DEAR SON
Chittlin Switch,
Sunday noon.

Dear Jason:

Haven't heard from you for a couple of weeks and if I don't hear from you soon I'm going to write a letter to your Commanding Officer and tell him that I want somebody else to help your steer that Cruiser boat once in a while. I know you're a full seaman but you can't carry all the load.

To begin with, Grandmaw Sludge celebrated her hundredth birthday not so long ago and we all took up a collection and gave her her first plane ride. When she was up there a while she leaned forward and touched the pilot on the shoulder and pointed to the propeller. She told him that he could turn it off as she was much cooler.

I stopped that widow cold the other day (you know, the one who paints her face). I met her on the street and she started bragging about herself as usual. She told me how proud she was that she kept her girlish figure. I told her that she not only kept it but she doubled it.

Speaking of figures, I don't know what to think of your sister Morphine's new boy friend. He was over for some of my polecat stew the other night and since we're trying to get Morphine married off, I just happened to mention that she was a nicely reared girl. He told me that she wasn't too bad from the front, either.

You'll be real proud for a change of your little nephew, Cheddar. He's only five years old and the other day he went to the psychiatrist all by himself.

We've got a new doctor at the Switch. Your Uncle Snod was feeling sick and went to the Doc for an examination. After examining him, the doctor bet Snod that he was a musician and played a wind instrument. Snod agreed. The sawbones told him that explained everything and said that his lungs were strained and his larnyx was inflamed as though by some abnormal pressure. I don't think the doctor knows his business. Your Uncle Snod plays the accordion.

I read in the Chittlin' Switch Daily Bugle that the sweater girl is going out. I might add, if she's anything like your sister Myopia, the sweater girl is going out—and every night, too!

(Excuse me a minute but the telephone is ringing.)

Well, here I am back again. It was your sister, Grenadine, with another story about little Cheddar. It seems that Cheddar's teacher was warning her class about catching cold. She told them that she had a little cousin six years old and one day he took his sled out into the snow, caught pneumonia, and three days later he died. Cheddar shouted from the back of the room: "Where's his sled?"

Write soon,
Your loving
MOM.

AMERICA GIVES THANKS

Because we may worship in our own way,
Because our children may play, unafraid,
For lights of home at the end of the day,
For family, and friends we have [illegible]
We thank Thee.

For bountiful harvest, for joys of spring,
For blessed peace, for winter's rest,
For freedom to think and freedom to read,
For making our America best,
We thank Thee.

When Terry was—as she says—"a little girl" she and her parents lived in Columbus. Now they live in Cleveland and she is studying ballet. I think her poem is very good.

THANKSGIVING TIME

I am thankful for the blessings
God has sent me through the year.
These have added to my knowing
That my Saviour, Christ is near.

I am thankful for the blessings
Of good food, and for my bed.
I am thankful for the sunshine
That glows about my head.

I am thankful for His promise,
And on this Thanksgiving Day
I am thankful for the freedom
That lets me kneel and pray.

Mary Gustafson

Miss Gustafson sent "Thanksgiving Time" to the column last year, but it came too late so was held over for this year.

Mildred Seydell, Hotel Siru, Brussels, Belgium, publishes a quarterly, titled appropriately enough, "Seydell Quarterly." The little magazine is full of interesting things, from book reviews and poems to cooking recipes, short stories and jokes. If you would like to read Seydell Quarterly, send a dollar to Miss Seydell for a year's subscription. Here are some quotes from the autumn number: The secret of popularity is always to remember what to forget . . . Getting an idea should be like sitting on a pin; it should make you jump up and do something . . . Some women dress to kill and cook the same way . . . A husband is a man who lost his liberty in the pursuit of happiness . . .

FIDO'S FUN

Which didn't improve them;

RACKETEERING

Victor Riesel, crusading labor columnist, blinded by an acid attack: "There has got to be a Federal investigation of labor racketeering which infests unions."

He swung on the drapes,
We had to remove them.

I looked for my purse,
It was minus a handle,
And still we consider
His games worth the candle.
The poem is by Mary B. Wall.

JONATHAN ALDER STORY . . .

Kenton Is Saved From Death At The Stake By Simon Girty

Chapter 42

Kenton continues his story of attempted escape by flight, but they soon overtook me. Two of the Indians raised their rifles and shot Montgomery.

The Indians then whipped me and staked me to the ground while they rounded up the horses. Clark, in the meantime, had made his escape.

"When the horses were gathered, the Indians tied me to a horse and took me back to what is now Chillicothe, and tied me to a stake. The squaws, children and men buffeted me until midnight.

"The council had decided I would be burned at the stake, but must first run the gauntlet. After being badly beaten in that ordeal, I was taken to a cabin and guarded until the Indians started with me to Wapatomika, the place decided upon for my execution.

"When we arrived all preparations had been made. I was stripped, blackened, and seated close to the stake. I could now see no possible escape from the fire.

"Many Indians had gathered for the burning. Among them was a white man and to my surprise, I saw it was Simon Girty. He walked up and began questioning me about where I was from. I told him my real name was Simon Butler and reminded him we had been schoolmates. He recognized me, shook my hand, wept and cried aloud.

"He then began earnestly arguing with the Indians, telling them that he was my friend. He said to them, 'I have been with you several years, have helped fight your battles, have risked my life for you and never asked for a division of the spoils. Release this man and it is not likely that I will ever ask another favor.'

"The Indians then untied me and released me to Simon Girty. My feelings then cannot be described, for I had expected to die at the stake before the sun went down."

My Neighbors

"So then I said to her, 'I don't see why child care should conflict with homework . . .'"

Bulldogs Rally To Down Aces

The Bulldogs came from behind to defeat the Aces 23-22 in the Glenwood Recreation center senior boys basketball league. The Bulldogs were two points behind with five seconds to play in the game. However, the Bulldogs' James Davis was fouled as he drove for the winning basket. With the pressure resting on his shoulders, Davis dropped in the two foul shots and provided the winning margin for his team.

The second game of the evening was a stalling affair between the Chuck-a-lucks and Beef Trusts. The game ended with the Chuck-a-lucks on the long end of a 16-14 score. Don Gilliland with eight points, led the Chucks in their victory. Link was high for the Beefmen with five.

The Celtics continued their winning ways as they romped over the Hot Shots 40-21. Bob DeWitt again led the Celtics with 16 points.

The Hawks won their first game of the campaign, trouncing DeMolay 45-21. Jim Calland's 14 points was tops for the Hawks.

In the final game of the evening, the Trotters edged the churchmen of Burgess E. U. B., 25-22. Mike Swank, the Trotter pivot man, was the games' top scorer with 12.

SOMETHING TO BE THANKFUL FOR—New Rome and Hilliards women, appreciative of the free X-ray service provided in West Franklin County by the Christmas Seal X-ray Cruiser, recently volunteered to help the Tuberculosis Society with its current Christmas seal sale, the organization's only financial support. Pictured, left to right, as they entered TB Society headquarters, box lunches in hand, are Mrs. Earl Hess, 45 Gladyard; Mrs. Clarence Berry, 387 Maple-dr; Mrs. Roger Dennison, 436 Derror-rd; Mrs. Donald Stauch, 169 Binns-blvd and Mrs. Marlin Hurd, Hilliards. Twenty church groups each spent one entire day at Society headquarters stuffing envelopes for the 50th annual Christmas seal sale.

CANTANKEROUS CHEVY . . . The Ed Lucases of 17 S. Eureka-av, rubbed their eyes in wonder Tuesday noon when this auto made a "forced landing" through their front yard, coming to a halt beside Chubby Distelhorst's market. Driver of the car apparently tried to dodge another car coming out of an alley and skidded on wet leaves. Damage to the car: two very flat tires.

Local Woman Is Wounded With Rifle

Mrs. Carolyn Wadin, 629 Wedgewood-dr, was wounded with a rifle Tuesday night, fired by two teen-age brothers, according to sheriff's deputies.

Mrs. Wadin was crossing a parking lot in the rear of the Super Duper Supermarket, 3631 Sullivant-av, when the boys, who said they "wanted to scare her," fired the rifle. The .22 caliber bullet shattered a bone in her upper left arm.

She was taken to Mt. Carmel Hospital by the Franklin Township Emergency Squad, where her condition is listed as fair.

Deputies Robert Loeffler and Charles Buchanan said the Georgesville-rd brothers, 14 and 13, had stolen the rifle from a Georgian Heights home two weeks ago and had hidden it in the rear of an apartment in Westgate Manor.

They were being held in Juvenile Center, pending further questioning by deputies.

News Director Reviews Weekly Publications On WLW-C

John A. Deegan

Neighborhood news on the "grass-roots level" has a featured spot right along with news of national and international importance on the "This Is Columbus" show seen on WLW-C each evening, 6 to 6:30 p.m. John A. Deegan, news director of the station, is responsible for the innovation.

Columbus' community weeklies, featured each evening, include all Hartley publications, The Hilltop Record, Rural-Urban News, Southside Leader and West Side News.

Another unique feature of the show is the extensive use of aerial photographs of daily happenings in Columbus.

"Because I believe community weeklies serve an important purpose; localized news of neighborhood happenings mean a lot to people," is Deegan's explanation of time he devotes each evening to reviewing weeklies. A resident of the Hilltop, he continued, "I think our own paper, The Hilltop Record, is tops and I know folks in other parts of town feel the very same way about their own paper."

Deegan also conducts a news show of his own, "Deegan On News," at 7 p.m. over WLW-C, and the Broad and High show at 11:15 p.m. each evening.

He lives with his wife and three daughters, at 52 N. Huron-av.

Cavaliers Defeat Hornets By 40-32

The Cavaliers' edging the the Hornets, 40-32, proved to be the most exciting game of the intermediate boys' basketball league opening night, Nov. 15, at Glenwood Recreation center.

Hartranft and Wesley, with 10 points apiece, led the Cavaliers, while Wilson sparked the Hornets with a 10-point performance.

In the opening tilt, the Bucks defeated the Panthers 30-10, as Thurman Edmonds and Dave Dildine with 11 and seven points, respectively, led the scoring parade for the victorious Bucks. Maxwell dumped four points through the hoop for the losers.

In the evening's finale, Burgess trounced Hilltop Laundry 38-13. Gary Smith, with 14 points and Jack Sims with 12, led the winners in their scoring spree. Bob Timmins played a good floor game for the losers, also scoring seven points.

Lions Promote $500 Student Aid Program

Availability of a $500 Hilltop Lions Club "education assistance" fund was announced Tuesday by Dr. Jerauld Ferritto, chairman of the club's health, education, welfare and safety committee.

Unanimously approved by the board of directors and endorsed by the club membership at a recent meeting, the fund will constitute a permanent "bank" from which deserving graduate students at Ohio State University may borrow at no interest on their signatures for tuition and other major educational expenses.

Repayment will be delayed until the student has established himself in business or is otherwise financially capable of repaying the loan. A time limit on the loans is still to be announced. The Lions' education assistance fund may be enlarged in future years, depending on the demonstrated need, Dr. Ferritto said.

The committee will screen all requests for loan assistance referred to the club by the dean of women and the dean of men at OSU. It is assumed that the fund will be exhausted by one or two student loans each year. Priority will be given to Hilltop students. All correspondence or inquiries in writing should be submitted to Dr. Ferritto at 2530 W. Broad-st.

The God and Country Award, a comparatively rare achievement in the field of Scouting has been received by a Hilliards High School youth.

Darryl Vandermolen, 17, of Troop 154, was honored at a special ceremony last Sunday at the Hilltop Church of Christ. Mrs. Louis Vandermolen of 1041 N. Hague-av, pinned the coveted red, white and blue medal on her son.

In making the presentation Rev. George Alexander left, above) outlined Darryl's outstanding service to the church. His participation in the Hilltop Inter-church Youth Council, activity in choir promotion, and leadership in various youth groups helped him win the church award to Scouting. One in 200 who enter Scouting are able to win it, it was explained. Darryl is the 14th scout in this district to achieve it. A minimum of one year of work with the church pastor is required for the badge. Most scouts spend an average of three years achieving it.

Also taking part in the ceremony were Cliff McWilliams, troop neighborhood chairman, and Bob Miller (above right), neighborhood commissioner.

For Your Thoughts

Question: What is your favorite recipe

Mrs. Robert E. Miller, Jr., 446 S. Westgate-av: "We're very fond of banana nut bread. I got the recipe from a friend and she got it from a church recipe book. It's a very moist bread and it doesn't have to be iced."

Mrs. Jack Wellman, 243 N. Guilford-av: "One of my favorite recipes is a very rich dessert, coffee pie. Some of the ingredients are marshmallows, whipped cream, only about a teaspoon of coffee, and a nut crust. Although a little expensive, it is nice for special occasions. My husband's aunt found this recipe in a newspaper."

Mrs. Charles Hall, 799 S. Richardson-av: "I make a fluffy icing that I like very much. It's good on any cake and particularly delicious on angel food cake. I mix one cup of sugar, three-fourths cup of strained strawberries; one egg white, and whip on low speed in my mixer for 30 minutes. It tastes rather like seven-minute icing. An advantage of this recipe is that any left-over icing can be rewhipped and used again."

Mrs. Ronald Clay, 714 S. Burke-av: "Something I've been making lately that we like is banana nut bread. It's something a little different from pies and cakes and not quite so rich. My youngsters also like to take it for their lunches."

Mrs. Herschel E. Lonex, 267 Algonquin-av: "I guess my favorite is apple pie. I make it just like my mother used to, no recipe and a little imagination. I use light brown sugar instead of white sugar, lots of butter and I make a very rich pie crust."

Mrs. W. W. Wylie, 42 S. Powell-av: "I have a dessert that I like, called Ozark pudding, which I just happen to be serving today. It has apples and nuts in it and the top is a little like a meringue. It's best served slightly warm with ice cream on top. The recipe came from my daughter."

UNANIMOUSLY "AYE!"—Nine mayors from Columbus and Franklin county towns gathered recently at Tuberculosis Society headquarters to add their hearty endorsement to the 1956 Christmas seal sale. The sale, currently underway, solely supports the society and its free chest X-ray programs throughout the county; health education in schools; medical research; and rehabilitation. Left to right are Mayor D. J. Kunz, New Rome; Columbus Mayor M. E. Sensenbrenner, 235 Guernsey-av, and Mayor Harold Stout, Minerva Park. Mayors W. Ralph Jones, Dublin, Gaymon Wright, Hilliards, and Charles Ringer, Valleyview -who are not pictured, added their endorsement to the sale which, they said, "has bettered the health of our communities. We must do everything we can to make it successful."

THE BUCKEYE TWINS CLUB of Columbus is currently conducting a drive to gain new members. Organized in 1947, the club was formed to provide social activities for twins 16 years of age and older. This picture was taken at one of their recent meetings. The club is affiliated with the International Twins Club. John and George Sessler (lower left), 778 Doyle-st, are past presidents of the international association. A dinner for members of the local club will be held Saturday, Nov. 17, at the Worthington Inn. Colored index cards for your recipe file, such as white ones for meat, pink for deserts and green for salads, make your recipe-searching easier.

Turkey at Thanksgiving is as American as Plymouth Rock. Just as in the days of the Pilgrims, turkey is going to have an important place on the Thanksgiving table this year.

Marketing Information for Consumers Specialists, Ohio State University, tell us that there is about one-sixth more turkeys this year than last. This means that next weeks turkey should cost no more and perhaps a little less than last year's Thanksgiving bird.

Today's modern turkey is broad breasted, meaty, tender, and comes in sizes from 4 to 24 pounds, the Marketing Specialists tell us. This makes it possible for the small family as well as the large one to enjoy turkey at Thanksgiving without too many days of turkey planovers.

Foodshoppers will want to look for turkey that has a clean, waxy skin, no bruises, plump, well-fleshed body and legs with streaks of fat under the skin.

A "rule of thum" to follow when you buy your Thanksgiving turkey is to allow ¾ to 1 pound per serving if the ready-to-cook bird weighs less than 12 pounds or ½ to ¾ pound per serving if the bird weighs more than 12 pounds, the Marketing Specialists say. Remember that some people will want more than one serving.

Turkey is perishable. Keep it under refrigeration.

Teaching Careers Outlined To F.F.A., Hi-Y Students

By Diane Saum

On Wednesday, Nov. 14, there was a joint meeting between the FTA (Future Teachers of America) and the Hi-Y in the auditorium of Starling Junior High School.

The members of the Hi-Y were special guests. The members were urged to bring their friends along.

Mr. Trinter, Mr. Howard, Mr. Feesler, Mr. Peck, and Mr. Pittenger were the teachers who made up the panel. The subject of the panel was "Opportunities for Men in Education".

Why did these teachers decide to teach, anyway? All of them said that they like to work with young people. One teacher said he got into the business by accident. He was asked to take the place of another teacher. One teacher became interested in teaching when he was in the 10th grade at Central.

They also talked about advantages of teaching. Mr. Howard said that being coach helps to maintain assurance that everyone is interested in the subject. Mr. Marsh says that one can work closer with the people and get to know the individuals better when teaching dramatics. Mr. Peck feels that mathematics is a worthwhile subject and an exciting one.

Opportunities for men and women in teaching is wide open, but be careful into which field of teaching you go, the students were told.

Letters To The Editor

APPRECIATES SUPPORT

On behalf of the Franklin County Child Welfare Board and the children who will benefit in the future years, I would like to thank all who played any part in publicizing the bond issue approved at the Nov. 6 election.

The weekly newspapers of the neighborhoods, the downtown press, the television and radio stations were all extremely generous and we feel that the overwhelming approval given the bond issue by the public is a direct result of the splendid support the issue received.

Mrs. Frances D. Cady,
Chairman
Child Welfare Board

Nancy Sheppard Is Bride Of Ronald Goodina

Glenwood Methodist Church was the setting on Nov. 11 for the 2:30 p.m. marriage of Miss Nancy Lee Sheppard and Mr. Ronald Lewis Gooding. Dr. Joseph R. Shellhaas officiated before an altar decorated with emerald trees and seven branch candelabra, interspersed with vases of white chrysanthemums and gladioli.

The bride is the daughter of Mr. and Mrs. Howard M. Sheppard, 267 Powhatan-av. Mr. Gooding is the son of Mr. and Mrs. Ray Gooding, 1040 13th-av.

Mr. Sheppard escorted his daughter down an aisle decorated with white gladioli and emerald foliage tied with white satin bows. She wore a gown of silk peau de soie, fashioned on princess lines with a high empire waist, low neckline trimmed with pearls and long, tapering sleeves. The skirt widened at the hemline and extended into a wide circular train.

A princess crown of pearls held her finger-tip veil of imported silk illusion. She wore a gold cross necklace which had been worn by her mother on her wedding day and carried a cascade of white fugi chrysanthemums and sweetheart roses with satin streamers.

Preceding the bride to the altar were her sister, Mrs. Bowman Turner as matron of honor; Mrs. Donald Dye, bridesmatron, Miss Mary Ellen Spangler and Miss Joan Emick, bridesmaids.

They wore identical ballerina length gowns of royal blue taffeta, semi-princess, with high empire waist trimmed in a deeper shade of velvet ribbon ending in bows at the back. They wore matching velvet hats with circular veils and carried bird cage designs of white chrysanthemums and red garnet sweetheart roses.

MRS. RONALD LEWIS GOODING

Beverly Turner and Carol Turner, nieces of the bride, flower girls, wore light blue taffeta dresses trimmed in darker blue velvet ribbon and hair pieces of red garnet rosebuds. They carried baskets of white chrysanthemum petals.

Mr. John Dustin served as best man. Seating the wedding guests were Mr. Charles Gooding, Mr. William Johnston, Mr. Bowman Turner, Mr. Raymond Racle, and Mr. Ralph Niven.

A reception was held at the church. Hostesses were Mrs. Herbert Belden of Mt. Vernon, Mrs. Richard Schaffner of Dresden, cousins of the bride, Miss Suzanne Duboc, Miss Avon Shea and Miss Elizabeth Speckman.

For her daughter's wedding, Mrs. Sheppard chose a gown of regal blue chantilly lace over taffeta with white accessories and a corsage of amazon lilies and red sweetheart roses. Mrs. Gooding wore a gown of Champagne beige lace over taffeta with iridescent sequins and matching accessories. Her corsage was pinned to her purse.

The new Mrs. Gooding is a graduate of West High School and attended Capital University. She is employed by the City National Bank and Trust Company, West Broad Street office. Mr. Gooding attended Linden McKinley High School and is employed by the Ohio Fuel Gas Company.

The couple departed for a two-week trip through the South.

WE GATHER TOGETHER . . .

. . . to count our blessings this Thanksgiving Day. In spite of the troubled world situation we have many blessings to count.
Nowhere else in the world does the average family live as well as we do. It's not unusual for an American family to own its home . . . complete with all the conveniences we've come to regard as necessities.
And yet, elsewhere in the world, a lifetime's work won't provide even a fraction of these comforts.
The folks at Buckeye want to join with you and your family in offering sincere thanks for our American way of life.

Letters To The Editor

Nov .11, 1956

Mr. Editor:

Westway Post No. 3441, Veterans of Foreign Wars, located in Columbus, Ohio, instituted on Nov. 11 a novel plan to keep alive for the veteran of World War I the only day that had been set aside for many years, as a tribute to his service to this nation.

This day will be forever known in Westway Post as Armistice Day and the younger members, from World War II and Korea, have voted to make this a day dedicated by them to honor their comrades of World War I.

The first of such days was observed Sunday, Nov. 11, in the post home and the young veterans carried out their promise to put on a feed for the World War I veterans of the post, each year.

The first effort left much to be accomplished by the veterans of World War I themselves, for out of some 60 odd who are members, only a small part of that number showed their appreciation for the honor being bestowed on them by their young comrades.

Past Commander George Bradley, ably assisted by most of the active young veterans, worked like beavers to make this first party a real one nd to those of us who did take the time to attend, it was a fine feed and we were treated like kings by our younger comrades.

I personally was ashamed of our World War I comrades who did not show the common decency to attend, and all of us who did attend have made a most solemn promise that if we are still alive next Armistice Day we will try and fill up those vacant seats with our comrades of World War I.

In passing it would be well to note the various reasons given by both the older and younger war veterans as to why they feel that this day is so important to the veteran of World War I.

Past Commander Charles Geddes, our first World War II commander, commented that the changing of the name Armistice Day to Veterans' Day took from the veteran of World War I the last and only national recognition of his war service.

Others to speak on this subject were Past Commanders Harry Zulauf, Henry Levy, "The Old Sarge" and one of our post's founders, George D. Ell.

Present at this first (Westway Armistice Day banquet) were several well known World War I veterans and included in that number were several members of the new Capital City Barracks No. 461, Veterans of World War I USA of this city.

Their commander, John Fowler, was present and as a member of Westway Post, gave the committee a bad time by keeping up this question: "What's the gimmick in this party, when do we pay?"

John was assured that there was no gimmick and no cost to the World War I veterans of Westway Post. All they were asked to do was be present. The World War II and Korean veterans cooked and served the meal, waited on their elder comrades and anticipated their every need.

Transportation was furnished for those with no transportation, every effort was made to make this a real Armistice Day for the veterans of World War I and we hope that as the years go by we will fill all the places we found vacant at our banquet tables, with the World War I veterans who didn't take time to attend this one.

We of Westway Post think so much of this idea that we now pass it on to all who feel, as we do, that the veteran of World War I is in reality the forgotten war veteran of all wars.

I was appointed by my comrades to serve as the speaker at this occasion and took the opportunity to express to our young comrades of the VFW the sincere thanks of the veterans of World War I for their support in securing the solid backing of the VFW on a service pension for the veterans of World War I.

Several of them voiced the belief that if they should fail to do so at this time they too would be forgotten war veterans when they reach the age of their World War I comrades and feel that by insisting that this nation continue the established custom of paying a service pension to the war veterans of this nation, just as they now pay such service pension to the veterans of our former wars, up to World War I.

I sincerely hope that the editor will see fit and can find space to print this in its entirety, as we feel that this action by Westway Post sets an example to all veteran organizations that they could profit by using in their own Armistice Day observance.

Life Just Keeps Rolling Along For 90-Year-Old W. S. Grocer

AUGUST WEILAND, a few days from 90 years old, still keeps his grocery store open "because it's a good place to loaf." In the grocery business at 871 W. Broad-st for 59 years, he is shown waiting on one of his oldest customers, Mrs. Julia Ann Lewis, 84, 21 N. Davis-av. Mrs. Lewis has been one of his customers for 47 years. The veteran grocer has missed only 11 days of work in the 59 years he's been in business "and then for vacations, not sickness," he said.

• • •

By Shirlee Monty

Life may begin at 40 but for August Weiland, 42 S. Souder-av, there's just no telling where it's going to end! The veteran grocery store owner will turn 90 on Nov. 28—and he's still turning out 10 hours of work a day.

He admits that he keeps the store open "because I'd rather do this than lay around" and that most of his customers are the oldtimers who have been with him for many of the 59 years he's been in business at 871 W. Broad-st.

"There were only 11 days in those 59 years that I didn't put the key in the lock," Weiland remarked. Then he hastily added, "And those 11 days were spent on vacations, not sickness!"

In spite of his 89 years, the old man radiates a certain sparkle around the store. Handing a young girl a dozen eggs she had ordered, he remarked, "You got one in there with a double yolk!" She laughed and said her little boy insisted she buy eggs from Mr. Weiland because of the double yolks!

Asked about his birthday plans, Weiland said, "Who knows? I might be dead by my birthday. By the time you're my age, you're just living on borrowed time." However, he was honored Nov. 8 at a party given by the Holy Name Society of the Holy Family Church as the oldest member of the parish.

He talked about a surprise party given on his 80th birthday. "At that time," he began, "I said I'd work till I'm 90 and then take a 10-year vacation. But I still feel as good as 80 and I guess I'm just about as happy here as anywhere."

Voted For Cleveland

Almost a page of history himself, Mr. Weiland recalls three or four depressions and 18 presidential elections in his lifetime. "My first vote was for Cleveland in 1888 and I've never missed an election since," he remarked.

Locating here in 1888 from Nashville, Tenn., he was a member of City Council in 1914-15 and remembers introducing an ordinance to buy Glenwood Park and another one to pave W. Broad-st.

He has lived on the West Side and in the same home since he came here 68 years ago.

Mr. Weiland has a typical nostalgic feeling for the "good old days" and feels they were better days for the people than "today's delinquency" which he attributes to TV, radio and parents.

Also he feels another depression is coming because of the high prices. "I used to buy five cases of coffee for less than two cases today," he recounted. "And I'm not so sure I'd have ever gone into the grocery business if I'd known about price-cutting and things like that."

Likes Baseball, TV

Mr. Weiland spends most of his spare time watching TV ("detective stories but I'm not much on music"), and reading the paper since the death of his wife nine years ago. An avid baseball fan, he spent most of his summer Sunday afternoons cheering for the Columbus Jets.

Among his surviving relatives are a niece, Mrs. Raymond Weiland, 310 S. Eureka-av; a brother who is a Dominican priest in Dover, Mass.; two nephews, and a sister-in-law in Logan where he will spend Thanksgiving.

For people who want to be assured of a long and vigorous life, the 90-year-old grocer cited his own experience. "I've tried to get eight hours of sleep a night, I don't drink, and I try to exercise myself a lot by walking. Often I have walked downtown and back rather than take a bus."

Probably this formula plus an easy-going unconcern about getting old are both responsible for Mr. Weiland's 90 years. But if he is "living on borrowed time" this old gentleman looks as if his credit will be good for a long time to come.

Ohio Churches Help Refugees

CROP, of the Ohio Council of Churches, has just received a cable from the World Council of Churches in Geneva, Switzerland, that the last nine truck convoy of relief goods got through to Budapest, Hungary on Nov. 2. The convoy returned safely to Vienna, Austria on Nov. 3 reporting the success of its mission.

Stations are being set up in Vienna for feeding the refugees who are fleeing from Hungary at the rate of 5000 a night. These are mostly women and children. Ohio CROP funds are sharing in the encouragement to these persons who have given all for liberty and freedom.

The World Council of Churches, through which CROP works in all of its overseas programs of relief, is already sending food for meeting the tremendous emergencies which are arising in the Middle East. This is especially true along the Gaza strip where refugees have been rioting because of their fear they will be allowed to starve to death as victims of the crisis along the Suez Canal.

"The church is ready to show these people that it does care and is using every effort to find ways to share in crisis situations around the world. People in Ohio can be assured that their gifts through CROP will reach these needy persons as quickly as possible," the Council of Churches says. "The gifts will not only mean food but in the refugees' greatest hour of need, the church is here to give reassurance in the action which they have taken for freedom."

Opportunities to share are being given through house to house canvass in more than 40 Ohio counties and through interdenominational Thanksgiving services in every part of the state. Offerings can be sent directly to Ohio CROP, 141 N. Front-st, Columbus 15, O.

Touch Of Old England's Thanksgiving, 'Harvest Festival' Celebrated At Briggsdale

FRUIT, VEGETABLES, CANNED GOODS, bread, shocks of corn and berries decorate the sanctuary of Briggsdale Methodist Church, 1669 Harrisburg-pk, for its annual Harvest Festival celebrated since Rev. James Lyon introduced the ceremony three and one-half years ago. The 'Harvest Festival typifies England's Thanksgiving season and has been introduced in many American churches by Rev. Lyon since he came to this country from his native England 33 years ago.

• • •

REV. JAMES LYON, pastor of Briggsdale Methodist Church, delivered his sermon "God is the Reason for Our Thanksgiving" Sunday morning amid the "gifts of love" brought to the church by his congregation. After the service some of the gifts were sent to shut-ins, and the rest was sold to the congregation and proceeds were given to charity.

'When Rev. James Lyon came to America from England 33 years ago, he brought not only his British memories and mannerisms, but a strictly British tradition in the name of the "Harvest Festival."

The harvest festival in England is a time to give thanks to God, much as our own American Thanksgiving was instituted by the early Pilgrims.

The date of the festival is not as definitely established as our Thanksgiving Day. It is a fall festivity although the dates may vary. This year, Rev. Lyon celebrated it on Nov. 11-12 at the Briggsdale Methodist Church, 1669 Harrisburg-pk, where he has been pastor for three and one-half years.

Rev. Lyon has introduced the Harvest Festival celebration in every church he has served in America and he has celebrated the festival 33 times since he has been in this country.

The primary feature of the Harvest Festival is the contribution of "love-gifts" to the church, consisting of fruit, vegetables, canned goods or money. The gifts are placed around the sanctuary, and corn, leaves, colored berries and ferns are added to give it a decorative harvest effect. "Even an old church can look very beautiful with these gifts of the harvest decorating it," Rev. Lyon said.

Display Goes to Charity

Following the service, some of the fruit and vegetables are sent to shut-ins. The rest is sold to the congregation and the proceeds given to charitable groups. The proceeds raised this year will go to Worthington Children's Home, White Cross Hospital and the Methodist Home for the Aged in Cincinnati.

Before coming to America, Rev. Lyon spent nine years in churches in the slum areas of England. He remembers particularly a woman who lived in one room bringing in a piece of coal as her gift of thanks. She explained that she was thankful for the piece of coal because it was the thing that kept her warm.

Almost all the churches in England celebrate the Harvest Festival, some in the eastern part of this country, and probably the churches in Cincinnati, Lima, St. Mary's, and Chillicothe, where Rev. Lyon has left this very interesting and humble custom of his native land.

Scouts Advance At Honor Court

A court of honor and annual charter presentation were features of scouting night for Troop 181 sponsored by Hillcrest Baptist Church on Nov. 12.

Life Scout status was awarded to Darrel White and Gary Reynolds; first class rating to Bob Balo and Jim Bluhm and Second Class rank to Kenny Roivas and Pete Saunders.

Others receiving advancements were Dick Sines, Sam Dennis, Bernard Chapman, Gerry Chapman, Jim Malloy, Mike Pugh, Herb Higgenbothom and Danny Lucas.

The 20-year-old soldier entered the Army last June and completed basic training at Fort Leonard Wood, Mo. He attended Grove City High School.

Fiftieth Charity Newsie Drive Is Dated Dec. 15

Fifteen Hilltop area men will be among those participating in the Golden Anniversary Drive of the Charity Newsies, the "100 per cent for charity" organization.

They will join scores of other Columbus and Franklin County men in selling the annual special "Open-Your-Heart" edition of the Charity Newsies' newspaper on Saturday, Dec. 15.

Last year's sales resulted in 8464 children being clothed by the Newsies. In addition, other emergency calls from families in need due to sickness, death, fire or other calamities were answered.

Every call received by the 50-year-old charity organization is answered. This is made possible because every cent donated goes to charity. Administrative costs are met by social and sporting events sponsored by the Newsies earlier in the year

Newsies presently are taking clothing applications from needy families. Some 1000 already have applied at organization headquarters, 709 W. Mound-st. All applicants are investigated by Newsie members to be certain a need exists and that efforts by other charities are not being duplicated. All clothing presented by the Newsies is new.

Newscaster Walter Furniss of 410 E. Wyandotte-av is Newsie president. William H. Haire of 2612 Sherwin-rd is second vice-president and drive chairman.

Hilltop area men who will participate in the sale Dec. 15 are:

Sherman Babcock, 2925 Sullivant-av; William J. Cotter, 700 S. Sylvan-av; Robert L. Durham, 199 S. Brinker-av; Loren C. Galloway, 80 S. Algonquin-av; Max Gutkind, 476 S. Golf Proves Big Problem To Manager

Jack Lee

Directing the activities of the W. T. Grant store at the Great Western Shoppers' Mart may be quite a problem, but to Jack Lee, manager, the "real" problems begin on his day off.

Lee took up golf this year and, according to his friends, has shown remarkable progress. He modestly admits that he is no Eisenhower, but says if he could overcome his biggest problem — shanking the ball — he would be buying considerably fewer cokes for his golfing companions.

A resident of 334 Carrila Lane, Lee enjoys outdoor sports. Before taking up golf, he spent most of his recreational time fishing or hunting. Lee is father of three children. They include Nancy, seven, Fred, six, and Bernard Jr., one.

Ohio Dime Store Has Opening

Roses will be presented the ladies and other gifts given the men during the Grand Opening celebrations of the Ohio Dime Store, 3024 Sullivant-av, from 2 to 10 p.m. this Friday.

Owned and managed by Robert F. Smith, the main business of the store will be "providing the people of the neighborhood with all the things they want and haven't been able to get before." The store will offer a complete line of dime store items as well as gift selections, staple and baked goods.

Besides owning the Hilltop store, Smith also operates the Ohio Dime Store at Fifth and Cleveland-av.

Gallagher Retires From Dept. After 21 Years

Lt. William J. Gallagher, above left, was guest of honor at banquet Nov. 1, on the occasion of his retirement from the department. Fire Chief Walter G. Strickfaden, right, served as master of ceremonies.

Lt. William J. Gallagher, assistant to Chief J. H. Cassell of the Columbus Fire Prevention Bureau, was honored recently by friends and co-workers at a dinner held at the Seneca Hotel following his retirement from active service.

Lt. Gallagher, resident of 815 S. Terrace-av, and his wife had served more than 21 years with the Columbus Fire Department before retiring Nov. 1. He was presented with a camera by those attending the dinner in his honor. Columbus Fire Chief Walter G. Strickfaden served as master of ceremonies at the event. Guests of honor were Judge Henry L. Holden and Edward A. Moriarty and Captain G. W. McDonald, retired fire department officer.

Prior to being transferred to the Fire Prevention Bureau, Gallagher was captain of two Hilltop engine houses. The stations were located at the corner of Sullivant and Brinker-av, and at Wheatland-av and Broad-st.

Gallagher is Past Grand Knight of the Knights of Columbus and treasurer of the Shamrock Club. After the holidays, he and his wife plan to take a two month trip to the West Coast.

Christmas Pageant Parade Set For Saturday

Typical of the colorful floats in the Hilltop's first Christmas pageant parade last year, is the one above built by the young people of Hoge Memorial Presbyterian Church. Eighteen floats and two high school bands will participate in Saturday's parade.

Gala Parade Is Festive Forecast Of Yule Fun

Santa Claus himself, accompanied by his reindeer and 17 other floats will fall into formation Saturday at 2 p.m., to the music of Hilliards and West High School bands, and the second Hilltop Christmas Pageant Parade will be underway.

Instituted last year by the Hilltop Business Association as an expression of holiday greeting, the successful venture will be an annual Christmas event.

The pageant of "God's Great Gift," will be portrayed in the parade, with each float depicting one portion of the central theme.

Floats, designed and built by Hilltop youth groups at a cost of $50 each, are financed by Hilltop business and professional people.

Parade will form on Sylvan-av at Powhatan-av, and move east on Broad-st to Whitethorne-av, south on Whitethorne to Sullivant-av, west on Sullivant to Westgate-av, north on Westgate to Westgate Park, where it will disband.

Hilltop Business Association, with the cooperation of the Hilltop Ministerial Association, sponsors the event. Bill Coon is parade chairman this year.

Participating youth groups who will have floats in the parade are Wheatland Avenue Methodist, Glenwood Methodist, Hillcrest Baptist, Westgate Methodist, Community Christian, Hilltop Church of Christ, Burgess Avenue Evangelical United Brethren.

The Westgate E. U. B. Hilltonia Evangelical United Brethren, Oakley Avenue Baptist, St. Paul's Evangelical Congregational, St. John's Lutheran, Senior High Y-Teen Club, Girl Scouts and Valleyview Church of Christ, West Junior Hi-Y and Highland Avenue Friends. The Santa Claus is entered by the HBA.

Mayor Seeks New Traffic Light System

A new system of synchronized traffic lights was called for by Mayor M. E. Sensenbrenner at a city council meeting Monday evening.

Sensenbrenner declared the city should drop its efforts to win Civil Defense money and use the $450,000 bond money the city has earmarked, for a new system of automatically controlled lights.

The money will propably be used for E. and W. Broad-sts, N. and S. High-sts, and Cleveland-av and Main-st, according to Traffic Engineer James V. Musick.

Penalties for molestors of females and children under 16 were jumped from $50 and 30 days maximum sentence to $500 and a year in jail.

Company To Give Employe Increase

Automatic pay increases as a result of increased cost of living will be granted employes of Westinghouse Electric Corp.

The cost-of-living provision, included in a five-year company-union contract, signed a year ago, grants an increase of one cent an hour or one-half per cent, depending on individual union contracts, based on a one-half per cent increase in the national cost of living index in the past quarter.

City Needs Buses For Holiday Rush

Utilities Director Ferd M. Pickens is still in hopes that his express buses are fast enough to get here by Christmas.

With delivery on the 16 diesel buses expected about Dec. 15, Pickens said he would redouble efforts to get the special bus service before the Christmas shopping season ends. No particular route for the express buses has been decided yet.

Breaks Arm

Police Department emergency squadmen took Paul Converse, 13, 727 S. Richardson-av, to Mt. Carmel Hospital Sunday afternoon when he broke his arm while playing.

Former Hilltopper Is Crash Victim

Requiem High Mass for Edward Leo Marrah, 38, formerly of 88 N. Westgate-av, who died Friday of injuries suffered when struck by a car in Culver City, Cal., will be sung at 9:30 a.m. Friday in St. Patrick Church.

A government employe in the radar division at Elgin Field, Crestview, Fla., he was a graduate of West High School and Tri-State College in Indiana. He was also a veteran of World War II.

Surviving are two brothers, Charles of Youngstown and William of Columbus, and a sister, Sister Lois (OSF) of Charleston, W.Va.

Friends may call at the Egan-Ryan Funeral Home after 3 p.m. Thursday. He will be buried in Mt. Calvary Cemetery.

Area Sportsman Wastes No Time

Some hunters can comb the fields all day and never get their limit. But not C. R. Arnold, 7611 Scioto-Darby-rd, who gets things done right away. While hunting on his land last week, Arnold downed two cock pheasants with one shot. Some skeptics may laugh, but according to Arnold, the proof is in the freezer.

Bus Schedule Resumed

The bus schedule listed in the Northwest Franklin County telephone directory has gone into effect as of Nov. 26, reports Ed Fox, manager. The Scioto Bus Co. line serves Hilliards, Valleyview, San Margherita and Columbus.

Citizens' Dance, Euchre Party Comin' Up

Plans were completed this week for the annual dance and euchre party to be sponsored by the Franklin Township Citizen's Association on the night of Dec. 8. The round and square dance will be held in the West Franklin Elementary School while the euchre party will be held in the Franklin Heights High School. Both buildings are located at the corner of Briggs and Demorest-rds. Tickets to both affairs can be purchased at the door. The hours are from 8 to 11:30 p. m. Robert Jahn, 701 Stimmel-rd, is serving as general chairman of the event. Robert Pearse (left), 1964 Westfield-dr, will be in charge of arrangements. The Esquires Orchestra has been engaged to furnish music for dancing. Wade Huffman (second), Grove City, is making all arrangements for the euchre party. Other committee chairmen include Sara Ely (third from left), 1885 Rosemont-av, refreshments; Clyde Crandall (fourth), 1933 Harrisburg-pk, tickets; Francis McCarley (far right), 3499 Clime-rd, arrangements; and Paul Wichterman, 500 N. Powell-av, publicity.

Value Of Jackpot Insignia Today Reaches $40 Mark

Mrs. Charles Bigelow, 2071 Parksideard, was last week's only winner in the Record's "Confederate" money game. She exchanged her copy of The Hilltop Record containing a $1 insignia for a "Confederate" bill.

Nine other $1 insignia and the big jackpot insignia were not discovered.

However, the misfortune of subscribers last week means the increased good fortune of today's winner. Value of the jackpot insignia is now $40.

Any subscriber with the exception of employes or carriers of the Record, and their families, is eligible to win.

Insignia are never hidden, but are placed in plain view on an ad. Any subscriber finding one in his copy of the newspaper may exchange it for "Confederate" bills at the Record office before Saturday noon.

"Confederate" money will be accepted at face value by any merchant advertising in today's Record as payment for any merchandise in his store.

Readers and store owners are urged not to confuse these "Confederate" bills with some "facsimiles" of the Civil War money found as premiums in boxes of cereal. Wilberta Kinzer, 369 Clarendon-av found such a bill on the streets this week.

Look For This

Any subscriber who finds this insignia stamped on an ad in this copy of this newspaper, should take it to the office of The Hilltop Record before Saturday at noon. It will be redeemed for $40 in "Confederate" money which can be used to make purchases at any Hilltop business establishment advertising in this issue.

This insignia has a value of $1 Follow the same procedure for "cashing in" as outlined above.

No employe or carrier of The Hilltop Record, nor any member of his family, is eligible.

ZONING REPORT SOUGHT

County zoning officials are interested in a report lifting "irregularities" in local zoning permits in possession of County Commissioner C. P. Lauderbaugh. The report may be made public soon.

Hartley Is Named To Head Group To Study Water, Sewer Problems

Preston Davis, chairman of the Development Committee for Greater Columbus, today announced the appointment of C. Carlton Hartley, president of the Hartley Printing and Publishing Co., as chairman of a technical committee for consideration of water and sewage problems of the area.

"The Development Committee, Davis said, is vitally interested in the development of adequate water and sewer facilities for the entire greater Columbus area. This Water and Sewage Committee will study and make recommendations for implementing the construction of sewer and sewage treatment facilities outlined in the 1954 Master Plan for sewers. This is a long range plan geared to 1980 population and needs. Also, this committee will assist in developing and executing a similar long range plan for water."

This action followed the submission of a status report on the sewage problem by Executive Director Robert F. Mott. In this report, it was pointed out that there is general concurrence that there should be only one integrated system for the collection and treatment of sewage. However, the status report indicated a wide difference of opinion existing as to the financing and administration of the system.

It is in these areas that the technical committee shall be primarily concerned.

Also named on the committee were Arvin J. Alexander, Attorney at Law; Roy Brenholts, Brenholts Realty Co.; Edmund A. Donnan, Federal Glass Co., Henry A. Flaharty, Columbus Coated Fabrics Co., Peter G. [illegible] Co., Jones, Ternstedt Division, General Motors Corp.; Robert K. Levy, The Union Co.; Harry E. Mayfield, C.I.O.; Don E. Weaver, The Columbus Citizen and Allen W. Lundstrum, The Ohio Fuel Gas Co.

ortunity is Offered Aid Y Program

Start of actual construction the Hilltop YMCA building in sight. The local board of anagement believes that the rst unit of the program can e started next summer.

Plans for the building will be orthcoming within a short me. In order to be able to roceed with the construction will be necessary to raise approximately $80,000 more money.

Some of this money is in sight. But a goodly portion of it must come by way of contributions from individuals who are interested in seeing this Y program started.

Two grand opportunities are presented to the people of the Hilltop to aid this program at this time.

First is in the annual Hilltop Kiwanis Newspaper sale next Wednesday, Dec. 5. The Kiwanis Club, for many years one of the most enthusiastic supporters of the Hilltop Y, will give very generously of their sale proceeds to the Y building fund. It is believed that the Y will net several thousand dollars as a result of this offer, which in effect means that any generous gift on the part of a local person or individual will be a direct means of assisting the Y program in getting under way next summer.

You may be a part of this program by either bidding for a paper at the Kiwanis auction at noon on Dec. 5 at Lincoln Lodge or by purchasing a paper that evening when the Kiwanians and their helpers come to your home.

Persons interested in attending the auction are asked to contact Mose Williams at HU. [illegible]

Another way individuals or business firms may assist at this time is by a direct gift to the Y building fund through any member of the Hilltop Y Board of Management or at the First Federal Savings and Loan Association at Warren and Broad-sts.

Why not give this matter some serious thought and get into the Christmas spirit right away by making a gift to the future welfare of the boys and girls and adults alike of our community. Any such gifts are tax deductable.

Yours for an early Merry Christmas . . . by giving!

The Gay Philosopher Says: "I believe in our home community so much that I'd even want a local anesthetic for my operation."

Food and Fun In Store for Hilltop Shrine Club

"THE FOOD WILL BE GOOD," promises "Pierre Bunny" Galloway, chef for the big annual Hilltop Shrine Club banquet on Dec. 6, at West Gate Masonic Temple. Looking on appreciatively are, left to right, Edgar O. Planck, president of the Club, and George Lavizay, secretary-treasury. Galloway, past president, offers a sample of the soup to K. M. "Slim" Rider, vice-president.

Bargain Basements Aid Holiday Shoppers

Like most other businesses, this paper has a "bargain basement." A thrifty ad placed in the classified section by Mrs. John Delyi, 175 Alder-dr, Hilliards, brought four calls to fill a baby-sitter position. Needless to say, Mrs. Delyi was pleased. You will be too, if you call HE. 9-9444 and place an ad.

Chet Long To Speak At Briggsdale

BRIGGSDALE — Briggsdale Methodist Church holds a special "people's service" on the first Sunday evening of each month. Next Sunday evening at 7:30, the speaker will be Chet Long, radio and television commentator.

Chet is also the son of a Baptist minister. He will show the colored film of his recent trip to the Caribbeans.

At the close of the service the True Blue class will hold a social hour for members and husbands in the schoolroom, with coffee and refreshments.

These monthly services are for all the people of the community.

Farmers were the most important single group of buyers of farm real estate in the 1955-56 season. They bought 65 per cent of all farms sold. About two-thirds of all farms purchased were financed with some form of credit, report Ohio State University extension economists.

Herb Shriner Gives Big Boost To Crawford Brothers' Career

MEETING WITH SUCCESS since their appearance on the Herb Shriner show last spring, the singing Crawfords proudly take delivery of their new station wagon. Left to right are Jon Alder, Billy, David and Jack Crawford.

by John McPeek

Three of the happiest boys on the Hilltop are the young Crawford brothers who have just parlayed their singing talents into a new 1957 station wagon.

Shown above receiving the title to their new Chevrolet are Billy, 15; David, 11; and Jack 13. On the left presenting the title is Jon Alder, 12, son of Arch Alder, owner of the Alder Chevrolet agency in Hilliards. Alder donated the lettering on the door panel to the young trio.

Sons of William and Mary Crawford, 185 N. Burgess, the boys have been singing together for the past six years.

Known professionally as the "Crawford Bros. Trio," Singers and Harmonicats, the trio recently achieved fame when they appeared on the Herb Shriner Two-For-The-Money show last April. They were top money winners of the show, walking away with $1620. The really stole the show, though when Shriner asked them to sing. So impressed with their singing, Shriner presented each of the boys with a professional harmonica as an additional gift. Hence, the addition, "Harmonicats" to their title.

Since then they have been studying the harmonica professionally and have acquired a remarkable degree of skill with the instrument.

Still Hearing From Shriner

Mr. Shriner, who has been corresponding with the boys' parents regularly, has scheduled tentative plans to have them reappear on his new variety show this Christmas.

Mr. Crawford, a deputy clerk in the probate court and an avid barbershop quartette fan for many years, is their teacher and trainer. Readily admitting that he has no voice of his own, Crawford takes great pride in his sons' achievements and hopes that they will go on to stardom in the field of singing. Singing or not though, the Crawford family is very practical and the boys' earnings are being laid aside for college educations.

Very active in and around Columbus, the trio has many times appeared on TV and radio. They also perform for civic groups, clubs, churches and schools. They are available for professional engagements.

Entertain Lausches

Great friends of Governor and Mrs. Lausche, they have for the past five years entertained the Lausche family in the governor's mansion on Christmas eve.

Billy, the oldest, is the tenor of the group, and is the ninth grade at West junior high. He likes school very much, but Mrs. Crawford suspicions that this has something to do with the girls in his classes.

Jack, the middle one, sings lead in the trio and is described by his father as a cross between a baritone and a tenor. Also a student at West junior high in the seventh grade, he too is developing a reluctant interest in the bobbysox brigade. Fact is, he is highly suspected of turning into a top-notch ladies man.

Oddly enough, the youngest of the three is the bass. This seems to surprise everyone but David, who thinks that it in part makes up for his lack of stature, thereby supplying him with equipment for attention when they are performing. He is in the sixth grade at the W. Broad Street Elementary School and his strongest interests at present are the Boy Scouts and an addiction to football.

Happy harmonizing, Crawfords!

Vo-Ag Students Get Bird's-eye View Of Soil Conservation Practices

LANCASTER — Fairfield's seven Vocational Agriculture Departments were "up in the air" this fall. The junior and senior boys were from these schools gathered at Port Lancaster and were taken 30-minute rides over the Fairfield Soil Conservation District.

Fred Boyd, vocational agriculture instructor at Carroll, organized the tour with Frank L. Carr, soil conservationist, U.S. Soil Conservation Service, assisting in mapping out the routes.

All planes leaving the airport first flew over the flood control structures recently completed in the Hunters Run portion of the Upper Hocking watershed project. From there, the routes took them to their respective school districts where each boy was given an opportunity to view his home farm from the air.

Conservation practices such as strip cropping, terraces, waterways, farm ponds, improved pastures and meadows were observed along the routes.

It is believed that this was one of the first aid tours attempted by Vocational Agriculture Departments on a county basis. Over 200 boys took the trip.

STARLING School News

YOUR TUBERCULOSIS SOCIETY ITS CONTROL OVER AMERICA'S ENEMY
By Leslie Shelhart
Sterling Junior High School

Yes, America has an enemy. An enemy is within its boundaries and would be getting ready to take over the country. This enemy could control communications, transportation, the courts, the schools, the churches, and the home. The Federal Bureau of Investigation, the police forces of the land, the army, navy, and the air force would be helpless in the midst of it. All of the billions of dollars being spent for civil defense will not stop this active enemy. This is a serious problem — for this enemy is tuberculosis, waiting to strike anywhere at anytime.

By buying Christmas Seals we can help those who have contacted TB. The local Tuberculosis societies are financed entirely by Christmas Seals. This bright little sticker can be used on cards and gifts during the holiday season. By buying Christmas Seals you are sending a message of hope to those who have TB.

JONATHAN ALDER STORY . . .

Girty And Kenton Become Companions, Roam Country

Chapter 43

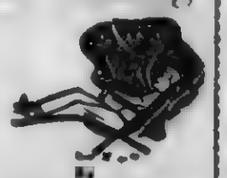
Simon Girty outfitted Kenton from the British trading post, gave him a horse and saddle, and the two became close companions, roaming the country from town to town. Kenton still considered himself a fugitive from justice, believing he had killed Veck.

The two were on their way to Wapatonike when a couple of Indians met them with a request that they both come immediately to council meeting. When they arrived they found the council-ing house was full. The chiefs shook hands with Girty, but refused to shake hands with Kenton.

A war chief began to speak. He had returned from Wheeling with a party. They had been badly beaten and several were killed and wounded, and the chief was determined to seek vengeance on any white man that could be found and Kenton was the only one they could find.

Girty spoke for a long time, and then the other chiefs. Finally Girty turned to Kenton and said, "I have done all I could but it is no use. They have decided. You must die."

At that time of year, many Indians gathered at Upper Sandusky, and they decided the execution would be held there. Five Indians, including the principal chief, started for Upper Sandusky with the prisoner. On their route they passed through a small village on the Scioto River where the great Chief Logan then lived.



Girty had told Chief Logan of Kenton's story and asked him to intercede. Logan kept the party over night and sent two of his men to Sandusky to engage Capt. Peter Druger to intercede there.

BUILDS HOUSE

A building permit has been issued to Robert E. Holmes, 4200 Dublin-rd. to construct a 10-room and three-bath concrete block dwelling and two-car garage. The contractor is Ross Birnery, 11 E. Gay-st, Columbus.

The most exciting stories are those that are true to life. Men and women who made history—and people in the news today—are portrayed in books at your Columbus Public Library.

In Passing

By Esther Weakley

HOPE SPRINGS ETERNAL

The spirit casts a shadow
Greater than the body's;
A bird's wing goes farther
Than the tallest tree does.
So the tears a man sheds
Cannot swell the ocean,
Though the face's beachheads
Erode into distortion.
Though the heart be twisted
To a rope of ashes,
Still the bended head can feel
A crown of hope and wishes.
And he who reaches to the throat
That the taut rope angers
May find that it has turned to pearls
Beneath his very fingers.

AUTUMN'S CATHEDRAL OF OAKS

Beneath the oak-leafed Gothic arch
The faithful pass in silent march,
While Druid oaks in scarlet dress
Speak litanies that heal and bless;
The acorns fall like beads of prayer,
The sun drops in to worship there;
Soft breezes whisper prayers for all
And sing the autumn's madrigal,
While a priestess, holding up
The acorn's empty chalice cup,
Receives the autumn's claret wine
For blest communion with mankind.

My private Waterloo — What gifts to give for Christmas. (What are they giving away this year?) . . . Election post-mortems . . . The "host" on the late late tv show who persists in explaining the oncoming old old movie. Have I mentioned that before? It still defeats me. Once not long ago, he actually told us who dunnit in a mystery show. Thank goodness for the little gadget that can time him out till the show starts . . . Telephone advertising which still goes on . . . Anonymous letters which ditto.

Overheard in the drug store: After Thanksgiving come the Christmas card-sealing and stamp-licking.

Mary Morris (address unknown, but Columbus postmark) sent the following quotes for this department: A pretty girl is like a melody — and all you have to do after you marry her is face the music . . . "Accident" is just another word till one happens to you . . . Communist: One who borrows your pot to cook your goose in . . . Sentimental husbands department: One husband had a cigarette lighter he gave to his wife inscribed: "To my matchless wife." Another kept his wife's picture in his watch, and wrote beneath the photograph "A jewel among jewels."

"STEADY NOW!"

Dear Son

By Joseph Martell

Chittlin' Switch
Monday afternoon

Dear Jason:

Would have written sooner but was busy all week canning for the winter. I put up 50 jars of polecat stew, 100 jars of beaver meat and I put up about 80 jars of wild hawg preserves but I think I put up with your old man long enough.

He got loaded again the other night and Sheriff Gooch had to bring him home. Paw says he only drinks to steady his nerves. Whenever he goes out with those old cronies from Polecat Junction he gets so steady he can't move.

Well, here's really some sad news I have to tell you. The retired old maid librarian went to a drive-in movie for the first time in her life last week at the age of 86 and while there she got hit by a car and was killed. It's believed she was the first woman to be run over on the way to the bathroom.

That stuck-up girl who left the Switch here and got a job in one of those New York night clubs taking off her clothes paid a week-end visit here with her Maw and Paw. I nearly fainted when she got off the train. She wore a dress that was cut so low it looked like a belt.

Your sister, Morphine, celebrated her 5th wedding anniversary on Nov. 10 and her husband gave her a gold watch. She told him he was very kind and she appreciated it, but that the fifth anniversary was tin. He told her to wait until she wore the watch for three weeks.

I was surprised to read in the Chittlin' Switch Daily Bugle that they believe they dug up Christopher Columbus' bones. Right then and there I lost a lot of respect for him. I never knew he was a gambling man.

Guess I'll close now but before I do I have to tell you that your nephew, little Cheddar, has been naughty again. Last Sunday he was playing William Tell with his sister in the back yard. He'd make her stand against a tree, then he'd march 40 paces and turn around and shoot at the apple with his father's old rusty rifle. She would have been eight years old tomorrow.

Write soon

Your loving MOM.

P.S. Read in the "Seabag" where they had a big fashion show at your place. I think Elmira Tesch would have been a bit in it if she appeared in her black dress with the white dots as big as saucers on it. She's got a new pair of paratrooper boots, too. Also, that officer who appears on those TV programs could sing something appropriate like "Feudin', Fussin' and A-fightin'."

Anybody can learn to do anything with the help of "do-it-ourself" books at the Columbus Public Library.

Have you read a good book lately? There are many excellent novels and non-fiction books waiting for you at your Columbus Public Library.

'Fantasy' Land Is Scene Of Show

"Fantasy," a land of realistic dreams where toys and animals behave like people, has been chosen for West High School's annual variety show, the Sales Tax Show, this year. Cast members include, left to right above, Dale Stultz, Ken Ruber, Jack Kramer, Laura Lucas, Tom McMillen and Mardell Dixon.

A fanciful tale of "Fantasy" land will be presented in two showings at West High School, Dec. 6 and 7. Cast of the unique production will include the West High Choir, singing Fred Waring's "Nutcracker Suite" in the background.

Singers, dancers and comedy acts will all portray the dreamlike life of "Fantasy."

The shown is under the direction of Mrs. Evelyn Hall, Mrs. Edith White and Claire Barnard.

Students will see the production on Dec. 5. They may exchange $10 in sales tax for a ticket, or purchase one for 50 cents.

The public showing will be on Thursday evening, Dec. 6. General admission tickets at 50 cents each may be purchased from home room representatives. These may be exchanged, with an additional 25 cents, at the school office for reserved tickets.

Since the sales tax show has often been a complete sell-out, those wishing to attend are advised to buy tickets immediately, rather than risk disappointment on the night of the production.

West Park Single Men Win 37-6

Thanksgiving Day morning marked the 26th annual football game for the men of West Park Methodist Church.

The tab tackle game played each year between the married and the single men has become traditional.

This year's game, played Thursday morning at Westgate Park, turned into a rout for the single men, who scored six times against the slower married men.

Behind the flawless playing of Dick Wells, Ralph Littler, George Breckenridge, Tom Sowers, Paul Fulton and Swank, all Central High letter men, the heavier married men were held to one touchdown.

Bill Kearney and Ray Laughlin, co-captains for the much-mauled married men, had only one comment to make: "Age will tell."

Kiwanis Is Santa To Schools

A NEW FILMSTRIP PROJECTOR for John Burroughs School is delivered to Mrs. Maxine Walters, principal, by Bob Schmidt, chairman, and Roy Von Ins of the Hilltop Kiwanis boys and girls work committee.

A bit early perhaps, but the Hilltop Kiwanis Club is playing Santa Claus to Hilltop grade schools. Each year in June the club surveys the schools for needs supplementing the regular school equipment. In December the presentations are made by the Kiwanis boys and girls committee. Also assisting at the presentation were Jim Foote and Don Best who helped deliver the following gifts: W. Mound Street School, AM-FM radio; St. Agnes, filmstrip projector; W. Broad, radio; St. Mary Magdalene, two pairs basketball baskets, filmstrips; St. Aloysius, primary typewriter; Highland, $50 toward boys' jungle gym; Westgate, three-speed record player; John Burroughs, filmstrip projector.

Money spent on the gifts is derived from the sale of the annual Kiwanis Christmas newspaper.

Four Generations Called Farmhouse 'Home'

By Shirlee Monty

In 1837, only four families lived between Columbus and Georgesville.

Benjamin Holt, the head of one of these pioneer families, would probably be both dumbfounded and delighted to find his great-grandson still living in that original home.

Three generations of Holts have lived, loved and left the old farmhouse at 1680 Georgesville-rd and one member of the fourth generation, Gayle Holt, still makes his home and living on the 106-acre farm of his ancestors.

Pennsylvania Family

Benjamin Holt brought his wife and nine children to Ohio from Pennsylvania 119 years ago. He then built the front of the present house, which has two stories, three bedrooms and is without a basement.

At his death, the home went to his son, Thomas Holt. About 1885, Thomas added a kitchen and dining room to the rear of the house.

The third generation officially took over in 1911 when Robert Holt and Janie Holt Ball, Thomas Holt's children bought the old family farm. And finally in 1952, after the death of his mother, Gayle Holt bought the property and took his place as the fourth generation to occupy the old Holt homestead.

The old landmark stands very much as it did 119 years ago, with the same framework and floor. Among the few changes has been the removal of the two fireplaces and the renovation of the shingles and roof.

Two other members of the fourth generation, sisters of Gayle Holt, are Mrs. Otha Williams, S. Hague-av, and Mrs. Ralph Cummins, R. 1, Galloway, Ohio.

THE FOURTH GENERATION to occupy the the Holt homestead at 1680 Georgesville-rd is Gayle Holt (above) standing in front of the 119-year-old farmhouse. Except for the removal of the two fireplaces and the renovation of the shingles and roof, the house stands very much as it did over a century ago.

LET'S GO SHOPPING FOR: Citrus and dried fruits, apples, nuts, salad greens, pork.

Do you find the period between Thanksgiving and Christmas a difficult time in which to cook for your family? With one big feast over, and the anticipation of another one, with all its goodies in the making, appetites are often dulled. It sometimes takes smart planning and something of the unusual to entice some members of the family.

Usually you can rely on fruits, vegetables and milk to pep up lazy appetites. Generous use of apples and dried fruits may help you do the trick. Chances are the meat on your menu is turkey or chicken for both holidays so why not serve fresh pork or ham for a welcome change during these intervening weeks.

Salad Greens

The cold crispness of salad greens helps offset heavy holiday foods. Check the fresh vegetable counter carefully for something different to intrigue your family. As a change from head lettuce substitute leaf or Bibb lettuce, or some of the less common greens such as Chinese cabbage, escarole, endive, and cabbage. Even the same vegetables look and taste different if the salad dressing is varied and interesting. For instance, you can vary tossed salad by adding Roquefort or blue cheese to your usual French dressing or mayonnaise.

If you haven't tried Bibb lettuce do ask for and try it. Bibb lettuce is a small cluster of tender dark green leaves—or a loose head about the size of an apple. This head has a white stem surrounded by deep green juicy leaves of a very special delicate flavor. It is so tender it need not be cut up when used. Dip in water to wash. Remove the core and the leaves fall apart on the salad plate—and all that is needed for a super salad is your favorite dressing. Here is a lettuce that is more expensive but well worth trying.

Fruits

CITRUS FRUITS are of excellent quality and their prices are reasonable. For appetite appeal serve oranges and grapefruit not only for breakfast but as dessert, for lunch and dinner. Sliced oranges, alone or in combination with other fruits, make an interesting salad. Try broiling grapefruit halves to serve with the meal or as dessert.

DRIED FRUITS, shiny apples, grapes and nuts add zest to your shopping list and help perk up the family's interest in food during the pre-Christmas period.

Fruits more commonly dried are prunes, apricots, figs, dates, raisins and currants. Peaches, pears, nectarines and apples are also available. For the best in quality select clean, plump fruit, attractive in appearance and of a rich color typical of the kind of fruit. Softness is usually an indication of freshness.

Dried fruits are tree-ripened fruits with 75% of the moisture removed by either a dehydration process or by sun drying. Dried fruits are easily digested and their fruit sugars are absorbed into the blood stream to be used as an immediate source of energy. This fact makes dried fruits an excellent snack for children. They love to chew these fruits as they come from the package. This is the perfect answer to frequent demands for candy. The fruits are more healthful and spare the appetite for meal time.

Some of the vitamin C is lost in the drying process but dried fruits are a good source of vitamin A, phosphorus, iron and energy.

To save food value and obtain the best texture and flavor if you cook dried fruits, cover them with water and soak a few hours before cooking. Then bring the fruit to boil slowly and allow to simmer until tender but firm. If sweetened, use sugar sparingly. Try using strained honey instead of sugar for a perfect blending of flavors.

APPLES at their best now are Jonathan, Grimes Golden, Cortland and Red Delicious. Each of these varieties make good eating raw, and all but Red Delicious are excellent cooking apples. Keep a bowl of polished apples ready for between-meal snacks and lunch boxes. Make apple or Waldorf salad frequently. Bake a pan of apples while you're baking a main dish. Use apples for pie, for apple crisp and other desserts to relieve the concentration of holiday sweets.

Marine Becomes Father, Corporal During Same Day

Frank Andrews

An old service saying that states responsibility comes with promotion never proved truer than when Frank Andrews, son of Mr. and Mrs. Frank A. Andrews, 198 Midland-av, was promoted to corporal last month.

Stationed as a teletypist in Hawaii with the Marine Corps, Andrews' advance in rank was announced the same day his daughter, Teresa Marie, was born. Married to Nancy Kiner, a former student of West High, he and his wife moved to Hawaii in February.

Andrews entered the service in May, 1954. After completing his boot training at Parris Island, he was stationed at Camp Geiger, Camp Lejeune, Puerto Rico and Norfolk before being sent to Hawaii.

Before entering the Marine Corps, Andrews attended West High School where he went by the name of Arthur "Andy" Andrews.

DEATH ON THE HIGHWAY

Struck Down While Seeking Aid

Walking along the highway to secure help for a friend whose car had stalled, a 34-year-old café manager and owner was hit by a speeding car. He died a few days later, leaving a widow to carry on the business. She was faced with many problems including unanticipated expenses and business indebtedness. The situation was grave, but her husband, with love and foresight, had thoughtfully provided for just such emergencies.

ASSURANCE ONLY 1 WEEK OLD

Seven days before her husband met with his accident, the local representative of the Sun Life of Canada had sold him Endowment Assurance Policies of $1,000 and $2,000 respectively. The actual first premiums for these policies were paid only about two hours before the tragedy occurred, but there was no thought of the swift impending catastrophe in the minds of any concerned with the transaction. A very short time after the assured had died, the full proceeds of the two policies were paid to the widow by the Sun Life Assurance Company of Canada.

Three students will represent West at the first Youth Traffic Safety Conference, Nov. 30, and Dec. 1, at Veterans' Memorial Hall.

Kay Hudson, John Laderer and Dennis McDonald will represent the West High driver education classes at this conference. "Youth Looks to a Safer Tomorrow" is the theme.

There will be group discussions on problems facing young drivers; "Teenage Driving Habits," "Driver Education," "Legislation," and "The Organization and Projects of a Youth Traffic Council."

This conference, the first of its type in Ohio, will be sponsored by the Ohio Driver Education Association. James Frederick Brymen, a senior at Toledo Scott, will preside.

Expected attendance is 300 students from all over Ohio.

Hawks Cagers Top Hotshots

The Hawks rallied to defeat the Hotshots 40-37 last week in the Glenwood Recreation Center Senior Boys Basketball League. Big Jim McAndrews, the Hawks' seven foot center led the victors scoring attack with 11 points.

The aces continued to play improved ball as they trounced the Trotters 49-25. Bob Blackburn with 18 points and Dan Van Hooss with 17 led the Aces offense. Mike Swank was the loser's big gun with 12 counters.

Third game of the evening was a close scoring duel with the Beef-Trust edging out De-Moisy 31-27. Bob Kreig and Gary Link paced the winner's attack with eight points apiece.

The Chucks remained tied for first place by defeating the Bulldogs 31-29 in an overtime. The Celtics defeated Burgess 42-29 to maintain the first place pace. Jeff Dum scored 166 points and controlled both backboards for the Celtics while Dan Scoles' 12 points were tops for the losing Burgess team.

Bake Fruitcake Now And Freeze For Later Use

Freeze a fruitcake!

This time-saving idea for homemakers comes from extension nutrition specialists at The Ohio State University.

Fruit cakes are particularly adaptable for freezing, according to the specialists. The cake stays moist because of the fruits and fat present, and the flavor becomes blended and mellow because of the many nuts in it.

The nutritionists say that the baked fruit cake can be wrapped and stored in oven glassware or that the cake can be baked in metal pans, removed and cooled, then wrapped and stored in the freezer. A good quality freezer wrapping material that is moisture-vapor proof should be used.

Since fruit cakers are rather compact and sturdy, they are not likely to get mashed or dented in the freezer. Or your local bakery usually will have available convenient boxes for packaging.

So if you make your own holiday fruit cake, you may want to do it soon and store it in your home freezer or freezer locker.

Randall Gets Frosh Award At Capital

Dave Randall

Dave Randall, former West High School football star, was honored at Capital University, Nov. 20, when he was awarded freshman football numerals in a special awards ceremony. Dr. Harold L. Yochum, president of the Columbus school, presented the award.

Randall, playing tackle on the Cap football team, saw limited duty this year as freshman on a squad that boasted a total of 19 junior and senior lettermen. Largely through the strength of the promising freshman group, Cap was able to come through with its fourth straight winning season, finishing with five wins, two losses, and one tie.

Randall lettered in baseball and basketball as well as football. He was captain of his high school team during his senior year. Randall was named on the All-City football, basketball and baseball teams.

Dave is the son of Mr. and Mrs. C. B. Randall of 43 S. Warren-av.

The first time a car ever appeared in a remote backwoods community it whizzed by the general store. Someone asked, "What in tarnation was that thing?" Just then a motorcycle came around the bend. "Don't know," somebody answered, "but here comes its colt!"

Porch Light For Carolers Will Assure Renewed Hope For Young Hearts

"CHRISTMAS CAROLING"—Appealing for young heart disease victims are carolers, left to right, Tana Davis, 70 S. Sylvan-av; Brenda Holycross, 97 Powhatan-av; Terry Randall, 83 Powhatan-av; Mrs. Claire Wiseman, leader, 110 S. Sylvan-av, and Daryl Davis, 70 S. Sylvan-av. Proceeds from their serenading on Dec. 11 will go toward maintenance of the Kinder Key Laboratory, located in Children's Hospital.

Christmas carolers will serenade homes whose porch lights are on Dec. 11 6-9 p.m., in a fund-raising drive to help children stricken with heart disease. Hundreds will participate in the city-wide effort.

Carolers will be teenage and young adult groups from churches, Scouts, Camp Fire Girls, YMCA, YWCA, Schools, choirs and civic organizations. Proceeds from drive will go toward maintenance of the Kinder Key laboratory in Children's Hospital, only diagnostic center devoted to children's heart diseases in this area.

Those who wish to donate to the laboratory may turn on their porch light or place a lighted candle in their window on the evening of Dec. 11. Carolers will sing at that house, and then come to the door to receive donations.

Anyone who is not at home on that evening, or is missed by carolers, may send his donation to Kinder Key, P.O. Box 303, Columbus.

Heart disease causes more deaths in the five to 19 year age group than the combined total caused by tuberculosis, polio, pneumonia and contagious diseases, according to Kinder Key Laboratory.

Daughter Passes Gavel To Mother In Installation

An installation last evening was reminiscent of a family reunion. Mrs. Agnes Wolfe, 124 Haldy-av, past matron of Robert Morris Chapter, 372, OES, installed three officers, all members of her own family.

Mrs. Wolfe had the privilege of installing her mother, Mrs. Lillian McVay, 2930 Olive-st, as worthy matron; her brother, Don C. McVay, 208 S. Westgate-av, as worthy patron, and another brother, Ray F. McVay, Jr., 2034 Olive-st, as marshal.

The unusual family circumstance also marks the first time in the chapter's history that a mother and son will serve together in the leading capacity.

Other officers installed are as follows: Lois Hicks, associate matron; Paul Hicks, associate patron; Ethel Cranford, secretary; Catherine Hakola, treasurer; Bernice Long, conductress, and Opal Gould, associate conductress.

Ardath Frederick, chaplain; Josephine Nowell, organist; Pollie Wright, Ada; Lenora Frey, Ruth; Dorothy Best, Esther; Margaret Brophy, Martha; Mary Guyton, Electa; Frances Pinehart, warden, and George Browne, sentinel.

Ann Williams, trustee; Marie Worthington, hospital representative; and Agnes Wolfe, Dorothy Deitchle, Hazel Carney, and Lega Moore, pages.

New officers will take over at the next regular meeting Dec. 6, at 7:30 p.m. This will be the annual "Obligation Night."

A precedent was established last evening at the installation ceremony of Robert Morris Chapter 372, Order of Eastern Star, when Past Matron Mrs. Agnes Wolfe (left) installed her mother, Mrs. Lillian McVay (seated) as worthy matron; her brother, Don C. McVay (right) as worthy patron, and another brother, Ray V. McVay, Jr., as marshal.

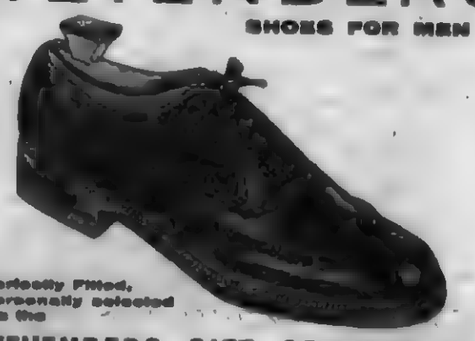
So this is HOMEMAKING

My husband isn't exactly a loafer, but he never has qualified as the world's most helpful spouse, either. That is, not until our new electronic range arrived.

Now you would think that Bill had always been the head chef at our house. Particularly when we have company, I can't pry him out of the kitchen. And he usually has our guests out there, too, giving them a running commentary on how their dinner is progressing in the RCA Whirlpool electronic range.

"You won't believe this," Bill will say as he opens the range door, "but you can put your hand right on this shelf. See? It isn't even hot, but the food is!"

And everybody has to touch the shelf, while I concentrate hard on the salad so they won't see me laughing. Sometimes it isn't so funny, though, like the other night when we were having a roast. Bill opened the door so often, it took much more than the usual 30 minutes to cook. That was because the marvelous transmission of microwave energy automatically stops when the door is opened.



Bill never tires of telling people how "we can bake a cake in three minutes" or about the steak "we cook and serve in 4½ minutes right on our best china platter."

Well, I can't blame him for his enthusiasm. Now that I'm doing 90% of my cooking electronically, I only spend 20 or 30 minutes a day in the kitchen. According to the home economists at the Whirlpool-Seeger appliance center, that's par for the course!

Westgate Church To Mark 15th Anniversary

Westgate Methodist Church will celebrate the 15th anniversary of its organization on Sunday, Dec. 2. First service of the church was held on Pearl Harbor Day, Dec. 7, 1941 in West High School.

Special worship services will be held at both Sunday services, and a coffee will follow the 11 a.m. service in the Fellowship Hall of the church. Charter members and a class of new members will be honored.

Rev. George Taylor, pastor, will speak on "Thy Beginning was Small," during the service and the chancel choir will sing two anthems from Handel's Messiah, "And The Glory of The Lord," and "Glory To God," at 11 a.m. The youth choir will sing at 9:45 a.m. service.

Following the first worship service in December, 1941, charter members were received into the church until Easter, April 5, 1942. Seventy-two of the original 150 charter members are still active in the church.

Many have moved to other states and are now living in Germany, Massachusetts, New York, Illinois, North Carolina and Nevada, with Florida claiming the largest number.

Tracing the whereabouts of 150 charter members of the church was a tedious task for Rev. George Taylor, pastor of Westgate Methodist, and Mrs. Stanley Russell, church secretary, shown above. Through their efforts they have located all but four. Charter members will be honored in the 15th anniversary celebration of the church planned for Sunday, Dec. 2. Mrs. Russel is one of the charter members. STAFF Photo

Penny For Your Thoughts

Question: Do you think Elvis Presley is a bad influence on today's youth?

Mrs. Earl Porter, 150 S. Westgate-av: "No, I wouldn't think so. I have two teen-agers myself, one an Elvis Presley fan. I think the rock and roll music is in line with the hot-rods and modern times. I don't think it's a bad influence."

Mrs. Fred Smith, 80 S. Eureka-av: "Yes, I would say he's a bad influence. I don't think he means anything by it but his commotion certainly upsets a lot of teen-agers. My 13-year-old granddaughter hollars and cries whenever he sings and I think she ought to be paddled."

Mrs. James J. Harrington, 136 S. Powell-av: "No, I do not. I don't think anything like Elvis Presley or any other fad is going to have a bad influence on teen-agers."

Mrs. Charles Ranney, 435 S. Burgess-av: "I don't suppose so. Each generation goes through the same thing with some sort of crooner as Frank Sinatra, Rudy Vallee and Al Jolson in the past. I think Elvis Presley is just a passing fad that will soon fade away. They'll get over him in time."

Mrs. A. W. Scarberry, 1606 Harrisburg-pk: "I think he's a bad influence. I just don't like the movements he makes when he sings. I don't think his program is clean like those of the other singers."

Mrs. Lee D. Warner, 347 S. Sylvan-av: "I think he's a very talented young man. The average young person recognizes this talent and after all, they have to have an idol! I think, too, that his new picture brings out a side of his character never seen before. Adults are often impatient with youth, yet teenagers are quite wonderful with their enthusiasm, joy and happiness."

THE HILLTOP RECORD

The Family Is The Source of America's Strength . . .

The Hilltop Record Is The Family Newspaper Of Over 15,250 Hilltop Families

Every Genuine Hilltopper Reads The Hilltop Record

He's "Doing It Himself"!

Your Record Newsboy Is Earning and Learning By Doing

That's right, the friendly, courteous boy who calls at your door each week with your copy of this newspaper is 'DOING IT HIMSELF.'

He's learning the basic business facts of life through his own private business venture, his newspaper route.

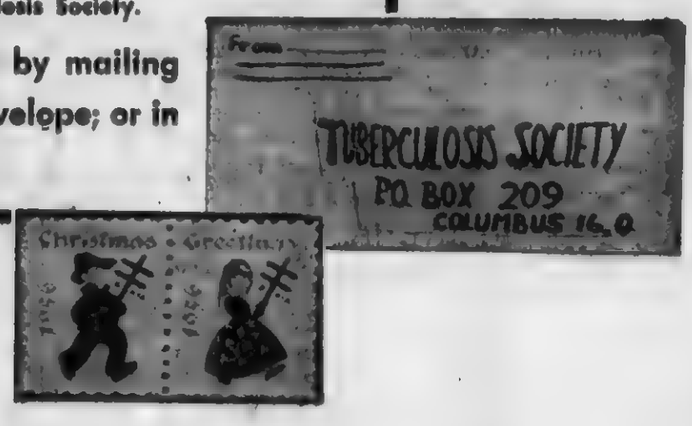
He's learning to be courteous, thrifty, learning to keep books and records, learning how to get along with people, how to sell.

The really important fact about all of these things is that he is learning through his own initiative . . . building habits of self reliance that will carry through to his adult life.

Yes, your Record newspaperboy is 'DOING IT HIMSELF' . . . preparing himself for a more full adult life. He deserves your wholehearted support.

Your Record Newsboy Will Appreciate Your Payment When He Calls On You Each Month. Ask for Your Receipt.

Have You Forgotten?
The Christmas Seal Sale Needs Your Help Now!



No one knows better than Karen Kline, 'Miss Christmas Seal of 1956,' the life-saving work that Christmas seals perform.

THE CHRISTMAS SEALS YOU BUY PAY FOR

- FREE CHEST X-RAYS
- A PROGRAM TO RESTORE TB PATIENTS TO NORMAL LIVING
- RESEARCH IN TUBERCULOSIS
- A PROGRAM TO TEACH TB PREVENTION

. . . and all other activities of the Tuberculosis Society.

Insure these services for the year ahead by mailing your contribution NOW in the return envelope; or in any envelope you choose.

. . . In July pretty 16-year-old Karen Kline, red-haired, freckled and exuberant with life, stepped aboard the Christmas Seal X-ray Cruiser for her very first free chest check.

In a matter of weeks she was a tuberculosis patient at Benjamin Franklin Hospital!

Karen is still numb from the news. But she knows she will get well because her unsuspected TB was caught – in time! Eventually Karen will return to North High . . . and gradually she will be able to resume her life as an active and important young citizen . . . due to Christmas seals . . . and to you!

Dog Licenses For 1957 On Sale Dec. 1

Dog licenses for 1957 will be on sale Saturday, Dec. 1, at the courthouse license division, according to an announcement by Fred C. Dunn, Franklin County Auditor.

Licenses may also be obtained at the Humane Society animal shelter, 2770 Groveport Pike, or by mail by forwarding the $2.00 fee (for male, female, spayed female dogs) with name and address of owner, brief description of dog (age, sex, color, long or short hair, breed) and a stamped, self-addressed return envelope, to County Auditor, Courthouse, Columbus 15, Ohio.

All dogs three months old or older must be licensed. Dogs not wearing the license tag are considered stray, subject to impounding by dog wardens, and the owner is subject to a fine. The tag is an excellent protection since through the number the owner of a lost or injured dog may be located quickly. The money derived from licenses is allocated in part to finance the activities of the Humane Society.

The County Auditor's office is open from 8:30 a.m. to 4:30 p.m. Mondays through Fridays and until noon on Saturdays. Dog owners are urged to apply early for licenses to avoid the usual rush in January. 49,500 licenses were issued in 1956 and 48,000 are anticipated in 1957.

Pageant Ushers In Yule Season

Bands played, 18 floats moved into formation under Saturday's sunny skies and the holiday season officially arrived on the Hilltop. The second annual Christmas pageant parade was sponsored by HBA and financed by local business and professional people. Shown above is Mardel Dixon, perched atop the Hilltop Church of Christ float.

"No Room at the Inn" was the theme of the float built and designed by Community Christian Church young people. Each float portrayed one portion of the central theme, "God's Great Gift."

High spot of the parade to the small fry was Santa himself. Shown above, confiding his Christmas wishes is one of Santa's fans. The float was entered by Hilltop Business Association.

Scouts Pick Up 'Toys For Tots' Here Dec. 15

Boy Scouts will soon be checking front door steps for cartons of toys in their annual "Toys for Tots" campaign Dec. 15.

Columbus Marine Corps Reserve Organizations have joined forces with the Boy Scouts in this drive "to make Christmas time a happy time for the under-privileged children of Columbus and Franklin county."

If you can make a contribution of a toy or toys, place them in a paper carton and leave on your front steps Saturday, Dec. 15. The Scouts will hang a reminder on the doors of area residents Dec. 8.

Vernon Sanford, 164 S. Westmoor, chairman, and Harry Keller, 852 S. Eureka-av district commissioner, will spearhead the general plans for collecting the toys

Last year Columbus led the nation's 230 similar campaigns by collecting and distributing nearly a quarter of a million toys.

300 'Grownup Newsboys' To Hawk Kiwanis Christmas Papers Tonight

Over 300 Hilltop men will take to the streets this evening in the role of newsboys to sell the annual Hilltop Kiwanis Christmas newspaper. Over 15,000 copies of the paper will be distributed

Residents of the area are asked to have their porch lights on tonight and to purchase a paper when the "grownup newsboys" make their rounds.

Funds raised from the sale of this paper go toward the extensive youth program in this community during next year. In addition there will be a very generous gift made from proceeds of the drive to the building fund of the Hilltop YMCA.

A special effort is being made by the newspaper committee this year to break all previous newspaper sales records. It has been agreed that all net proceeds over and above the amount normally appropriated for the club's community activities will be allocated toward the Y building program which is in keeping with the stress given youth activities by Kiwanis clubs all over the country

The sale started officially at noon today with the annual auction of early copies of the paper at a luncheon held at Lincoln Lodge. Clarence Latham served as auctioneer. Names of high bidders were not available at press time today

Numerous "newsboys" were scheduled to visit business places with the paper today and the kickoff of the big sale tonight is set for 6 p.m. at West High Cafeteria with dinner being served by the Hilltop Kiwanikwe.

Kiwanians and the helpers selling papers tonight will be identified by a card indicating they are "Kiwanis Newsboys."

West Franklin Kiwanians will sell the paper in their area Thursday night, with proceeds going to the Y

The Cartwheels Are Coming!

It is almost Silver Dollar time again.

This week employees of the Hartley Printing and Publishing Co., will receive their pay in silver dollars, just as they have done for over ten years just before Christmas.

So, when you see a silver dollar in this community you will be reminded that in all probability it came from one of our employees.

Merchants are asked to pass them on as change. Many people like them as gifts for stockings and other such small Christmas tokens

Look out for the cartwheels . . . and keep em rolling!

City Takes Steps To Buy Valleyview Park Acreage

A further step toward development of the Hilltop Civic Center on Valleyview-dr, was taken Monday evening when City Council directed the city attorney to proceed with acquisition of the 18 acres on Valleyview-dr, owned by Harold Cunningham.

The property lies east of Joan Heights and adjoins the property recently purchased by the Columbus Board of Education for the site of a new junior high school. It runs to the south as far as the NYC railroad

The city will offer Cunningham $50,207 for the acreage which is their appraised price

The land when acquired will be used for playgrounds and will be operated by the city parks division.

Legislation seeking the new park was introduced by Hilltop councilman Ralston Westlake and was supported by other Hilltop councilmen Jerry Spears, Jr., and Wesley Llewelyn.

New Firm To Have Grand Opening This Week

GRAND OPENING of the new General Tire Service Co., corner of Eureka-av and W. Broad-st, will be held starting tomorrow, Thursday, Dec. 6, through Saturday, Dec. 8. Free gifts and prizes will be given to all attending. Four pages in the Record today carry the opening announcements.

ENGINE HOUSE NO. 12

You Can Help 'Brighten Their Corner . . .

"Don't hide your light under a bushel," the old adage goes and the firemen of Engine House No. 12 hope you believe in it and will help them with their Christmas decorating needs.

As Hilltoppers well know the 12 firemen stationed at Brinker and Sullivant-aves take particular pride in beautifying their location. In summer the fire house is bordered with some of the most attractive flowers in the neighborhood.

Now their neighbors have a chance to help brighten their corner this Christmas. Capt. Ralph Burton and his men are looking for some extra lights, Christmas murals or big figures. They have some 100 feet of flat roof space which would lend itself well to telling the holiday story. The firemen furnish the spotlights for illumination.

So, if you have any extra decorations "under a bushel" somewhere in storage which you would either lend or give the firemen, call BR. 4-0795. They'll be glad to pick them up.

A Smile of Victory from Ed

This is Ed Planck, 2984 Crescent-dr, and that is a victory smile as he admires the trophy in his hand. And why shouldn't he be proud. This was the award presented him this past week at the city-wide YMCA round-up victory dinner when it was announced that the Hilltop YMCA topped the list of all the city branches with a total of 3238 members in the recent drive. Planck was chairman of the local drive, assisted by Rev. A. J. Weld.

Pictured above, signing Ternstedt's $100,000 check to the Hospital Expansion Program, is Paul L. Jones, Resident Manager of the Columbus Plant of the Ternstedt Division of General Motors. Looking on at the left is LeRoy D. Gable, Chairman of the Committee for Hospital Expansion and at the right is Edward J. O'Conner, Resident Comptroller of the plant.

Mr. Gable, in accepting the check, said that this $100,000 contribution made a total of $284,000 that Ternstedt has contributed to the expansion of Columbus hospitals in the last ten years.

He stated that with the receipt of the Ternstedt gift that $3,600,000 has been subscribed with $2,000,000 more needed to finish the job.

Y-TEEN NEWS

By Estella Thompson

The Y-Teens Recognition Service was held Thursday, Nov. 29, at the YWCA. Billie Lutz led the ceremony and Mrs. Daniel gave a review on the subject, "Seventy-Five Years of Teen-Agers in the YWCA." Then we sang "Our Song."

The Triangle procession included Marilyn Howell of Starling, who portrayed "Yesterday." Then we sang "We Would Be Building." Next followed the lighting of the candles. There was a litany between Billie Lutz and the Y-Teens and it was followed by the Lord's Prayer. Then we sang the Y-Teens Taps.

ATTENTION ALL Y-TEENS—Junior Inter-Club Council Dec. 8. Y-Teen Christmas party Dec. 8. ALL ARE WELCOME.

ring her literary career as reporter for more than 40 , Mrs. Boucher has been as- sociated with The Madison Press, Hilliards Times, West Jefferson Star, The Columbus Citizen, The Columbus Dispatch, The Grove City Record and The Hilltop Record. A source of inspiration to Mrs. Boucher over the years was her brother, Olen Bodle, later known as "the bard of Darby."

Recalls Stagecoach Days

As the holiday season approaches, Mrs. Boucher reminisces and rereads "The Bells of St. John's", her brother's well-loved Christmas poem, which has as its locale, Grove City, Mrs. Boucher's former home. In thinking of the days of her youth, Mrs. Boucher vividly recalls the colorful arrival of the stagecoach drawn by four chestnut horses, heavily packed with carpet valises, which would come to a vigorous stop in front of the local hotel. The streets did not boast sidewalks, but sawdust covered the walking area.

Mrs. Boucher's blue eyes twinkle as she tells of her early days in attendance at public school and a German school during the summer months. Being of Irish and English lineage, she said she also wanted to speak German like her playmates. Always alert and interested in people, Mrs. Boucher has many memories on which to draw.

She attributes her keen mind to her many active years on the farm and her association and interest in people. "Every one has a story," said Mrs. Boucher, "and I have found during my long hike down the road of life that nearly everyone is kind and good at heart." Mrs. Boucher was born near Salem Heights church shortly after the close of the Civil War.

She is still busy "getting the news" and is making her home with her granddaughter, Mrs. Joseph Smith, 591 Townsend-av. She has two daughters, three grandchildren, three great-grandchildren, and three great-great-grandchildren.

STARLING School News

NEW MUSIC ADVISOR

By Roberta Tyler

Mrs. Dunham, the new music teacher, graduated from Otterbein College in Westerville. She formerly taught at Marysville Centralized School in Marysville. Her husband is a teacher in speech at Ohio State University. He is also studying for further degrees in speech. Mrs. Dunham says she's sure she's going to like Starling.

All Starling pupils were unhappy to find out that their former music teacher, Mrs. Jackson, had retired. They are very much pleased with her successor. Mrs. Jackson will be missed greatly by Starling pupils, especially by the glee club and boys' chorus groups. Both organizations wish her luck in her new chosen field.

SHOE FUND DRIVE

'Love Of People' Marks Mrs. Boucher's Long Life

Mrs. Belle Boucher

By Mrs. James W. Whalen

As a tribute to Mrs. Belle Boucher's 89th birthday anniversary, members of the Roma Study Club, of which she is a charter member, had a shower of cards in her honor, Nov. 27. Mrs. Boucher is now an honorary member of this organization. Besides the many cards, Mrs. Boucher received gifts and remembrances from old neighbors and friends in New Rome.

Mr. and Mrs. Boucher moved to 37 Pasadena-av, New Rome, in 1922 after selling their farm. Always interested in community activities and the success of any new idea or plan, Mrs. Boucher became one of the first members of the Rome PTA and was awarded a beautiful rose corsage in recognition of her 26 years of membership at the Rome PTA Founders' Day program held in February, 1950.

During her literary career as news reporter for more than 40 years, Mrs. Boucher has been associated with The Madison Press, Hilliards Times, West Jefferson Star, The Columbus Citizen, The Columbus Dispatch, The Grove City Record and The Hilltop Record. A source of inspiration to Mrs. Boucher over the years was her brother, Olen Bodle, later known as "the bard of Darby."

Recalls Stagecoach Days

As the holiday season approaches, Mrs. Boucher reminisces and rereads "The Bells of St. John's", her brother's well-loved Christmas poem, which has as its locale, Grove City, Mrs. Boucher's former home. In thinking of the days of her youth, Mrs. Boucher vividly recalls the colorful arrival of the stagecoach drawn by four chestnut horses, heavily packed with carpet valises, which would come to a vigorous stop in front of the local hotel. The streets did not boast sidewalks, but sawdust covered the walking area.

Mrs. Boucher's blue eyes twinkle as she tells of her early days in attendance at public school and a German school during the summer months. Being of Irish and English lineage, she said she also wanted to speak German like her playmates. Always alert and interested in people, Mrs. Boucher has many memories on which to draw.

She attributes her keen mind to her many active years on the farm and her association and interest in people. "Every one has a story," said Mrs. Boucher, "and I have found during my long hike down the road of life that nearly everyone is kind and good at heart." Mrs. Beucher was born near Salem Heights church shortly after the close of the Civil War.

She is still busy "getting the news" and is making her home with her granddaughter, Mrs. Joseph Smith, 561 Townsend-av. She has two daughters, three grandchildren, three great-grandchildren, and three great-great-grandchildren.

LOOKED REASONABLE

The first time a car ever appeared in a remote backwoods community it whizzed by the general store. Someone asked, "What in tarnation was that thing?" Just then a motorcycle came around the bend. "Don't know," somebody answered, "but here comes its colt!"

JONATHAN ALDER STORY . . .

Kenton Again Condemned To Death; Is Again Released

Chapter 44

"When we arrived at Upper Sandusky, I was not required to run the gauntlet, as I had done before. Hundreds of Indians came out to see me. I was taken into the councilling hall. A grand council was called to dispose of me and the first speaker was Capt. Peter Druger, a Frenchman and selected a plot of land near the Mad River, close to Zanesfield, almost in sight of the spot where he had almost been burned at the stake.

"After 20 years of hatred for the Indians, all I want now is peace. Once my enemies, they are now my neighbors and friends."

He said it was the wish of the English government that every American caught should be killed, but he wanted me taken to the British commander in Detroit. He also promised to pay them $100 in rum and tobacco if they would allow him to take me to Detroit.

"The Indians agreed and we left immediately for Detroit. I promised to pay him 50 cents a day for as long as I lived if he would save my life when we got to Detroit and Capt. Druger agreed to try."

"There I was lodged as a prisoner of war. Through the help of a friend, Mrs. Harvey, three other prisoners and I made our escape on June 3, 1779. We made the long tedious journey on foot down the Wabash River, crossed the Ohio River at the falls and, after 30 days travel were again in Kentucky.

"I was determined to get my revenge and joined the garrison. I went out with almost every expedition. Several times we were beaten and had to run for our lives."

Kenton was now quite familiar with Kentucky and began acting as guide and hunter for surveyors. He was given land for his services.

One day, Kenton met a man from his home county in Virginia and began questioning him about happenings there. He learned that he had been mistaken in believing he had killed Veck. So, after an absence of nearly 30 years, he returned to Virginia.

When he came back to Kentucky, he discovered other men had taken possession of his lands and that he was reduced to almost poverty. Disheartened and unhappy, he crossed the Ohio Riv-

This is a love story. A story without an end and without the usual boy-meets-girl plot. They were both fighting for the normal life that young people plan for, and have a right to expect. He had been in World War II and had contacted tb in the South Pacific. Since the war he has had many operations and has been in many sanitoriums in the United States and Hawaii. She has been bed-fast for the past eight years; the doctors say she will never walk again. They had met at a USO dance during the war. He didn't remember her but she did, and had never forgotten his Irish face. Seven years ago she heard his name mentioned on a radio program, and wrote to him. They corresponded and became close friends. They had their fight for health in common. They cheered each other. His family knew he was steadily growing worse and expected his death, but she did not know it for his letters were cheerful as always. That is the way he was. He wrote his last letter to her early in the morning after Election night and told her he had stayed up all night, listening to the election returns. She wrote, bawling him out for losing his sleep. They found her letter in his mailbox when they found him. He had died alone, in his sleep. At first she was a little bitter — he had so much to live for, she thought. Now she realizes he needed a rest. He had fought a good fight. She will go on, with a memory to sustain her.

Mail — From Columbus: It's that time again and I'm up to here in Christmas cards. It is a sad time too, for there are several cards we won't receive this year, and will not send but it is a happy time, remembering old friends and new friends we have made since last Christmas. Life has a way of balancing things, I guess . . . From my dirt-farmer friend near Thornville: When the wild geese wing south over Buckeye Lake, can winter be far away? I think not. Yesterday I gathered the last few sprigs of mint from the bank of the creek. They must last me many months. Soon the creek will be asleep but it will sing in its sleep, under a blanket of snow. The cribs and bins are full so my hard work is over . . . From a seven-year-old: I have written two letters to Santa Claus because I forgot to ask for things for the poor Hungarian children. (She spelled it "Hongan") He goes all over every place, Mommie says.

BALANCE OF POWER!

Dear Son

By Joseph Martell

Chittlin' Switch
Sunday night

Dear Jason:

Well, we certainly had a wonderful Thanksgiving Day here at the Switch! There's only one thing that spoiled the day. Your Paw was in town the night before Thanksgiving drinking with his cronies and was half-gassed and somebody came up to him and sold him a chance on what Paw thought was a turkey. It turned out to be a Turk and your old man won. Paw brought him home and he's been here ever since.

We had quite a crowd at the house for dinner. The turkey tasted wonderful. After dinner we all went to visit old Sofie Tench who has been sick in bed for quite a while and had taken a turn for the worse. We got there just before she passed on. Her last wish was for a bowl of strawberries and cream. Naturally, we couldn't get any fresh strawberries at this time of the year so I gave her radishes and buttermilk. She never knew the difference. The doctor sort of hinted that perhaps I hastened her departure.

We wound up the day by going back to the house and we really had a good time. Paw got out the corn squeezin's and Si Poozer sang a couple of songs. (He'd put that singing officer you've got to shame!) Si is more or less sweet on the old maid librarian, Chlorophyl Snodgrass, and feeling rather gallant he gave her the old Sir Walter Raleigh treatment. He took off one of her shoes and filled it with joy juice and drank from it. In about five minutes he passed out. Her shoe held two quarts. I guess that there's not much more happened here Thanksgiving that's worth mentioning.

Your brother, Thermon, has had eight obs in the past six months and I've come to the conclusion that he just doesn't want to work or else he should use a little more diplomacy. Not long ago he was working in the Bon Ton Fur Emporium at Polecat Junction and a lady came in and asked him what he could show her in a Russian skunk. Thermon told her to come back later as the boss was out to lunch. He won't be idle long, though, as the Navy's accepting him as a lieutenant commander.

You'll never believe it but that woman that paints her face came from New York City finally wormed her way into our Chittlin' Switch Cultural Society Group for Well-Bred Women. We had our monthly meeting last week and before he could lift our secretary, fat Mrs. Grunch, up on the platform the widow started putting on airs. She told us that when she was up North on the stage (Burlesque) her agent insured her face for $50,000. You know me, Jason; I stood right up and asked her what she did with the money. That shut her up.

Your little nephew, Cheddar, is still a problem to your sister. In school the other day his teacher spent most of the morning telling the third grade the importance of being honest. She talked about the qualities of Honest Abe and pointed out that thieves always landed in jail. After lunch she thought she'd quiz them on what they learned in the morning so she asked Cheddar what he would do if he found a million dollars in cash lying on the sidewalk. With no hesitation at all he told her that if it belonged to a poor family, he'd give it back.

Well, guess I'll close now as I think I've told you all the news. Oh, yes, I nearly forgot to tell you about your cousin Zilch. He was reading the help wanted ads in the Chittlin' Switch Daily Bugle the other morning when he took off like a flash and yelled to us that he was going to get a job. About an hour later he came back to the house looking very down-hearted and he said he knew the advertisement was a fake. Out of curiosity I looked at the paper and evidently the newspaper didn't give the complete ad. In the left hand corner of the paper was printed: "WANTED: Young man to wash dishes and two young waitresses. Apply Ye Olde Food Shoppe." That shows you what he's got his mind on.

Write soon,
Your loving,
Mimmie

Local Patriots, Hawaiians Join In Peal Harbor Day Tributes

Scene at the recent Veterans Day service at Hawaii's volcano bed cemetery, where more than 16,000 soldiers are buried. Photo—Honolulu Star-Bulletin

Friday is Pearl Harbor Day. Fifteen years ago we heard the electrifying news of the Japanese attack on our installations there . . . and the burning, the death and suffering and bewilderment that followed.

"Remember Pearl Harbor" was the rallying battle cry, a slogan which remains indelible in the memory of so many.

Our patriotic and veterans organizations remember Pearl Harbor each year in fitting ceremony. This year Blue Star Mothers and AMVETS established a personal friendship with the people of Hawaii.

Greetings came this week from the governor of Hawaii, the mayor of Honolulu, the editor of the Honolulu Star-Bulletin and others.

This is the story: A Hilltop lady, Mrs. H. H. Herren, 71 Eldon-av, while serving until recently as National Press chairman of the Blue Star Mothers received a communication from Mrs. Amelia Felix, president of the Pearl Harbor Chapter No. 1, Blue Star Mothers of America. The organization is one of several that were born with World War II). Mrs. Felix told of the Veterans Day (Nov. 11) burial of 832 unknown dead—from every walk of life, every state in the union—in Hawaii's giant "punchbowl" cemetery. More than 16,000 soldiers are buried there . . . in the protective rims of the ancient volcano, Puowaina, "hill of sacrifice."

Impressed by the work of the Hawaiians in keeping attractive the graves of the war dead, Mrs. Herron last week wrote her sentiments to the Honolulu newspaper. She received immediate reply . . . not only from the Star-bulletin but from the city and island government as well.

Letter To Be Published

Her words of commemoration are to be printed in the newspaper's editorial page on the eve of Pearl Harbor.

In a message routed through the office of the U. S. Naval Air Station at Port Columbus, Governor Samuel Wilder King of Hawaii, answered in part, "We who live on American soil in Mid-Pacific where World War II started, join you in paying tribute to those who fought so valiantly to keep freedom alive. Under the leadership of President Eisenhower we pray that our country shall continue to pursue its course of "Peace with Honor" so liberty and justice will prevail."

"Excerpts from a letter from Honolulu Mayor Neal S. Blaisdell said: "We learned 15 years ago the truth of the old saying 'The price of freedom is eternal vigilance . . .' The freedom we enjoy today was bought and paid for by the blood of thousands of Americans who were willing to fight and die for the principle that all men are created equal and have the God-given right to life, liberty and the pursuit of happiness.

"Let those who feel that our potential enemies throughout the world can be trusted, look back to that infamous day of Sunday, Dec. 7, 1941. It happened then and it can happen again, unless we value our American heritage enough to insist on complete preparedness against any possibility of attack.

Riley R. Allen, Honolulu, editor, said: "Franklin Delano Roosevelt, then president, called it "The Day of Infamy." As such, the sneak attack by Japanese war planes from six aircraft carriers remains a day of death and bitterness in the memory of Hawaii.

"But Dec. 7 has also become a day in inspiration . . . From the ruins of Pearl Harbor Day has arisen a great American territory still dedicated to service to the nation and the world."

Mrs. Herron learned Monday that all these messages will be read at the special Pearl Harbor Day observance in Washington, D. C. Governor Frank J. Lausche is penning a reply to the governor of Hawaii and Mayor M. E. Sensenbrenner plans a reply to Honolulu's mayor.

Members asked that Safety Director Leo L. Phillips put the Broad-Front turn ban into immediate effect under his emergency powers.

Phillips suggested the ban on left turns into Central-av by east-bound traffic on Broad-st.

Miss Bennett Is Bride Of Mr. Nicholson

St. Stephen's Episcopal Church was the scene of the wedding of Miss Patricia Miriam Bennett and Mr. James Robert Nicholson on Sept. 22, 10:30 a.m. Rev. Almus Thorpe read the marriage service before an altar decorated with white flowers.

The bride is the daughter of Mrs. Everett Krimmel, 664 S. Richardson-av and her husband is the son of Mrs. J. J. Nicholson, Mt. Sterling.

Given in marriage by her stepfather, Mr. Everett Krimmel, the new Mrs. Nicholson chose a gown of Chantilly lace and nylon tulle styled with a fitted bodice, yoke of sheer illusion, lace collar and long, tapering sleeves. The bouffant skirt of layers of nylon tulle featured Chantilly lace inserts and extended into a chapel train.

Her fingertip veil of French silk illusion was caught to a juliet cap of seed pearls and she carried a white prayer book covered with white roses.

Mrs. Gerard Schaefer of Staten Island was matron of honor and Miss Patricia Ann Gill of Baltimore, maid of honor. Both wore ballerina length gowns of turquoise crystelle and taffeta with matching shoes and headpieces, and carried Colonial bouquets of yellow and white flowers.

The mother of the bride chose a frock of rose lace with a corsage of shattered carnations and the bridegroom's mother wore a blue lace gown with an identical corsage.

Mr. Elvin Lichty served as best man and guests were seated by Mr. Arthur Hergatt, Mr. David Parrish, Mr. Robert Hollinger and Mr. Charles Barker.

The parish house adjoining St. Stephen's was the scene of the reception that followed.

Among wedding guests was Mr. Frank White of Ottawa, Ontario, Can., uncle of the bride.

Mrs. Nicholson was graduated from West High School, attended Chatham college and was graduated from the John Hopkins School of Nursing. John Hopkins Hospital. She teaches obstretical nursing at White Cross.

Mr. Nicholson was graduated from Mt. Sterling High School and is enrolled in the college of engineering, Ohio State University where he is a member of Triangle Fraternity. He is employed by the Surface Combustion Co.

The couple is at home at 1330 Forsythe-av, Columbus, Ohio.

One market that will never give way to a "better product" is the real estate market. She had her rooms rented the same day the paper came out and still received many calls. For an easy "room market" like this, call BR. 9-9444.

BOYS ON RAMPAGE

Revere, Mass.—Two boys, 12 and 7, climbed into a 10-ton tractor cab at a construction job after the workers had left for the day. Seconds after they pressed down the accelerator, a garage, a fence, a second garage and a 1955 automobile were demolished. The boys were uninjured.

WHICH?

"Of course, I must ask you for a deposit," said the landlady.

"Certainly," replied the new tenant, handing over the required sum.

"Thanks. Now, shall we trust each other or do you want a receipt?"

Pay Raise For Police?

A Local Man In Uniform Gives You His Arguments For It

Larry Sears

A public hearing on the matter of an increase in pay for members of the Columbus Police Department is scheduled for Dec. 10 at 7 p.m. in council chambers at City Hall.

What are the points in favor of an increase?

The Hilltop Record this week asked that the story be told by a local policeman, Larry Sears, who lives at 381 S. Warren-av. He has volunteered the following statement:

"The present schedule of pay makes it impossible for a policeman to provide properly for his family without taking some outside employment yet the police book of rules says he shall be employed in no other business. He is always considered to be on duty.

"A new man coming into the department gets weekly take home pay of $82.68 if he has one dependent. This makes it almost impossible to recruit good men for the department and thereby keep the force up to the number it should be. Patrolmen with five years service do little better.

"The per-capita cost for patrolmen in Columbus is $6.61 as against $11.74 in Cleveland, and today Columbus surpasses in area such cities as Cincinnati and Cleveland. Thirty seven cities in Ohio pay their policemen higher salaries than received by Columbus police.

"Columbus needs additional police but the pay should be high enough to attract a higher type man to fill the ranks of patrolmen.

"But why is it necessary to go outside the city to recruit these needed men?

"More burglaries and holdups are likely to occur unless more manpower is attracted to the police department. The present pay scale makes it impossible for the city to compete with industry in getting 'quality' manpower.

"Where is the money for this increase coming from?

"The doubled income tax should provide the money. In addition the city should derive about $500,000 more fines this next year than in the last one. This is a result of the rapid growth of Columbus.

"Columbus deserves the best in police protection. A better pay scale will attract and hold the men necessary to provide this protection."

Ding Dong The Fire Bell!
Bossie Fell In The Well!

A prize 4-H Shorthorn heifer on the Harold Kaderly farm, Hall and Galloway-rd, still has a big lump in her throat this week . . . and it's not her "cud".

She's been through a harrowing experience . . . one that even a cow will remember for a long time.

"Bossy" (we will call her) sometime during the night of Nov. 27, broke through some rotted boards covering an abandoned dug well, 40 feet deep. The water was estimated 25 feet deep. Clawing frantically at the cobblestone sides of the well she managed to stay afloat until dawn. Kaderly spotted the broken boards and found the unfortunate cow still at the surface. Only her head was above water.

The Prairie Township Emergency Squad responded to Kaderly's call at 7:35 a.m. First the six firemen tried to pump the water out of the seven-foot-wide well but the task was too great.

Bossie's life had an even chance when an extension ladder was tied to Fireman Mike Dougherty's wrecker and lowered into the well. From it a fireman used a stiff wire to threat rope around the 900-pound cow several times.

At the top of the well 14-year-old Barton Kaderly tearfully watched the rescue attempt. The cow is his project in the Prairie Schooners 4-H club.

After two and a half hours of maneuvering in the cold, slimy well, the men had saved Bossy from a watery grave. Still she was limp and cold. The rescuers gave her a thorough rub-down with gunny sacks, covered her with straw and directed heat lamps on her shivering form.

As soon as she was able to eat and gain some strength the Kaderlys took her to the bovine laboratories at Ohio State University for shots to combat pneumonia.

At latest report Bossy is recovering nicely except for a nightmare or two, and the Kaderlys are taking care of that well.

Marines, Scouts Join Forces In 'Toys For Tots' Campaign

Marine Corps Reservist organizations and Boy Scouts will again team up for the fifth consecutive year, to assure a merry Christmas for the under-privileged children of Columbus and Franklin County in the "Toys For Tots" drive.

Columbus has led the nation by collecting and distributing nearly a quarter of a million toys and the local campaign has become a model throughout the country.

Residents wishing to contribute toys should have them ready on Saturday, Dec. 15, when some 8,000 Cub Scouts, Boy Scouts and Explorers will canvass the entire Franklin County area on a house to house basis, collecting toys.

Toys should be new or in a usable condition since there are neither time nor facilities for repairing. They need not be gift wrapped but game boxes should be tied shut with string.

Reminder door knob hangers will be placed on every residence in greater Columbus by the Boy Scouts on Dec. 8.

Toys are distributed through the Information Center of the Community Chest. Families needing to receive toys may contact the center, neighborhood settlement house or a church.

Do your Christmas shopping the easy way—at your local stores.

Hart Honored For 25 Years Of 4-H Work

Harold Hart

By Bill Rush

Being an important part of his neighbors' lives makes a man stand out among his friends. He almost becomes a legend.

Certainly the spirit of gratefulness captured all those who attended the banquet honoring Harold Hart, advisor of the Brown Twp. Newcomers 4-H Club, Tuesday evening at the Brown Township School. They had gathered to thank Hart for the 25 years he had been adviser of the club.

Before the dinner began, the young 4-H members crowded around Hart preventing the parents from greeting him. The older people did not mind. They knew that their turn would come later.

Some of the parents had once belonged to the same club. They remembered Hart as the boys now know him. They did not want to break the spell. Later the boys presented Hart with luggage. But their greatest tribute was felt, not spoken.

Awards were presented by Hart to the 4-H members for their projects. "A" grades went to George Durban, David Harper, Bill Bradley, Roger Neustrom, David Parker, George Rings, Victor Tharp and Dennis Woodruff.

Santa Needs Assist To Fill 2200 Stockings

Santa really needs an assist in filling stockings and making Christmas merry for the 2200 mentally retarded students at Columbus State School.

Members of Volunteer Activities Committee, made up of delegates from more than 100 organizations, respond to that need each year, by conducting a drive for toys and gifts for the students, most of whom are children.

Christmas wishes of the students for toys are the same as those of children everywhere. Smaller children are hoping for large rubber toys, jungle gym, rubber dolls and balls and the older ones for roller skates, coloring books and crayons, bright gloves, dolls and other toys that appeal to any child of their age.

Teen-age girls enjoy cosmetics, nylon hose, popular records, purses, gloves, costume jewelry and the older boys and men, shaving accessories, playing cards, basketballs, footballs, harmonicas, gloves, stocking caps.

Anyone wishing to contribute gifts to the children may bring or send them to the state school, 1601 W. Broad-st, or leave them at Seiler's Department Store, 2404 W. Broad-st; any Penney's store or any Moore's store.

Gifts should be unwrapped as they may be given to right aged child, however wrappings may be included. Volunteers will begin gift-wrapping all donations on Dec. 16.

John Vaughn, Jim Pendleton, Stephen Bradley, Bobbie Durban, Eugene Fluck, Dale King, Jim Lowe and Tim Woodruff received "B" awards. Clark Bradley and Bill Baker were also given awards.

Special recognition was given to Jim Huggett, junior leader of the club. Hart stated that much of the credit for the work done by the club this year should go to Huggett.

Guests at the program included Jim Mills, assistant Franklin County agriculture extension agent; Bill Zipf, local farm writer, and Leon Boucher, FFA advisor at Hilliards. Toastmaster at the dinner was George Durban.

At silo-filling time farmers should watch out for a poisonous gas—nitrogen dioxide—that may form in fresh silage, the U.S. Department of Agriculture advises.

A merry Christmas for the 2200 students of Columbus State School, complete with the toys, gifts and trimmings that make the holiday joyous for children everywhere, is the goal of the Volunteer Activities Committee. Kick-off for the annual drive was held in Mayor Sensenbrenner's office last week, when he presented toys to State School students, Terresa and Mike, above. Also included in the photo: committee members, left to right, Mrs. Esther Keasey, 989 Kelton-av; Mrs. Wilbert Martin, 643 E. Wheatland-av; Mrs. Donald Preston, 777 Reinhard-av, and Mrs. Alexander Glockner committee president.

New Georgesville Volunteer Fire Company Built Entirely By Local Contributions

STANDING READY TO MEET any local fire emergency are members of the newly-organized community volunteer fire company. Bob Geddes is in the driver's seat and others are (left to right); Frank Frazier, president; George Smith, Felix Myers and John Jones, assistant chief. Telephone number of the Georgesville fire department is TR. 8-5727.

Hilltopper Contributes To Vital Heart Discovery

Your life or that of a loved one may someday be saved by research on the human heart conducted by a team of surgeons from Philadelphia Presbyterian hospital under Dr. Robert Glover, of which Dr. Robert Trout, a West High School graduate is a member.

Life magazine of Dec. 3 ran a series of "inside the heart" pictures in telling the story of the most important discovery in the valve action of rheumatic fever hearts ever to be discovered.

Dr. Robert Trout, son of H. G. Trout, West High School faculty, and Mrs. Trout, 100 Eldon-av is one of the designers of the Medical Pulse Duplicator to aid and instruct surgeons who depend upon a sense of touch in performing delicate operations inside the heart.

Dr. Robert Trout received his BA degree from Ohio Wesleyan University after graduating from West High School in 1940 and was later graduated from Hahnemann Medical School in Philadelphia. He completed his internship in the Hahnemann Hospital, after which he went on for one year of post-graduate work in surgery

Dr. Robert Trout

at the University of Pennsylvania.

The Navy claimed him for five and one-half years, where he served as surgeon. Thirteen months of this time was spent in Korea. When he returned from service, he was invited to join the internationally famous Glover organization as part of the research team in chest and heart surgery.

To Exchange Recipes

A recipe exchange will highlight the Christmas meeting of Dublin home demonstration group from 1 to 3 p.m. Dec. 11 at Goodwill room of Dublin Church.

Everyone is to bring candy or cookies and the recipe. Plans will be made to make trays in January. All homemakers are welcome.

Swim Classes Are Conducted For Cerebral Palsied

Victims of cerebral palsy in Franklin County may now take advantage of water therapy. Swimming programs of Cerebral Palsy of Columbus and Franklin County, Inc., has added another class.

Dick Ruff, recreation and physical education director, said that victims of the disease who aren't in the swim can join the new class by calling him at CA. 8-6683. Class will be held from 1:30 to 3:30 p.m. each Thursday at the Jewish Center, 1125 College-av.

Cerebral Palsy of Columbus and Franklin County has been conducting swim classes for three years, now has 28 cerebral palsies of all ages in group swims at the YWCA every Thursday evening.

Ruff said the program is working well. The new class will give him a chance to work individually with those who need special therapy.

Phil Stout Active In Local Affairs

Phillip V. Stout

Being active in community affairs seems to be part of a lawyer's life. At least, that has been the experience of Phillip V. Stout, past president of the Hilltop Business Association.

Stout, who is associated with Robert Phillips at 2494 W. Broad-st, began practicing law on the Hilltop in 1949. Offices which he has held in civic and service organizations include the presidency of the Hilltop Kiwanis Club, Community Council and the City Recreation Committee.

A charter member of the Hilltop Kiwanis Club, Stout later became the Lieutenant Governor of the eighth Division of Kiwanis. Has served on the City Recreation Committee for ten years and is a member of the Columbus Bar Association, American Bar Association, the Ohio State Bar Association, several Masonic Orders and Shrine.

He and his wife, Nellie, live at 3492½ W. Broad-st. Their law offices and residence were designed by their son "Skip" who is an architect.

Penny For Your Thoughts

Question: What do you think of trade stamps?

Mrs. Ira Goldstein, 316 South Chase-av: "I personally could do without them. I would rather that merchants would have sales on items than give trade stamps."

Mrs. Otis F. Jones, 242 S. Central-av: "I think they're wonderful. I save two kinds of stamps and usually get little things for the children. I think it's a handy way to shop, saves money and always gives you something to look forward to."

Mrs. J. T. Nutting, 2011 Fairmount-av: "I like the premiums all right but I'm afraid they raise the prices in order to give the stamps. I'd rather that they would lower the prices and do away with the stamps."

Mrs. Kenneth Albert, 153 S. Hague-av: I think they're all right. We get them when we buy groceries and gasoline and just yesterday I cashed them in for a utility table. I can't see why people wouldn't like them."

Mrs. Charles H. Patterson, 506 Woodbury-av: "I think they're all right. I save one kind of stamp and I feel that you get "something for nothing." I save them, then get my prizes, and I feel like I've accomplished something."

Mrs. John C. Reed, 630 Derrard: "I save stamps and I like them. I think they have a very good selection of premiums and I like to look forward to getting something. We like the stamp system because we can get something we wouldn't ordinarily buy —usually things for the house."

Day Nurseries Invite Parents To Open House

Parents can learn about group day care for their children by attending open house at either the Westside Day Nursery, 40 N. Grubb-st, or the Sugar and Spice Nursery, 175 S. Hague-9 a.m. to 9 p.m. Dec. 12.

Twelve nurseries in Franklin County will hold open house during Child Care Week, Dec. 9-15. The week is sponsored by more than 50 agencies representing the Community Chest, churches, co-operatives, and independent nurseries.

"Your Child Deserves the Best," a directory published by the Council of Social Agencies listing more than 50 child care centers in Columbus and Franklin County, will be available at all of the open houses. The directory was provided as a public service by the Columbus Milk Distributors Association. This directory provides detailed information about each agency including: location, ages served, days and hours open, sponsorship, etc.

There is also material on how to tell when a child is ready for group care and how to prepare the child for the new experience. Included is a complete check list showing parents what to look for when choosing a nursery program for their child. A brief statement of Ohio laws and Columbus regulations is also in the directory. The child care directory can also be obtained by writing to: Information Center, Council of Social Agencies, 137 E. State-st.

Hornets, Burgess, Cavaliers Win Glenwood Games

The Bucks rallied to defeat the Hornets, 26-22, in the Glenwood Recreation Center Intermediate Boys League in basketball last week. Thurman Edmonds was leading scorer for the Bucks with 10 points.

Gary Smith scored 17 points to pace Burgess to a 37-15 victory over the Panthers.

The Cavaliers trounced Hilltop Laundry 32-9 in the final game of the evening. Hartranft, with eight points, and Walsh and Grabill with six points apiece led the Cavaliers. Curry scored six to lead the Laundrymen in scoring.

Hilltoppers Aid In 50th Charity Newsie Sale

HILLTOP NEWSIES—These men of the Hilltop area will be among Charity Newsies on the streets Dec. 15 in the 50th annual "100 per cent for charity" newspaper sale. Left to right are Warren N. "Scoot" Boyd, 15 Rodgers-av; William F. Krause, 125 N. Terrace-av; Fred Moritz, 90 N. Warren-av; Richard Redenfels, 555 W. Broad-st; James Ellinger, 365 W. Town-st, and Robert Durham, 199 S. Brinker-av. Needy children are now being outfitted with new, warm clothing at the Newsie clothing center, 789 W. Mound-st.

MAYOR RINGER:

Gas Rates Will Probably Rise At Valleyview

Valleyview residents probably will end up paying the proposed three cents more per 1000 cubic feet of gas than is to be paid by residents of Columbus, according to village Mayor Charles Ringer.

The Ohio Fuel Gas Company has proposed a rate change that would charge Columbus consumers $1.40 for the first 1000 cubic feet and 65.5 cents for each additional 1000. The rate proposed for Valleyview and seven other villages bordering Columbus is $1.40 for the first 1000 and 68.5 for each 1000 thereafter.

"I don't see why it costs the gas company any more to supply us than it does to supply the Hilltop, stated Mayor Ringer, but we probably will have to pay more." The peculiar part of the rate setup according to Ringer is:

The main line that feeds the Hilltop area cuts off at Trabuerd and comes down Hague-av, passing through the village. Our two lines feed off the main before it even gets to the Hilltop and yet the gas company says it costs them more to supply us than Columbus.

That was our main objection when we talked to the gas company. We couldn't understand this. We could bring a case before the public utilities commission, but it would cost a lot of money. Usually you lose this type of case anyway and have to pay what they asked for in the first place," he concluded.

Figures from the frozen food industry show that the frozen pumpkin and squash pack increased 8½ million pounds from 1953 to 1955.

Shoppers Find It's An Easy Task To Supply Christmas List In Local Stores

By Shirlee Manly

I'm either getting timid or just plain smart but this Christmas season I decided I couldn't possibly brave the buses, bumps and bruises of past shopping years.

So I decided to look around and "see what I could see" right here in my own backyard of neighborhood stores.

Remembering the saucer eyes and joyous howls of my nieces and nephews last year, I decided they would be the first to be outfitted in Christmas gifts.

For my science-happy nephews, I could choose from a radar rocket cannon, mobile electronic loudspeaker, transistor radio, electronic radio station, or remote-controlled Robert the robot, all of which are beyond my comprehension!

Jelly-Making Set

For my nieces, who are quite happy just to keep house, I found a jelly-making set (complete with grape-juice, jars and labels) and a popsicle making set. Their parents should be delighted!

A toy designed for the metropolitan child is a skyline plastic construction set, with skyscrapers and steeples of a real, big, bustling city.

I thought I was looking through a TV schedule when I started game-hunting. After Christmas, children are not only going to be watching "I've Got a Secret," "$64,000 Question," "Truth or Consequences," and "Robin Hood" but they're going to be playing them!

The men's departments resemble a college campus this Christmas as everything from pajamas to suburban coats has the "university" look. According to department managers, pastel-plaid cotton shirts with the university "button-back" collars and cashmere suburban coats have been the best Christmas sellers.

Browsing through the women's corners with Mom and Sis in mind, I stumbled onto more novel gift suggestions. I chose a [illegible]y knit wool sweater for sister, jeweled and lace cowl collars for my teen-age nieces, and a bamboo-handled umbrella for my mother.

Orlon Pill-ins

For suit and cardigan lovers, I found some orlon, turtle-neck fillins to wear under either. Women's pajamas are copied after everything from baby's slippers to ski suits this year and can make [illegible] practical, yet attractive gifts. Tapered slacks are another popular gift item, according to Christmas-wise clerks.

A concensus of gift department clerks finds the carafl, or coffee warmer, has passed last year's lazy Susan as the most desired item in their department.

For the first time this year, composition wall plaques are offered inexpensively in a large selection of designs and textures. Another gift I found for my flower-loving aunt is a porsalana, an arrangement of paper flowers, coated with plastic, which gives a brilliant effect and makes them [illegible].

And for those dollar gift-hunters, I found a useful and unique gift that any lint-wearer would welcome . . . a roller lint remover to remove lint, animal hair or dandruff from clothes, furniture, auto upholstery and even suede purses and shoes.

So after only a few hours, free of parking problems, stifling crowds and tired feet, my Christmas shopping was over for another year—just as pleasantly as it started.

As a matter of fact, I think I could take this Christmas shopping venture every month now—providing my budget could, too!

Local appliance stores are loaded with the finest of all kinds of small and large appliances—everything from electric shavers to refrigerators. All the nationally known brands are available and at prices that are as low as anywhere in the city.

Speaking of nationally known brands, I found them everywhere in local stores, and priced in many instances lower than downtown.

Personally I like to buy at home—right here among our own merchants. I get the satisfaction of knowing the clerks and the men who own the businesses. And I feel confident of my purchases.

Yes sir, I'll take the local stores for my holiday buying sprees any time. Plenty of parking space—out of the downtown crowds and where we are doing business with our friends and neighbors who back up every local community event during the year.

Hunters Hurt Own Chances

A friendly farmer who allows hunters to comb his fields usually expects the same type of consideration from the sportsmen.

But there always seems to be those who spoil it for everyone. Hunters have always been allowed to roam about the land of the Howard Johnson farm on Koebel-Suydam-rd.

Several weeks ago it happened. Three hunters set out with a dog to tramp the fields. Not satisfied with disturbing the wildlife, the dog decided to tackle bigger game — a sheep.

The hunters rushed to the sheep and tore the dog away. The animal was dead. But that did not seem to bother the "sportsmen" a bit. They just sent their dog down a different game path and went about their merry way. They never took the time to tell Johnson.

Some farmers like to be friendly with city men who get a big kick from milling about the countryside. But what can an amiable man do when he is shown no consideration? He could buy "no hunting" signs.

Ads Do The Trick!

Our two-week ads usually get cut short! Mrs. Ruth Kesler, 1661 E. Columbus-st, advertised a home for rent. The ad was to run for two weeks. A day after the ad was published, Mrs. Kesler canceled it. Reason? It was rented to one out of 21 calls. For these speedy results, advertise in this newspaper by calling BR 9-0444.

BELIEVE THIS OR NOT!

Guntersville, Ala. — An auto and a cabin cruiser collided near here recently, when the boat's controls jammed and it jumped out of Guntersville Lake. The boat struck a highway causeway and bounced partly onto the road. An automobile, with two passengers struck the boat and one of the passengers was seriously injured.

These Hilltop Druggists ask *you* - - -
Can you place a $ PRICE TAG on GOOD HEALTH?

Can We Measure The Cost?

Picture yourself in an oxygen tent in the hospital. You have lobar pneumonia and you need nurses in constant attendance. Your doctor must stay on your case for three weeks, visiting you several times a day. If you recover, you must spend a week or more at home after leaving the hospital to "get your strength back." Your siege with pneumonia will cost around $400 for hospital and doctor bills. To this cost add your four weeks salary that you could not earn. This is what your case of pneumonia would cost you in 1931.

Yet in our time we have seen this remarkable change. You now stay at home for 4-5 days if you have the same uncomplicated pneumonia. The doctor visits you only two or three times and your total bill is around $60 including "expensive drugs." Within the memory of readers, the chances of recovery from pneumonia used to be only three to one. Now it is better than twenty to one — six times better — that recovery will be made.

Westgate Buried By Burgess EUB In Season Opener

Saturday afternoon the Hilltop YMCA junior church basketball league opened its official season at the Glenwood recreation center gym. First game was a walkaway for Burgess EUB over Westgate Methodist 61-6. High point man was Smith of Burgess EUB with 28 points.

In the second game Hillcrest Baptist won over West junior Hi-Y 37-29. Richter and Reynolds of Hillcrest were the top scorers in this game. The game between Glenwood Methodist and Westgate EUB was a very closely contested game until the last quarter when Westgate EUB finally won the game 23-19. Burke of Glenwood was high for his team and Dawson of Westgate EUB was leading scorer for his team.

In the last game of the afternoon West Park Methodist was defeated by Hoge Memorial Presbyterian. Hoge Memorial had two top scorers in Hastings and Laderer while West Park points were evenly distributed.

Next week's schedule on Dec. 8 at 12:30 p.m. is as follows: Burgess EUB vs Westgate EUB; West Park vs Westgate Methodist; West junior Hi-Y vs Hoge Memorial and Hillcrest Baptist vs Glenwood Methodist.

Three Traffic Signals Being Placed In Area

Traffic lights are to be installed at three different points in West Franklin County in the next few months according to the county engineer's office.

Signals are to be placed at the intersections of Wilson-rd and Trabue-rd, Dublin-rd and Trabue rd, McKinley-av and Trabue-rd and at the Phillippi-rd entrance to Westinghouse.

Part of the work at the Wilson-rd intersection has been completed and the light should be installed by Feb. 1, barring bad weather. The signals at the Dublin-rd and McKinley-av crossing have to be arranged in cooperation with the Pennsylvania Railroad and should be placed by March.

The traffic light for Phillippi-rd is being paid for by Westinghouse. The signal will remain green except when traffic from the plant area becomes heavy in the afternoon.

Need Millions For Improving Area Roads

A multi-million dollar road building program for 1958-60 that includes construction of a 13.3-mile stretch of four-lane highway from just south of Mound-st to Grove City has been submitted to the State Highway Construction Council by the State Highway Department.

Other area road improvements tabbed for construction include a one-mile Sandusky-st leg of the Innerbelt from south of Mound-st to The Spring-Sandusky Interchange, including an interchange at Mound-st. Cost for this improvement is estimated at $10 million.

Also recommended is the construction of a portion of the Mound-st leg of the innerbelt from Sandusky to Front-st. This would cost approximately $1.5 million.

Before any actual work begins on these improvements, however, the program must be approved by the Construction Council, acted upon by the governor and sent to the legislature.

Original Yule Decorations Shown By Students

Miss Ora Prather, Miss Lois Forbes and Miss Rhoda O'Harra from the Home Economics Department contributed projects made by the girls of West High School to the Christmas display at the Board of Education building, 270 E. State-st, during the week of Nov. 26.

Projects from all Columbus high schools were entered in the display. All Columbus teachers were invited to visit the Board of Education propect in order to get ideas for their own Christmas decorations.

The "twelve little" stockings hanging in a row" each neatly labeled with the name of its intended owner, were made by Miss Forbes' seventh grade girls and filled with candy canes and small gifts.

The girls from Miss O'Harra's classes made the Christmas scene with the church and little choir boys for mantlepieces.

Miss Prather's food classes were responsible for the centerpieces. One was a large reed basket filled with homemade cookies. The other was a centerpiece made around Santa Claus' workshop.

CHRISTMAS DECORATORS—Pictured above with their projects are West High School students, left to right, Sandra Payne, Donna Clendenine, Carol Bell, Rita Bowers, Judy Killian, Libby Laderer, Molly Myers and Paulette Davis.

Hey Kids! Win Dollars In Our Coloring Contest

Just color today's and next week's picture, mail both to this newspaper, and see if you can win some silver dollars for your own "surprise Christmas gift." Today's picture is about Tommy.

"Young Tommy says, "What's this I see?
Santa's reindeer so close to me!"
He has another surprise in store,
For Santa himself is at the door!

• • •

Calling all coloring fans!

While we're all waiting for Christmas to come we know you will be interested in this coloring contest. It starts this week in this newspaper and it is very easy. We have some silver dollars for the winners, so read the rules carefully. Children 10 years and under may enter.

Cut out this picture and color it with crayon, pencil or paints. Then save it. Another picture will be printed next week. Color it too and send both of them to Coloring Contest Editor care of this newspaper, 2468 West Broad-st, Columbus, Ohio. They must be in our office by Monday, Dec. 17.

For the neatest and most accurate work we will give three prizes; $5 for first ; $3 for second, and $1, third.

Judges decisions are final. In case of tie, duplicate prizes will be awarded. Families of employes of this newspaper are not eligible.

Welcome Wagon Meet To Feature Wrapping Contest

A Christmas gift wrapping contest will highlight a meeting of Hilltop Welcome Wagon at 8 p. m. Thursday at Camp Chase American Legion Post, 3311 W. Broad-st.

Members are asked to bring a child's gift, to be wrapped at the meeting. The "best gift wrapper" will receive a prize and retarded children will receive the Christmas gifts.

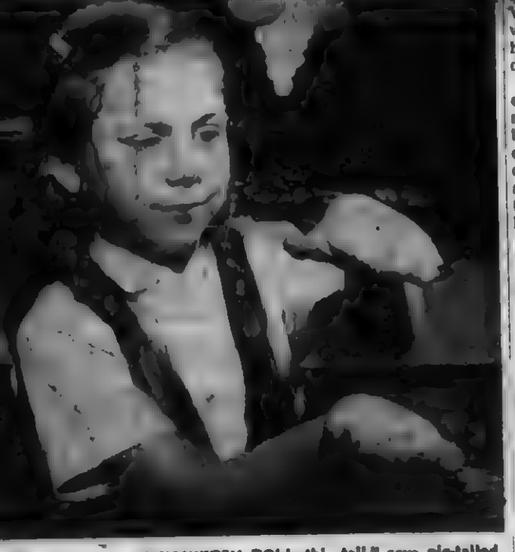
Visions Of Christmas And Santa' Brighten Young Faces

SOCIABLE MARGARET NEAS hasn't written her letter to Santa this year because, she says, "I'd rather talk to him than write to him." During this "talk" she plans to mention that a bride doll, Walt Disney's "Around the World" game and record player would come in mighty handy next year. Six-year-old Margaret belongs to Mr. and Mrs. Frank Neas, 155 S. Roland-av. She attends St. Aloysius School.

A PROMISING YOUNG CHEMIST, six-year-old Patrick Gudridge is already thinking about the experiments he'll conduct with the chemistry set which he "expects" for Christmas. Asked what he hopes to invent, Pat answered, "a top-secret thing for the Air Force to help keep our country free!" The patriotic first grader belongs to Mr. and Mrs. Ernest Gudridge, 207 S. Eureka-dr, and attends St. Aloysius School.



PROVING BY A FINGER COUNT that he's five years old is kindergarten Santa Claus fan Billy Joseph Smith. Billy has already written Santa Claus and ordered "a pogo stick, to jump up and down, and that's all!" Billy revealed that he has already seen Santa this year "but just on TV." Son of Mr. and Mrs. Lawrence Smith, 388 Clarendon-av, Billy attends Highland Avenue School.

JOYCE HENNICK is a little girl who knows her own mind, and especially around Christmas. It didn't take Joyce long to announce that she expected Santa to bring her "a little cowgirl doll." The five-year-old admitted that she "didn't get to see Santa yet" but that she would before Christmas. Joyce belongs to Mr. and Mrs. George Hennick, 252 Nashoba-av, and attends Highland Avenue School.

A FIVE-YEAR-OLD has a tough time deciding what a five-year-old ought to have for Christmas and Larry Lee Raffe is no exception. However, after much deliberation the Highland-av Kindergartner narrowed the list down to a sled "for sliding," a radio to "like on 'People Are Funny'," and a Eddie "Uncle Mu" Haskell that plays one. Larry's parents are Mr. and Mrs. Lawrence Raffe, 44 N. Wayne-av.

"I WANT A BETSY-WETSY DOLL this fall," says pig-tailed Christine Jordan. "You can feed her a bottle, wash her, blow her nose and she can walk, cry real tears and wet," said the mother-ing six-year-old. Since Christine's mother and daddy saw Santa at the Thanksgiving parade, she has no doubts that he'll be around again this year. Christine's parents are Mr. and Mrs. Ralph Jordan, 2035 Fairmont-av.

Pemberton Will Retire From West Coaching Staff

Mac Pemberton

Mac Pemberton, head football coach at West High School, will retire from coaching to devote full time to teaching, Robert F. Darrow, principal of West, announced Wednesday.

Darrow said that Pemberton will be assigned to full-time duties in teaching history. Commenting on Pemberton's decision, Darrow said:

"I regret that coach Pemberton feels that he must relinquish his assignment as head football coach. He and his fine teams have brought much honor to West High School. His influence with individual team members has made a wonderful impact on our school."

Irvin F. Young, assistant superintendent in charge of personnel, said that no thought had been given to Pemberton's successor as yet. "We have plenty of time to consider this matter and we will announce our selection as soon as we are able to," he declared.

Pemberton received a bachelor's degree from Defiance College in 1937. Four years later he had attained the equivalent of a master's degree at Ohio State University. He taught at Galena for five years and at Sunbury for two years before joining the West Junior High School faculty in 1944. He became a member of the West Senior High School faculty in 1946.

Pemberton lives at 176 S. Brinker Avenue.

Carrier Boy Competition In Final Stage

Hilltop Record carrier boys are in the home stretch of a big contest.

At the end of December they will share more than 75 fine prizes. Each carrier has a prize coming.

Holders of the most points in the contest at present are: Glenn McClure, 205; Tom Hickinbotham, 175; Joe Spandor, 110; Jerry Ash, 105; Bill Clark, 100 Barry Zenis, 95, and Bill Doughty with 80 points.

You can help your own carrier in this contest by paying him on time for delivering the Record to your door.

New No-Stopping Zones Created

No stopping and standing zones were created by ordinance recently to regulate traffic on W. Mound-st.

The south side of Mound-st from the railroad tracks west of Central-av to Binns-blvd must be clear from 7 a.m. to 9 a.m. and on the north side from 4 p.m. to 6 p.m.

Council To Meet

Community Council will meet at 8 p.m., Dec. 13, at the Hilltop YMCA for the final meeting of the year. Final committee reports on projects and election of officers will be the order of business.

Planck Named To Head Auto Association

Edgar G. Planck, president of the West Side Motors, Inc, 1350 W. Broad-st, was elected president of the Ohio Automobile Dealers Association at the organization's convention held last week in Cleveland.

Planck, who lives at 2984 Crescent-dr, was president of the Columbus Automobile Association in 1952. He has been in the auto business in Columbus since 1925.

Y's Men Selling Christmas Trees For Y Fund

Members of the Hilltop Y's Mens Club will sell Christmas trees again this year. Proceeds will go to the Hilltop Y Building Fund, the club reports.

Sale chairman William Nelson announces two selling locations, in front of the Hilltop Y office at 2725 W. Broad-st, and at the Hilltop Motors' Body Shop, 2405 Sullivant-av.

Included in the selection are long-needle pines, balsam spruce, and some small bronze and silver table trees.

The lots will be open every day until Dec. 23.

Kiwanis Paper Sale At New High

Spirited bidding for the early copies of the annual Hilltop Kiwanis Christmas newspaper netted the club $2726.50 at their auction at Lincoln Lodge last Wednesday noon. Left to right above are Kiwanis President Howard Lloyd saying "Thanks" to top bidder Charles Bridwell of Westinghouse who bought the first paper; Floyd Gear of Vernon C. Neal Co., purchaser of second paper; Jim Caste representing Great Western Shoppers Mart and Central Point Shopping Center and Lowell T. Sullivan, local insurance men who tied in their bidding for third place honors.

BOILER EXPLODES

Defective controls on a boiler caused firemen to rush to 3030 W. Broad-st last Friday evening. There was no loss.

Youngsters of the community who are interested in seeing the Hilltop Y building get started as soon as possible had a part in the Kiwanis auction too. On the left in this photo Dwight Roederer representing the Indian Guides bought a paper from Auctioneer Clarence Latham as did Duane Sheets on the right representing five Hilltop Gra-Y Clubs.

The Hilltop Kiwanis Christmas newspaper set a new high in all departments this year. Net proceeds may reach as high as $9500. Of this amount about $3500 will go to the Hilltop YMCA building fund and the balance used for other Kiwanis youth activities next year.

West Franklin Kiwanis Club sold papers in the area west of the city last Thursday evening and the sale resulted in a net of $500 which will be given to the Hilltop Y building fund.

A new record number of men turned out for the paper sale on the Hilltop last Wednesday evening when 328 were present to peddle papers. This phase of the operation was directed by Elmer Hegenberger.

The auction conducted at noon at Lincoln Lodge exceeded by about $1100 the auction held last year. Clarence Latham served as auctioneer as he has done for many years. Mose Williams was in charge of the event.

Advertising in the edition went over previous records by about $2000. Charles Campbell herded this committee. C. C. Hartley was general paper sale chairman.

Local Intersection Gets Promotion—Now Is No. 1 Accident Spot

Twenty-two traffic accidents and 20 injuries in the first nine months of 1956 . . . that's the record chalked up by Ohio's number one rural highway "trouble-spot" . . . the junction of the Georgesville-rd and Route 40 west of Columbus, the latest Department of Highway high frequency traffic accident locations report reveals. Fifty-eight intersections and one bridge location are listed in the report which ranks seriousness of spots by the number of accidents.

Reports previously issued by the department show that the Georgesville Road-Route 40 intersection had 14 accidents with seven injuries in 1954 to rank seventh in the state; and 27 accidents and 34 injuries in 1955 to rank second. In the first nine months of 1956, the number of traffic accidents at this location are within five of equalling the total number of accidents for all 12 months of 1955.

CSA Agency Can Assist Yule Charities

The traditional basket of food for needy families at Christmas is becoming old-fashioned according to Miss Helen Bowers, director of the Christmas Bureau, 137 E. State-st. Organizations and individuals in Columbus and Franklin County have found that a Christmas basket is no longer the only way to help unfortunate families.

"Most thoughtful persons and groups use the indirect method of giving," she said. "They channel their help to the families through the social agencies that know them. The families would be embarrassed or hurt if a stranger brought them gifts. They know the agency."

The Christmas Bureau is a community service, operated by the Council of Social Agencies. It is supported entirely by United Appeal funds budgeted through the Community Chest. Any persons or groups wanting counseling on their Christmas giving plans can call the Christmas Bureau, CA. 6-4700.

Slapstick comedy can be pretty funny when a fat comic flips his heels high up in the air and does a flat fall. But, when you see an elderly person accidently fall on a slippery sidewalk, that's no joke. We all know that the consequences can be quite serious. That's why the Safety Council of The Columbus Chamber of Commerce suggests that every senior citizen step with care this time of the year. Slippery sidewalks mean trouble underfoot. So, watch your step on sidewalks and in traffic.

St. Charles Edges Hilliards

by Bill Rush

Playing determined ball in the final period, the St. Charles Cards clipped Hilliards 53-51 Friday night on the Wildcat's court. Foward Gary Dougherty led the Big Blue offense with 21 points.

Nip and tuck throughout the entire game, the score changed hands twice in the first stanza with the Carolines gaining an 18-14 edge when the buzzer sounded. The Cat offense at first seemed dull and unprepared to cope with the invaders.

Closing the gap in the second period, the Blue and White came within one point of the visitors when the half came to a close with the score at 29-28. Dougherty seemed to be keeping the Wildcats in the running by dunking several foul shots and shooting with cool accuracy.

Neither team was able to gain a decisive edge in the third quarter with the lead going back and forth several times. A jump shot by Dougherty put the Cats into a 40-39 lead with Don Schaeffer netting a goal for the visitors to drop the Big Blue one point behind as the stanza ended.

TIED THREE TIMES

The score was deadlocked three times during the final period with the game appearing to be able to go either way. Tie scores were marked up at 48-48, 49-49, and 51-51. Bob Koerner dumped the winning basket for the Cards.

The Wildcats' big forward Bill Bechtold was yanked from the game in the third period after accounting for nine points. Forward John Kramer, who did a fine job rebounding for Hilliards picked up eight while guards Bob Hall and Henry Rings each netted six.

Cat Mentor Perry Reall did not feel too downhearted after the frey and was pointing his boys toward tomorrow night's game with London. "With the type of spirit our boys possess," Reall commented, "we'll be back in there fighting next week.

Mid-Six League action starts this week with the Cats going against London at the Raiders' court. The Wildcats now have a record of two wins and one loss on the season.

Smith-Barratt Post To Fete Crippled Kids

Many children who might not believe in Santa Claus may change their minds Saturday when Smith-Barratt Post No. 249 of the American Legion turns its club rooms over to the committee in charge of its Ninth Annual Crippled Children's Christmas Party.

Some children will be taken to the party in ambulances donated by a local funeral home. Some will be taken by their parents but most of the youngsters will be cared for by the Legion members.

A turkey dinner will be served by the ladies of Smith-Barratt Unit 249 Auxiliary and the children will then receive traditional candies, nuts and fruit. Santa Claus will present each youngster a special gift.

Chairman of the party committee is second vice Commander Milford Young. Miss Mitzi Joyce has arranged the program. The party is made possible by the contributions of Post members.

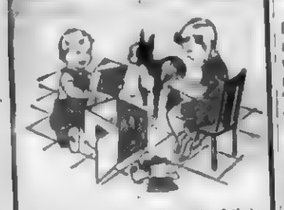
JONATHAN ALDER STORY . . .

Indians Prepare To Sell Land Reserve And Move Westward

Chapter 45

To the fall of 1831 the Indians at Lewistown sent Alder word that they wanted to see him immediately. When Alder arrived the Indians told him they were about to sell their reserve and, if he wished, they would give him a portion of the land, a mile square.

They had offered him land before, providing he would come to live with them, but he always declined. Now that they were going to sell, they decided to give him the land they felt he was entitled to.



However, when Jonathan went back the following month, he found that the younger Indians of the tribe, who had grown up after he left, voted against the matter. But they had unanimously passed a resolution to give him a portion of land in their new reserve beyond the Missouri river and into Kansas.

Alder felt the journey was so long that the move would not be good for his family, but he promised to think it over and let them know his decision.

John M. Elvain of Columbus, a friend of Alder's, was Indian agent then and James B. Gardner was appointed commissioner to make the treaty of the purchase. The treaty was not ratified until 1832.

Jonathan visited Elvain in Columbus after that and discussed the Indians' proposition. Elvain persuaded Alder to accompany him and the Indians on the trip, promising him good wages, and expenses paid to serve as interpreter.

For Your Thoughts

Question: Do you feel that we should step into the Hungarian crisis?

Mrs. Elbert Edwards, 700 S. Ogden-av: "No, I don't think that's our war and I think we should stay out of it."

Mrs. Harry Holbrook, 269 S. Warren-av: "No, I think we've got enough here to take care of. I feel sorry for them (Hungarians) but we have our own poor people to take care of. I think they should fight their own battles."

Mrs. J. D. Miller, 186 N. Powell-av: "If we can stay out of it, I think we should. I think we could give some financial help, though. It's a hard thing to think about and I'm afraid that it could be worse than another Korea."

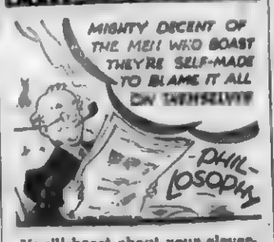
Mrs. J. Willard Weber, 625 Burgess-av: "I hope we don't because we certainly don't want to get into any war. The question is debatable because there are so many elements entering into it. Eisenhower sure has a job on his hands and I wouldn't want it."

Mrs. Owen L. Breneman, 3122 Sullivant-av: "No, I don't feel we should enter it. However, I think many organizations are doing a wonderful job of sending clothing and other assistance to them.

Mrs. Herbert Barrett, 175 Binns-blvd: "No, I don't think so. I think we should stay clear of it all because it would only lead to another war."

BRIGHT DECORATIONS

The conventional wreaths which adorned Christmas doors and doorways for years have given way to popular use of bells and tree ornaments.



You can make both doors and window frames bright and cheerful by framing them with ribbon and sprigs of holly. Hang ribbons in festoons across the curtains and tie at the sides in wide sash bows for colorful effect.

STRENGTH FOR THESE DAYS

from the Bible

For unto you is born this day in the city of David a Saviour, which is Christ the Lord.—St. Luke 2, 11.

So proclaimed "to all people" the angel of the Lord on that day those centuries ago—that we today, no matter how grievously we have stumbled and fallen, may know the love of a blessed Saviour and Redeemer, through Whom we may yet be lifted up, by the hand of God.

In Passing

by Esther Weakley

AUTUMN GOES

Beyond the wood the fires of sunset glow
In solemn rite;
The drooping banners of the moss hang black
Against the light.

And in the hushed solemnity our thoughts
Are tinged with grief
As at the mourning signs about the bier
Of some great chief.
Mary B. Wall, in

A beautiful Christmas legend, which I had never heard before, was sent to me yesterday, in verse form. Mary, Joseph and the Child were taking a road across the desert to escape from Herod's soldiers. The desert had no hiding place except a little pine tree. The soldiers' eyes were blinded by the bright sun so they did not see the three hiding in the small shade of the tree. After they had passed, the Christ Child raised His hand and blessed the little pine tree. The last verse of the poem:

The pine is still a blessed tree
In every Christian land.
Each cone bears in its heart a mark:
A baby's open hand.

A friend recently suggested that I list things I like, to offset my private Waterloo. It would be hard for anyone to list things he/she likes — there are so many — but here is a start: I love it when our almost-three grandson runs to meet us with his small arms outstretched, yelling our names . . . And when our almost-nine granddaughter gets all Es and S-pluses" on her grade card, which is just about every month. (It is a grandparent's privilege to brag) . . . When old friends remember a birthday or anniversary you thought nobody remembered . . . When the tv repairman said it wasn't the picture tube . . . When there aren't any mistakes in "In Passing" except the ones I make . . . When we are assured there could never be another attack like the one on Dec. 7, 1941 . . . Praise, which—even though you know you don't deserve—warms your heart anyway.

Thanks to the readers of this alleged column who have submitted poems. Your interest is appreciated. Some of the poems are too long for this space, but the others will appear as soon as possible. Mrs. Celestia Castoe, 857 S. Hague-av, sent in a beautiful Christmas poem which I regret is too long, as is a poem written by Mrs. E. C. Sheets, whose address was not given. This poem was written about the summer cottage of Mr. and Mrs. Fred Fast, 289 Pasadena-av, and is titled "My Day at the Cottage." The Fasts' cottage is located in the hills near Lancaster, Ohio; according to Mrs. Sheets' poem, it is a lovely place.

Major Muses

Hi folks! I most certainly hope to meet many of you literally and that our relations shall be the same.

As each of you knows, something pleasant happens every day to all of us. A kind word, a smile delivered when least expected, or any one of a thousand courtesies offered to balance and equalize our heavier cares and worries.

My fervent wish is to put in writing any and all of the good impressions of mine and those of you readers. I will welcome any correspondence from you and acknowledge in this column as space will allow.

An act of kindness that will be hard to top happened recently. Operator Robert Martin, 27, 172 E. Gates-st was busily driving his bus on Mt. Vernon-av. (Robert is a white man and most of his customers are colored folks.)

He brought his bus to a stop at Mt. Vernon and 20th-st, a very busy intersection, and waited for a very old lady on crutches to laboriously approach the exit door. Mr. Martin, realizing the handicap of this lady, rose from his seat behind the steering wheel, gathered her up in his arms and carried her across 20th street to her home.

Diplomats the world over can learn something constructive from this attitude. Please note.

Be good. "Yours"
Major

Letters To The Editor

I finally got around to dropping you a few lines. I would like to take this opportunity to thank you for the copies of "The Hilltop Record" which I have been receiving.

From what I have read in your newspapers it seems as if the Hilltop YMCA is still maintaining a full schedule of events for the youth and aduits of the Hilltop. Bob must be doing a terrific job in keeping the entire program going.

As you have probably heard by now, I am stationed at Fort Riley, Kansas. At the present I am the receptionist at the Mental Hygine Clinic here on Post. As soon as one of the social workers leaves I will take his job and make Social Case Histories on our patients. This work is really interesting and should prove to be a great asset to my future in YMCA work.

I went home last weekend and picked up Cherry and took her out here. We are now settled in a nice 4-room apartment here in Junction City. Last week was my first chance to get home since entering the Army.

From all accounts in "The Record," it sounds as if the Paper Sale (Kiwanis) should be a big success. I would like to wish you the best of luck in this drive and wish I could be there selling papers for you.

Cherry and I sure miss all the friends we have made on the Hilltop. We really became attached to the community in the short time we were there. We are looking forward to visiting the Hilltop at our earliest convenient time. We have both been receiving letters from numerous friends, which helps keep us up to date.

Well, Mr. Hartley, it's about time to close. Give our regards to the members of the "Y" Board. Thanks again for the "Records."

Your friends,
Bert and Cherry Korte

EDITORS NOTE: Korte was until recently employed on the Hilltop YMCA staff. He is now in the Army at the following address:

"By Jove!"

"Exactly."

Franklin Heights Fledglings

LET'S START FROM THE BEGINNING . . . Noel Howard, Franklin Heights basketball coach, is faced with a "real tough" problem this season. His squad has no players who have played high school basketball before and his oldest sophomore starter will be a sophomore. Pictured above is Ron Barnes, assistant coach; Howard, head coach; and varsity players Gary Watkinson and Ron Wean.

Heights Stung By Westerville

Franklin Heights lost its second game in two starts Saturday when Westerville snowed under the Black and Gold 99-28 on the Wildcat court. The Wildcat fledglings also dumped the Heights reserves 48-14.

The inexperienced Franklin cagers were no match for the all Wildcats who took six and seven chances at the hoop while they had to be satisfied with one or two shots. Westerville flung a full court press at Heights during the entire second half.

Quarterly leads held by Westerville were 27-8, 49-18, 76-26 and 99-28. Heights returns to the home court Friday night to tangle with Watterson. Watterson was beaten last week by Academy, 44-17.

Benny Jackson led the Black and Gold with eight points while Bob Pearse garnered four; Jim Norris, five; Dick Johnson, six; and Jim Crockett, two.

Permission has been granted Clifford Rice, 467 Dakota-av, to build a one-story concrete block commercial garage. Walter Evans is the contractor.

Talks Of Weather While $181 Goes

Discussing the weather with a stranger turned out to be an expensive conversation for Hugh W. McNulty, 60, 450 S. Roys-av.

At least, when the bus approached, he found he was missing a billfold. And when he found the billfold in the vicinity 15 minutes later, it was missing $181!

Localites Named Staff Members Of Religion School

Royce Huegely, 196 S. Sylvan-av, will serve as registrar of the Columbus Area School of Religion in Central High School, six Monday evenings, Feb. 4 through Mar. 11. He is assistant manager of Great Western Office of the Ohio National Bank, and secretary of the Board of Trustees of Westgate Methodist Church.

Several other Hilltoppers are serving in the school, sponsored annually by the Columbus Area Council of Churches. Victor H. Ewald, coordinator of volunteer services at the Columbus State Hospital, will serve on the faculty as instructor for "Christian Social Relations," designed to serve as an examination of relationships between social, religious, cultural, racial and other groups in Columbus and Franklin County.

Dr. Grant L. Stahly, teacher of adults of Highland Avenue Friends Church School and professor of bacteriology at Ohio State University, will be the instructor for the methods course, "Teaching Adults," dealing with techniques for teaching adults, young adults and older adults in church school.

James Holroyd, one of the Hilltop architects for the new YMCA building and Glenwood Methodist Church, will be one of three instructors in a church officers and leaders forum, emphasizing the architectural requirements for building and remodeling a church.

Dr. Benjamin Kovitch, clinical director of Columbus State Hospital, will be a member of a panel discussing "The Physchology of Personal Appearance" in the course, "Creative Christian Living in the Mature Years."

Other Hilltoppers already announced as serving in the School include Rev. George J. Taylor, dean; Paul Langdon, chairman of the curriculum committee; and Robert Darrow, chairman of the faculty committee.

Former Librarian Leaves $350,000 To Foundation

Robert W. Stevenson, former assistant librarian at the Columbus Public Library, left the bulk of an estate estimated at $350,000 for charitable use by The Columbus Foundation.

In his will filed in Probate Court, Stevenson left specific bequests to a number of persons and organizations and the remaining estate in trust with the City National Bank.

He provided, from net income of the trust fund, $300 a year to the Columbus Public Library for a Robert W. Stevenson alcove of books, $300 a year to the Charity Newsies, and the remainder, to The Columbus Foundation.

The Columbus Foundation is a charitable community trust, organized by Columbus citizens in 1943, which serves as a facility for carrying out the wishes of donors interested in public and private charities in Central Ohio. Many persons have found that providing for the future needs of the community through use of The Columbus Foundation is a very rewarding experience. In this way Mr. Stevenson made a demonstration of his generosity which expressed his appreciation to the community in which he lived.

Amount of the trust fund will not be determined until inventory and appraisal of the estate are completed, but indications were it will be approximately $350,000.

A resident of the Virginia Hotel for many years, Stevenson died Nov. 16 in St. Anthony Hospital.

Other bequests include $2500 to Central Presbyterian Church; $3,000 to Ernest F. Gebhart, 1104 Lincoln-rd; $500 to Margaret E. Carroll, 43 Lexington-av; personal effects, to these two persons, and $300 to the Green Lawn Cemetery Association.

If this month continues the 1956 trend, traffic accidents will bring a staggering total of well above 50,000 dead, close to a million and a half injuries, and a cost of more than four and a half billion dollars! That's why it's essential that each of us support our traffic officials, join in on local safety activities, and give ourselves a personal "crackdown." BACK THE ATTACK ON TRAFFIC ACCIDENTS is your community and everywhere.

The open church wedding will be an event of Dec. 26, 7:30 p.m. in the Hilltop Church of Christ, Burgess-av at Olive-st.

A reception will follow at the downtown YMCA. The couple will leave by plane on Dec. 27 for San Diego, where they will make their home.

Mary Miller Is Bride Of Robert Leonard

Miss Mary Loiuse Miller and Mr. Robert William Leonard repeated their marriage vows Nov. 17, 7 p.m. in Warren Avenue Church of The Nazarene. Rev. Harris B. Anthony read the double ring service before an altar decorated with greenery, white crysanthemums, palms and seven branch candelabra.

Given in marriage by her brother, Mr. Charles W. Milller, the bride is the daughter of Mr. and Mrs. Noah Miller, 2648 Sullivant-av. Her husband's parents are Mr. and Mrs. Lloyd Leonard of Weston, W. Va.

The bride chose a gown of lace and tulle with fitted lace bodice and long, tapering sleeves. The buoffant skirt of tulle over taffeta was designed with a floating back panel of lace that extended into a chapel train.

A tiny pillbox of satin and seed pearls held her fingertip length veil and she carried a cascade arrangement of white carnations centered with a white orchid.

Mrs. David B. Miller, matron of honor, was gowned in ballerina length, ruby-red crystellet over taffeta with a wide, portrait collar and matching accessories. She carried variegated, shattered carnations with accents of peacock blue.

Mrs. Charles W. Miller and Mrs. James A. Miller, bridesmatrons and Miss Judith Manley, junior bridesmaid, were gowned in peacock blue ensembles, styled identically with the one worn by the honor attendant. Their bouquets were accented with ruby red.

Georgia Lee Hutchinson, the little flower girl, wore a floor length frock of white lace and faille and carried a miniature bouquet.

Mr. Cordell Leonard served as bestman for his brother and the guests were seated by Mr. John Manley, Mr. James A. Miller, Mr. Charles Collier and Mr. Charles W. Miller. James Ramey served as ringbearer.

MR. AND MRS. ROBERT WILLIAM LEONARD

The mother of the bride chose a blue lace gown with white accessories and an orchid corsage. The bridegroom's mother wore blue lace with white accessories and an orchid.

Hoge Memorial Church dining room was the scene of the reception that followed.

The new Mrs. Leonard was graduated from North High School and was employed by the Columbus Dental Manufacturing Co. Her husband was graduated from Weston High School and from the University of West Virginia. He is employed by the Chemical Rubber Co. in Pittsburgh.

Following a wedding trip to Bermuda, the couple is at home at 27 Danvers-av, Pittsburgh.

Postmen Lose Weight; Mailbags Gain

Christmas showers of letters and packages are again beginning to flood the postal departments — and spell "cloudy days" ahead for the carriers.

The Hilltop post office has hired 30 extra carriers, most of them college students, to help distribute these "showers of mail."

A mountain of this Christmas mail has already been delivered to the "Inquiry" section of the Main post office — to be sent to a very lovable character about this time of year by the name of Santa Claus.

Of more than 1000 letters Santa will probably receive at his North Pole address this year, 300 or 400 have already been handled at the post office.

In recent years, postal regulations have been broadened to allow some of these letters to go to philanthropic organizations. These organizations can follow through on some of the letters from needy children as Christmas projects.

However, Santa's fan mail is only a small portion of the myriad of Christmas greetings and parcel post packages, processed and delivered by hurried postal employees.

To help alleviate the almost Herculean task facing these dedicated postmen the mailing public is urged to keep the following suggestions in mind when sending their Christmas cheer.

1. Buy your Christmas stamps early.
2. Deposit mailings for distant cities immediately.
3. Mail greeting cards for local delivery no later than Dec. 15.
4. Always include the zone delivery number in the address.
5. Bundle "local" and "out-of-town" mailings securely — use labels left in your mailbox by your post office.
6. Package, wrap and address your parcels correctly.
7. Affix correct amount of postage.
8. Always write legibly.
9. Advise correspondents of your correct zone delivery number by including zone number in your return address on all letters and parcels.
10. Place stamps in the upper right hand corner of letters and parcels.
11. Address parcels on one side only— place duplicate address inside of parcels.

THE STARBOARD LIST that postmen are affecting these days is due to the mailbag not the bottle. Christmas greetings and packages are adding quite a load to the shoulders of postmen like Donald Jewell (above), 172 Meradale-av, Briggsdale. The 32-year-old carrier has been with the post office for 10 years. He delivers through the John Burroughs area.

$1½ Million Youth Hospital On Drawing Boards

Architect's sketch of the new 100-bed psychiatric treatment hospital to be built at the Juvenile Diagnostic Center, 2280 W. Broad-st

• • •

The state Department of Mental Hygiene and Correction today released an architect's sketch of the new 100-bed psychiatric treatment hospital to be built at the Juvenile Diagnostic Center, 2280 W. Broad-st, at a cost of $1,500,000.

Dr. C. Earl Albrecht, acting director of the department, said the new facility will strengthen substantially Ohio's program for treatment of problem juveniles.

The project is being financed with funds provided by the voters of Ohio through their approval of the $150,000,000 bond issue in November 1955 and appropriated by the General Assembly at a special session in January. It is one of a number of facilities to be constructed in the first phase of the long-range building program of the Department of Mental Hygiene and Correction, Dr. Albrecht's office reported.

Architect for the project is Benham, Richards & Armstrong of Columbus.

Central High retained its two-way tie for first place in the City Basketball League Tuesday night as the Pirates eked out a 60-56 victory at West High.

Ken Clapsaddle hit twelve in the final stanza for a total of 19. Clancy Readout and John Gatewood scored 19 each for the Pirates. Readout amazed the crowd with six straight buckets in the second quarter.

Fire Chief Advises On Care Of Tree

The Christmas tree is highly combustible, filled with pitch and resin, it will ignite easily and burn furiously. To minimize the danger of a Christmas tree fire, Fire Chief Walter G. Strickfaden has a few suggestions.

Obtain a tree which has been stored outdoors and keep it outdoors until actually needed. Cut off the end of the trunk diagonally at least one-inch above the original cut end. Stand the tree, at once in a container of water, keep in a cool location and sprinkle the branches frequently until brought into the house for trimming. Tree stands are available with a reservoir in which the trunk may be set. Be sure the tree is well supported and so located as to be away from fireplaces, radiators, heating stoves, radio and television sets, or other sources of heat.

Cartwheels Are Still Rolling All Around Our End Of Town

Bright and shining as Christmas tinsel, 4800 silver dollars rolled out of Hartley Printing and Publishing Co. office in its traditional holiday heyday last week. Employes, paid each year at this time in the silver cartwheels, start them in circulation throughout the community by spending them with local merchants, who, in turn, pass them out in change. Pictured above with a portion of the week's payroll last Friday morning are, left to right, Patrolman H. Wilkins, who escorted them to the office and Charles Hall, accountant department. STAFF Photo

Louis Cruse turned in the high individual two-game series with a score of 308. Jerry Hummel's 289 was good enough for second, while third place went to Gud Rose with 281.

With a score of 177, Jay Hess was first in the high individual game division. He was followed by Louis Cruse with 168, and Harold Rose with 152.

'Can You Tie This?' Kiwanians Ask

NECKTIES . . . nearly a thousand of them were turned in by Hilltop Kiwanians last Thursday and will be cleaned and distributed as gifts to patients at the Columbus State Hospital. On the left is Bob Cramer, chairman of the tie committee assisted by Bill Jones in holding up a rack of the ties.

Yule Contest Winners Are Santa's Publicity Agents

Santa Claus, Tommy and his reindeer all sparkled with brilliant hues and tones when 32 entries were received for this year's coloring contest.

With so many fine artists around, it wasn't easy to choose the three best pictures of all. But we did our best, as we know you all did your best. So, if Santa's looking for someone to do some poster work for next year's Christmas publicity, he wouldn't go far wrong if he chose —

Jack Barr, 10, 734 S. Eureka-av, who wins high coloring honors of five silver dollars by being selected the neatest artist in this year's contest — or —

Eight-year-old Barby Hardy, 843 S. Eureka-av, who wins second prize of three silver dollars for a very pretty picture — or—Victoria Lee Papp, 9, 235 S. Hague-av., winner of one silver dollar for sending the third prize picture.

We wish there could have been 32 winners, but since there were not, we know you all had a good time coloring your pictures for us. The three winners may come to the office of the Record, 2465 W. Broad-st, to claim their silver dollars.

Pick Architect For School At Valleyview

A Hilltop architectural firm was given the green light Tuesday afternoon by the Columbus Board of Education to draw up plans immediately for a new eight classroom school on Valleyview-dr.

The design of the Valleyview School will be conceived by M. James Holroyd, & Associates, 3201 W. Broad-st. Preliminary sketches are expected to be available early in January, Holroyd said.

In all, the board approved 10 firms to work on six school buildings in the city.

Planners and builders are faced with a Sept. 1957 deadline. The new Valleyview elementary school will relieve pressure at the West Broad Street and Highland Avenue schools where enrollments are ever-climbing. Although overcrowding is not overly severe, extra rooms, such as lunch rooms often are pressed into classroom service.

School board members hope to see the Valleyview school ready for occupancy by next September. This would follow the pattern of Berwick school in the East Side where ground was broken last April and children were admitted to their new classrooms just 10 days after the official opening date.

District Adds 12 Scout Units In 1956

Scouting in the Southwest District showed a healthy increase in 1956, it was evident from reports at a district meeting Monday night.

Scouts, troop officials and institutional representatives met at the City National Bank, 3100 W. Broad-st. Field Executive Robert Meade presided.

Registered troops, posts and packs jumped from 46 to 86 units, with an increase of 413 boys. Scouter Vernon Sanford stated. No units were discontinued during the year.

Cub Scouts of Pack 186 Grove City conducted an opening ceremony.

Reports of a successful "Toys for Tots" campaign were given.

Short talks were given on "The Birthplace of Atomic Energy Research" by Thomas Warren; "Law as a Profession" by Howard Wilson; and "Why Editors Reject and Accept Manuscripts" by Marcus Orr.

Refreshments were served by Ralph Duncan.

The committee will meet again Jan. 21 at the parish house of West Park Methodist Church.

Bulb Thefts Decry Christmas Spirit

Unfortunately, the true spirit of Christmas is miserably lost on a few individuals who seem to delight in destroying the happiness of others, regardless of the season.

Their latest inconsideration consists of stealing light bulbs from outdoor Christmas trees. Police have already received many reports of bulb thefts this year.

Mrs. Edna Minshall, 91 N. Ogden-av, was feeding birds in her backyard when she noticed that her back gate was open. She then discovered that it had evidently been entered by bulb thieves as she found many large bulbs missing from a fir tree in her yard. She said 17 bulbs were stolen from her tree last year. Police are helpless without a description of the culprits.

$55 Gift Ready For Your Tree

Two Hilltop Record subscribers redeemed their copies of last week's issue containing $1 insignia for crisp, new "Confederate" bills. The other eight $1 insignia and the big, jackpot insignia worth $50 last week, went begging.

Winners were Francis Harris, 69 Belvidere-av and Glen Cooper, 1899 Floral-av.

Today's jackpot value has soared to $55 and the usual ten $1 insignia are also printed on ads in ten other copies of this week's issue.

There's still time for a $55 assist to your holiday budget. Any subscriber is eligible to redeem a copy of the Record containing "Confederate" money insignia.

Lucky copies may be exchanged for "Confederate" dollars in the Record office, 2465 W. Broad-st, before noon on Saturday.

"Confederate" dollars may be spent with every advertiser in the current issue of the paper, for any merchandise in his store.

Take a good look at every ad in today's Record. Eleven copies are worth money in the pocket—"Confederate" money, that it.

Reminder To TB Seal Users

"DO IT NOW"—The TB Society urges, "Contribute for your Christmas seals, for 50 years a penny symbol of hope in the fight against tuberculosis." Zo-Ann Stanfield, 78 N. Oakley-av, West High School, and Judy Reeb, 4211 Dublin-rd, Hilliards High School, remind you that Dec. 17 was the day in the Christmas Seal Sale set aside for procrastinators. Send in your contributions now, while you think about it. Christmas seals are the only support for the Tuberculosis Society and its county-wide activities.

Christmas Week Issue To Be Late

A different publication date, and earlier advertising and news copy deadline times will be observed next week, because of the Christmas holiday.

The Hilltop Record will be delivered to subscribers on Thursday, Dec. 27, instead of on Wednesday.

In order that all employees of this newspaper will be "home for Christmas," our office will be closed during the long holiday week-end, Saturday noon, Dec. 22 until Wednesday morning.

All pictures, display advertising copy and early news copy intended for next week's issue should be in our office before noon on Saturday. Classified advertising and late news developments will be accepted until 5 p.m. Wednesday, Dec.

Oysters High, Berries Low On Bill For Holiday Feast

By Shirlee Mantz

Is your mouth watering for the turkey and trimmings of this year's Christmas feast? Housewives are already busy planning and preparing some savory Christmas dishes to delight and fill hungry families.

After investigating prices of traditional meal requirements it was found that this year's Christmas dinner will cost almost the same as last year's.

Although menus and budgets vary widely from table to table, a hungry family of five should be able to have a delectable holiday feast for only $12.05.

The meal gets off to a good start with a colorful and appetizing fruit cocktail, at a cost of 40c. The backbone of the meal, a 10-pound roast turkey, is served at a total cost of $4.90 or 49c per pound. This year's holiday bird is just a few cents cheaper than last year's.

Candied sweet potatoes at 30c and fluffy mashed potatoes at 15c, with rich brown giblet gravy are next on the menu. Idahos are slightly cheaper than last year. Oyster dressing, a holiday "special" included in this feast, will cost 60c, with oysters an expensive item on the menu.

Either scalloped corn or succotash may be served as a complementary vegetable at a cost of 45c. Cranberries will again steal the salad scene at 30c, and rate as one of the few items less expensive than last year.

A waldorf or molded garden salad can also be offered as an accompaniment to the meal for 60c. A relish tray, with a colorful mixture of olives, stuffed celery, radish roses, carrot curls and shallots, will total about $1.00.

Piping hot rolls can be had for 50c and a miscellaneous allowance of $1 was allowed for butter, beverage, etc., for a traditional American dessert, the holiday favorites, pumpkin or mincemeat pie can be served at 60c with pumpkin a little less.

A delicious, moist fruit cake, filled with citron, fruits and nuts at $1. per pound, completes the Christmas dinner royal. Not only can you have a delightful holiday feast for $12.05, but you will have wonderful left-overs for several after-Christmas meals. Happy cooking and good eating!

King Size Christmas Plant

POINSETTIAS are the traditional Christmas flower. Their vivid red blossoms on a background of green are effective presentations of the season's colors. Attractive Winnie Spangler (above), 420 S. Ogden-av, a senior at West High admires a "Christmas tree size" poinsettia at Yost Florists, 363 Belvidere-av. The plant is 6½ feet high and has 15 blooms, the largest of which measure 14 inches across.

Tinsel Twirl To Feature Band, Vocalists

Robert Rocky's Orchestra will set toes tapping at the Tinsel Twirl Dance, Dec. 21, at Glenwood Recreation Center, from 8 to 11 p.m.

A highlight of the evening will be the introduction of the "Secret Girl."

Jerry Hummel will emcee during the intermission. Entertainment will include vocals by Lucy Manus, Sue LeDiard, and Maryanne Eberts.

Admission is free. Robert Rocky's Orchestra was obtained through the courtesy of Local 102 in cooperation with the Musicians Performance Trust Fund. The dance is sponsored by the Glenwood Teen Club.

KC Children's Party Is Sunday

Children of the members of Knights of Columbus, Santa Maria Council 2898 will be entertained at a Christmas party Sunday, 3 p.m. Party theme is "Keeping Christ in Christmas."

Jack McAndrews, Pat Martin and Jim McCourt, with their committees, have planned the affair.

This year, members of Santa Maria Council will donate money to St. Vincent's Orphanage to be spent, rather than the usual buying of gifts for the orphans.

Must Buy Bike Licenses By Dec. 31

Bicycle licenses for 1957 will go on sale Dec. 26, at the city auditor's office, Room 111, City Hall and 23 other locations about the city.

Agents appointed by Auditor Price to sell bicycle licenses locally are: Reeves Bros., Sporting Goods, 639 Harrisburg-pk; Ray's Bike Shop, 2772 W. Broad-st; Hilltop Business Association, 3183 W. Broad-st; Hilltop Hardware, 2804 Sullivant-av.

The license will cost 50 cents. A ten cent service charge to agents who sell licenses has been authorized. These authorized agents are not employees of the city nor do they receive compensation from the city, the auditor said. There is no service charge on licenses sold at the City Hall.

All bicycles must be licensed by Dec. 31. The period covered is Jan. 1 to Dec. 31, 1957.

City Auditor John H. Price states that bicycle licenses are excellent theft insurance. In recent years 96 per cent of all licensed bicycles stolen in the city have been recovered by police. The stolen bikes can be identified by serial number stamped on the bicycle, which is recorded.

HURT AT PLAY

Jerry Galloway, 16, of 80 S Algonquin-av, was cut over the eye while playing at Glenwood Recreation Center Tuesday evening. Emergency squadmen took him to Mt. Carmel for treatment.

Memberships Go On Sale

Membership tickets in Franklin County Agriculture Society are now on sale.

They may be procured by mailing $3 to Harold Hart, secretary of the society at Box 283, Hilliards, O. They will be available until the close of the 1957 county fair.

Officers of the fair board will be elected at the meeting of the group on Jan. 5.

Several members of the local fair board plan to attend the annual Ohio Fair Managers convention at the Deshler Hilton Ho-

HAS HEART ATTACK

F. E. Robertson, 65 S. Hague-av, is hospitalized in St. Anthony's with a relapse from a heart condition. He had a heart attack on Dec. 10 and was moved to the hospital last Friday.

Legion Party To Feature TV Stars

Camp Chase Post, American Legion and Auxiliary will hold its annual Childrens' Christmas Party at 7 p.m. Friday, Dec. 21.

It will be staged in the community room of the Great Western Office of the Ohio National Bank.

Featured on the program will be Santa Claus from WBNS-TV and Mary Ellen Schott, Lois Kennard and Tex Wheeler, the stars of WTVN-TV.

Children and families of Camp Chase Post members are invited.

Injured Pedestrian 'Fair'

Glenn Ault, 62, of 3612 Briggs-rd is still in "fair" condition at Mt. Carmel with injuries received when he was hit by a car while crossing Hague-av, north of Sullivant-av. The accident occured last Saturday night.

Both of Ault's arms and his right leg were fractured.

Driver of the car was Harold Daniels, 19, of 3280 Whitehead-rd,

White Pine Disappears From State Hospital Site

The Columbus State Hospital is missing one 15-foot white pine, thanks to the neat sawing and quiet exit of an apparent Christmas tree thief.

The tree, one of five white pines standing in a group about 50 yards from the nurses' home, was accessible through an open gate, day or night.

Hospital authorities are investigating the theft and night watchmen are keeping a close watch over the other four trees

The library system will be closed all day Monday, Dec. 24, resuming regular hours on Wednesday, Dec. 26. It will be closed Monday, Dec. 31, reopening Wednesday, Jan. 2. Kathryn Grayson, movie and TV actress: "The downfall of Hollywood musicals has been a lack of decent stories."

Library Booklists Have Materials On Christmas, Sea

Two timely booklists are now available for the asking at the Columbus Public Library and its branch agencies. One is entitled "Books Yule-Like" and deals with books especially useful during the Christmas season. The other is a listing of materials that viewers of the new Columbus Junior League-sponsored "Kingdom of the Sea" television program may wish to read or study.

Categories in the Christmas list include "Christmas Carols," "The Festive Board," "The Traditional Approach," "Santa's Do-It-Yourself Ideas," "Plays Aplenty," "Fiction and Fancy" and "Yule-Like Short Stories."

Fans of "Kingdom of the Sea," seen each Monday at 6 p.m. on WBNS-TV, are directed to further knowledge about "Shipbuilding, ancient and modern, "Marine Life," "Sea Sports," "Skin-Diving," "Tales of the Sea," "The Sea in Song and Poetry," "Ice-Covered Areas," "War at Sea," modern, "Buried Treasure" and "Sea Travel." The list also recommends children's titles on related subects and 16-mm sound movies concerning the sea which may be borrowed from the library's film department.

Major Muses

I experienced an unexpected pleasant feeling recently due to the courtesy of a fellow motorist.

One evening after dark, I had occasion to be driving on McKinley. Anyone familiar with this street and its "underpass" knows the need for careful driving to negotiate the spot even in broad daylight. As I prepared to turn left beyond the underpass an approaching motorist, realizing his headlights might blind me temporarily, immediately turned his lights to parking position. Needless to say, this courtesy and forethought is conducive to a much safer and pleasanter association on the highway.

When I answer my telephone only to find that a wrong number had been called, it is gratifying to hear the errant caller state a brief but earnest apology.

Courtesy can be useful any time. It's free, and available to everybody. I wonder why it is neglected so.

Be Good. "Yours"

Fire Chief Advises On Care Of Tree

The Christmas tree is highly combustible, filled with pitch and resin, it will ignite easily and burn furiously. To minimize the danger of a Christmas tree fire, Fire Chief Walter G. Strickfaden has a few suggestions.

Obtain a tree which has been stored outdoors and keep it outdoors until actually needed. Cut off the end of the trunk diagonally at least one-inch above the original cut end. Stand the tree, at once in a container of water, keep in a cool location and sprinkle the branches frequently until brought into the house for trimming. Tree stands are available with a reservoir in which the trunk may be set. Be sure the tree is well supported and so located as to be away from fireplaces, radiators, heating stoves, radio and television sets, or other sources of heat.

THE TRUE SPIRIT OF CHRISTMAS

JONATHAN ALDER STORY . . .

Indians' Move To Kansas Final Separation From Alder

Chapter 46

"The Indians would not be removed until sometime next summer or fall, but Elvain promised to let me know when. In the meantime I returned home to prepare for the long trip.

"He was spending all his time with the Indians helping them get ready for the move. When their arrangements were all made and the day set for the trip, he came back home to finish plans and to let me know.

"He happened to meet Thomas Kane in Columbus. Since Kane lived close to me, Elvain gave him a letter for me, telling of all the plans. Kane put the letter in his pocket and thought no more of it until the morning of the day they were to start their trip.

"I did not know what to do. I expected the Indians would be on their way, so I gave up hope of going with them.

"It was the next summer before I saw Elvain in Columbus. He asked why I had disappointed him so, and I explained what had happened. He was very sorry, and told me if I had come I would still have been in plenty of time.

"For when he arrived at the Indian reserve on the day set for the trip, he found the Indians had all their farming utensils gathered up for the move, including wooden harrows, sleds and wagons. He insisted that they could not take it and must sell it.

"Elvain said it was a solid month before the goods were all sold and they were finally under way. He also described the reserve in Kansas as being a fine one.

"My life with the Indians was then ended. We were separated so far apart that I have never seen one of them since."

In Passing

WHISPER

Speak softly, please, for on this Eve
A tiny Babe was born.
Bring your gifts of love to Him,
And gold, He will not scorn.

Speak softly, please, for since He [illegible]
The air is sweet with peace;
All heavenly stars are brighter;
The world has seemed to cease.

Speak gently, please, for as you [illegible]
Upon that infant Face,
Your heart beats fast with gladness
While pleading for His grace.

On such a mad adventure, led
By this alone . . . one brilliant [illegible]

To bring us to ourselves again,
Instead of this mysterious quest.

And knelt before Him! All is well!

Christmas vignette: Each year just before Christmas, she would contact several ministers and priests of churches in the less prosperous sections of town and obtained from them the names and addresses of needy families. Christmas Eve, she had baskets delivered to 15 of the families and sent the other names to various charitable organizations. Contents of her baskets never varied; each contained a chicken, potatoes, fruit, canned goods and doughnuts; socks for the father, a blanket for the mother and a toy for each child. The families never knew the name of their benefactor. They also did not know that she saved all year to fill the baskets, depriving herself of even necessities. She lived alone, in one room, on a tiny income. She was a proud little lady so her friends did not know where she lived until her name and address appeared recently in the obituary columns. This Christmas she will not be alone and some of her friends will fill and deliver her 15 baskets. She was the true spirit of Christmas.

In America it is "Merry Christmas!" Unquote. And a Merry Christmas is what I am wishing everybody.

Report Poor Waterfowl Hunting Here

Ohio waterfowl hunters, particularly those down state, keep looking northward for the large flocks of ducks which normally start moving south about this time each year. So far, however, most of the ducks and geese in Ohio are staying in and around Sandusky Bay and on a few of the larger inland lakes.

In making a recent survey of the waterfowl situation in Ohio, Delmar Handley, waterfowl biologist in the Ohio Division of Wildlife, estimated there were approximately 100,000 ducks and 3,000 geese in the state, most of them in the Sandusky Bay area.

According to Handley, there were 40% more waterfowl in Ohio last year on Dec. 1 than this year. Handley says further that while the preliminary surveys looked promising for a successful waterfowl season in 1956, apparently the northern "duck factory" which normally produces the ducks for the area, just didn't come up to expectations.

With the current waterfowl season rapidly coming to a close (Dec. 22 is the last day) hunters are still hopefully waiting for the mallards and blacks to put in an appearance on the lakes and streams down state.

Thomas E. Davis, 143 N. Loyell-rd, has secured a permit to build a one-car frame garage. Contractor for the construction is the Columbus Garage Builders.

May this Yuletide find you in good health and good spirit, and leave you with a rich treasure trove of the happiest memories.

Rezoning Of Norwich-tp Tract Sought

The Franklin County Rural Zoning Commission was requested Monday to rezone a 380-acre tract south of Hilliards in Norwich Township from residential and farming to heavy manufacturing.

Located immediately north and east of the intersection of Walcutt-rd and Roberts-rd, the property is owned by the estate of the late Anna Renner. It is approximately one mile from the Hilliards limits and has an irregular boundary.

Just south of the area is the 366-acre tract that was rezoned two months ago for heavy manufacturing after controversial public hearings before the zoning commission and the county commissioners.

Attorney Bough Richey, applicant for the rezoning, did not state what, if any, industry was interested in the area according to T. R. Hickey, executive secretary of the zoning commission.

Lights, Chimes Herald Christmas In New Rome

Christmas spirit is not lacking in New Rome this year thanks to the combined efforts of the village officials and the Rome Business Association.

Colorful Christmas lights outline the streets and set the stage for the chimes carols which are played until New Year's Day.

The music, heard between 5:30 and 6:30 every evening, is played from St. Paul's Lutheran Church on Pasadena-av.

"We hope our friends in the city will drive out and enjoy our Christmas projects as much as we do," Mayor D. J. Kunz said.

Fire Victims Need Clothing, Neighbor Says

A New Rome family that was routed from its home by smoke and flames Monday morning are badly in need of clothes and other items which were destroyed in the blaze according to a neighbor Mrs. Ernest Shaner, 246 Rome-Hilliards-rd.

The fire swept through the home of Mr. and Mrs. William H. Anderson, 236 Rome-Hilliards-rd after it started in an open kitchen closet. Prairie Township firemen set the loss at $6000.

Trapped in the house by the flames besides Anderson and his wife were their three small children and three guests, Mr. and Mrs. Harold Shaver and their son, Tony, three months, from Fairborn, O. Frances Howard, 16, also lives with the family.

Injured while escaping from the flaming structure were Miss Howard and Harold Shaver. Both were treated at Mt. Carmel Hospital for minor injuries and released. Neighbors safely assisted the other occupants from the house.

Members of the Anderson family are now staying with friends according to a neighbor. The children are William, 4; Kathy, 3; David, 2; and Loretta, 11.

Anyone who wishes to help the family should call Mrs. Shaner at TR. 8-8550. "They particularly need furniture," Mrs. Shaner said. "Everything on the first floor was destroyed and practically everything upstairs was ruined."

LET'S GO SHOPPING FOR: Christmas dinner.

In every home Christmas is a special time of year based on legend, custom and time-worn traditions that make this holiday stand out above all others. Perhaps it's Christmas cooking which lingers longest in your memory.

Our 1956 Christmas menu, with all the expected trimmings, is one long to be remembered for its ease of preparation and eating pleasure.

Traditional Yuletide Dinner
Roast Turkey Hot Stuffing
Baked Sweet Potatoes
Buttered Peas Crisp Relishes
Cranberry Sauce
Hot Rolls Butter Jam
Plum Pudding
Hard Sauce
Coffee and Milk

All except the turkey and relishes may be prepared one day or more in advance. Make pudding and cranberry sauce this weekend. Cut bread for stuffing and make hard sauce the day before. Buy or make rolls ready to warm while serving the dinner. Bake sweet potatoes the last hour the turkey is roasting. Cook frozen peas or choice of vegetables while making gravy. It's as easy as can be, and best of all, this menu makes for a minimum of dish washing after dinner.

Turkey

Many turkeys escaped at Thanksgiving time to preside at the head of your Christmas table. Modern turkeys are broad breasted and meaty. Two-thirds of today's mature turkey is white meat, and only one-third is dark meat. They are available in sizes from 4 to 24 pounds, making it possible to enjoy turkey without too many days of turkey "planovers."

SELECTION — When buying turkey, consider first the size of the bird, then try to select young birds full fleshed and plump with a wide breast and body and meaty legs. The body should feel soft, have tender flesh, straight breast and be clean dressed. The skin should be waxy with a well distributed layer of fat under the skin.

When buying medium or heavy birds, twelve pounds or over, allow one-half to three-fourths pound (ready to cook weight) per serving. Allowing more than this will provide cooked turkey for another meal.

The actual number of servings depends on the quality of the bird, correct preparation and carving skill. Following is a table of the approximate number of servings that can be expected.

Ready to Cook Turkey	Serves
6 to 8 pounds	6 to 10
8 to 12 pounds	10 to 20
12 to 16 pounds	20 to 32
16 to 20 pounds	32 to 40
20 to 24 pounds	[illegible] to 48

PREPARATION — Combine ingredients for stuffing and stuff just before roasting. Place bird on rack in open roasting pan. Do not add water or cover.

COOKING TIME for stuffed or completely thawed birds follows:

Ready to Cook Weight—Pound	Total Cooking Time Hours at 325 F.
6 to 8	3¾ to 4½
8 to 12	4 to 5
12 to 16	5 to 6
16 to 20	6 to 7½
20 to 24	7½ to 9

Unstuffed birds require about five minutes less per pound cooking time. Allow 20-30 minutes extra time in cooking for possible delays—making gravy, removing trussing cords, letting the meat absorb juices for easier carving and arranging the bird attractively on the plate.

When the turkey is done the drumstick will move readily or pull out of joint. Also, the thickest part of the drumstick is very soft in texture.

FOOD VALUE — Turkey is a good source of high quality protein. It is rich in vitamin B1, riboflavin, niacin and iron. The dark meat contains more than twice as much riboflavin as the light meat; whereas, the light meat contains about twice as much niacin as the dark meat.

Sportsmen And Conservationists To Assemble; Wild Game Dinner Feature

The 49th Annual Convention of the League of Ohio Sportsmen will be held in Columbus, Ohio, at the Neil House on Feb. 7, 8, 9, and 10, 1957 President Glen Montgomery, Zanesville, announced today.

The league has completed its roster of state and national authorities who will speak and conduct forums during the four day conclave. Conservationists and sportsmen interested in recreational angling and field sports will find many interesting features and programs devoted to their particular field.

All meetings during the convention are open to the public without charge. Active participation is invited on all occasions.

The league highlights its Saturday Night Dinner, Feb. 9, with a star studded program which is the only event for which a.me cost is involved for those in attendance. The menu features wild game and other exotic wildlife foods which attract much attention from chefs throughout the nation who generally watch for this event.

Business sessions leading toward new legislation for fishermen and hunters has annually an important place in the League Convention, and particularly so this year, while the General Assembly of Ohio is in session.

Dr. Richard T. Arnold, educator, advocating a ten-and-a-half-month school term: "Our academic year of nine months, which arose out of an agricultural economy, simply is not adequate and handicaps us terribly in competition with others."

Dr. Brock Chisholm, Canadian "Ruthless competition is threatening the human race with extinction."

You can't beat the law of averages. Who said so! While a worker loses an eye after 20 years of accident-free work, it wasn't the law of averages that left his safety goggles in his pocket. And the law of averages didn't keep the guy with the smashed toes from wearing his safety shoes. No, you can't be sure that when an accident happens, there's a human element to be considered. The Safety Council of the Columbus Chamber of Commerce says there's no law — of averages or anything else — which keeps a person from being safety-wise. Remember, there's just no excuse for ANY accident happening.

Low Griggs Water Level Not Serious

The low water level at Griggs Dam should cause no concern, according to Paul C. Laux, superintendent of the Division of Water in Columbus.

"The level is about a foot lower than last year," Laux stated," but nothing serious at all. We could let water out of the O'Shaughnessy Dam and bring the level up in a few hours if we wanted.

Public Library Backdrop For Yule Programs

You still have time to enjoy one of the old-fashioned outdoor Christmas music and public caroling programs under the auspices of the Sertoma Club of Columbus.

The programs, scheduled from 7 to 9 p.m. on Dec. 18, 19 and 20, are conducted to the steps of the Columbus Public Library at 96 Grant-av. A Sertoma Santa Claus appears nightly with gifts of candy canes for children in the audience. In addition to singing carols, local choral and instrumental organizations are presenting recitals.

Game Of The Week

Franklin Neophytes Stymied By Wiser Watterson Netmen

by Bill Rush

An inexperienced Franklin Heights five failed Friday in an effort to pick up their first win as the Watterson Golden Eagles dumped the Black and Gold cage crew 40-26 on the Franklin floor.

Though the score indicates a slow match, the game was entirely different with both teams battling to the finish. Heights had the shots but the volleys would roll around the rim, then fall off.

Franklin grabbed the lead early when William Johnson dumped a foul after two minutes of scoreless action had passed in the first period. The lead was short lived, however, as Bill Bodnar tipped in a rebound under the basket to put the Eagles into a lead they never surrendered.

Neither team managed to score more than one action shot during the first stanza. Guard Bob Pearse, who seemed to be the backbone of the Heights offense, netted the Black and Gold's only field goal. First quarter score was 7-3.

The Eagles stretched their lead to 20-11 by halftime with the Franklin cagers apparently unable to keep pace with the slow steady pace of the invaders. A slow third quarter brought the Heights netmen within eight points of the opponents with the scoreboard reading 26-18.

Heights tall center Dick Norris pushed in a shot from underneath the net to open the fourth quarter action. Norris came back shortly after to mesh a free throw which narrowed the gap between the two teams to five points. Temporarily stalled, Watterson then picked up steam and stormed to a commanding lead.

Watterson ace Phil Tippet found the last quarter man-to-man defense of Franklin to his liking. With only one man to outwit, Tippet accounted for eight points in the final stanza.

Blames Defense

Franklin Heights Coach Noel Howard told his charges after the game, "We did a lot of good things tonight, but we still have a lot of things to improve upon. Shifting to the man-to-man defense killed us. We had been practicing it all week and I thought that we could make it.

"We still aren't shooting enough. We shot 50 times tonight and made good on 10 attempts. Our percentage is getting better, but we have got to shoot more. We will give them a much better game next time."

Leading scorer for Heights was Bob Pearse with 10 points. Center Dick Norris notched eight; guard Delbert Petersen accounted for four; Rex Lamb had three and William Johnson scored one.

Heights next game is tomorrow night when they travel to Mifflin to face a tough county league foe. Heights record for the season now stands at three [illegible]

BANK NEWS
By Shirley Holmes

Friday, Dec. 7, Miss Cherington's seventh and ninth period classes went to The Huntington National Bank.

Mr. Farrar and Mr. Grandstaff told us all about the bank while the three guides showed three groups over the bank.

The guides showed us the Proof Room where checks are photographed, bank statements are [illegible] ade, proof machines, and a teletype machine, where the bank can send messages to different banks. They also showed us the safe deposit box room.

Next, we went to the main floor where we saw deposit slips and checks. The biggest thrill of all was when we got to hold a $100,000 bill, the biggest ever made.

On the way back to the Board of Directors room, some of us saw the president of the bank and his wife, Mr. and Mrs. John E. Stevenson. We also saw Mr. Huntington, the chairman of the board.

Most experts expect a booming adult toy market to make this a record year for manufacturers and sellers of toys and games. For several years, toy makers have been catering to the hobbyist and the "over 65" age group and now they find themselves with a toy market that is brisk at both ends of the age group.

Today's adult who works, and the older who has retired, have plenty of leisure time on their hands and each year hundreds take up such hobbies as miniature shipbuilding, model railroading, or the less strenuous word or card games.

Some of the grown-up items on the market for the last year's top toy selling Christmas season included a $18 scale model kit of the liner S.S. United States, "HO" gauge electric trains, model power boats, pool tables, shuffleboard sets, and an endless list of word [illegible].

Biggest volume item in the adult toy field are the word games and the increased popularity has been so marked that within the past year two manufacturers doubled their plant capacity for producing games.

The toy makers have no intention of forgetting the nearly 60 million youngsters under 14 who are their principal market, but they are cultivating the "over 65" group—and their reasoning is simply that the older age group has more money to spend and is more interested in finding ways to occupy time.

Some manufacturers of "do-it-yourself" tools and gadgets are cashing in on the adult toy market by putting models of their products on the toy counters. Among items in this category last Christmas were a "mobile" loudspeaker, an intercom set, and a hand drill. Plenty of these were sold to grown-ups who put them to practical use.

GOOD TIDINGS . . .

"She brought forth her first-born son, and wrapped him in swaddling clothes, and laid him in a manger; because there was no room for them in the inn.

"And there were in the same country shepherds abiding in the field, keeping watch over their flock by night. And, lo, the angel of the Lord came upon them, and the glory of the Lord shone round about them; and they were sore afraid.

And the angel said unto them, Fear not: for, behold, I bring you good tidings of great joy, which shall be to all people. For unto you is born this day in the city of David, a Saviour, which is Christ the Lord. And this shall be a sign unto you; Ye shall find the babe wrapped in swaddling clothes, lying in a manger.

And suddenly there was with the angel a multitude of the heavenly host praising God, and saying, Glory to God in the highest, and on earth peace, good will to men."

Luke 2:7-14

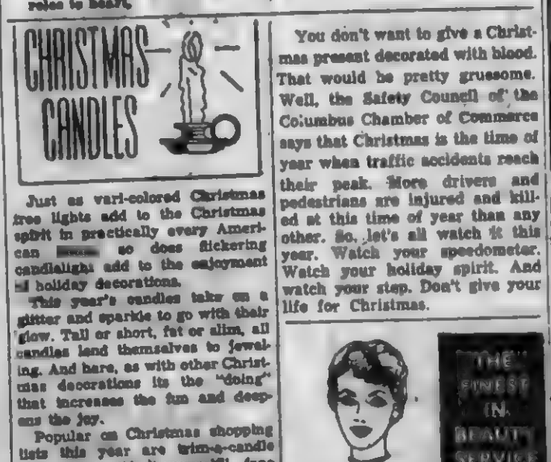
Awaiting the arrival of Santa Claus puts plenty of Christmas spirit in the young hearts and minds of children, but we can still help them to a greater appreciation of the holiday.

Santa has his proper place (despite the convictions of many of the older generation) but children who are old enough to understand should be often reminded that there is a truer meaning to our celebration of Christmas. The story of the Holy Birth is not a difficult one to tell to children, for it is essentially a simple story.

Children may be made to appreciate the other aspects of Christmas, too, by helping with the decorations, and in the selection and trimming of the tree. It's always fun to choose your Christmas tree, whether you get it from the woods or from the corner store.

Making tree decorations is another ideal family project. Strings of cranberries, popcorn or colored paper give trees a special Christmas glow. Even cutouts from Christmas cards add glamour. While adults trim the top of the tree, the children can trim the bottom.

Pine boughs and cones gathered from a nearby woods make pretty wreaths and table decorations. Children like to hike and look for these Christmas treasures.



Christmas Customs From Many Peoples

The observance of Christmas in the United States, is a combination of customs which have come to us from [illegible]ermany, England, Italy, Turkey, and many other countries, customs which have been combined into a beautiful and varied [illegible].

Christmas customs, combined with a proper appreciation of the spiritual nature of the observance, gives the real meaning of Christmas and the universal message it holds for all mankind, "Peace on earth; good will to men!"

PERFECT ANGELS . . . Being good is always easier when it gets near to Christmas time and these little indian, dressed for the role of angels in a Christmas pageant, are certainly taking their roles to heart.

Just as vari-colored Christmas tree lights add to the Christmas spirit in practically every American [illegible] so does flickering candlelight add to the enjoyment of holiday decorations.

This year's candles take on a glitter and sparkle to go with their glow. Tall or short, fat or slim, all candles lend themselves to jeweling. And here, as with other Christmas decorations its the "doing" that increases the fun and deepens the joy.

Popular on Christmas shopping lists this year are trim-a-candle kits which "do-it-yourself" fans can use to transform plain-Janes of candleland into tapers of striking loveliness which may be used for home decorations or gifts.

The kits' contents include glitter, spangles of infinite shapes and colors, pearls, sequins, stars and hollow beads.

You don't want to give a Christmas present decorated with blood. That would be pretty gruesome. Well, the Safety Council of the Columbus Chamber of Commerce says that Christmas is the time of year when traffic accidents reach their peak. More drivers and pedestrians are injured and killed at this time of year than any other. So, let's all watch it this year. Watch your speedometer. Watch your holiday spirit. And watch your step. Don't give your life for Christmas.

Ailing Youngster Gets Message To Santa, Thanks To Brother's Idea

Perish the thought! Christmas only a few short days ahead and a little boy who's too ill to visit Santa and "place his order."

That was the dilemma which confronted a youngster who lives in this area. What to do —what to do! He knew exactly what he wanted left under the tree, but his sickness made it impossible for him to personally exercise his right as a little boy to advise Santa in person.

Confiding in his brother, the two cooked up a scheme which they considered at least second best to a personal visit to St. Nick — they called him by phone.

So it was that one day last week the W. T. Grant Co. at Great Western received a call from the brother of the sick boy, who pleaded that Santa come to the phone. From his throne in the toy department of the store, Santa was summoned, and in due course he had his "orders" from the ailing youngster.

It was a happy boy who wound up his conversation by saying "Thank you, thank you very much, Santa. I hope I can see you when you bring me the presents."

Hilltoppers, Poodles Lead In Bowling

The Hilltoppers and Poodles, both with 9-7 marks, are currently leading the Glenwood Junior Bowling League. They replaced the Alley Cats who are now tied for second place with the Headpins with 8-8 records.

High team two game series honors went to the Fearless Five with 1281. The Headpins and Hilltoppers racked up 1158 and 1098 pins, respectively to finish second and third.

The same teams finished in that order in the high game division, with scores of 729, 615, and 575 respectively.

Louis Cruse leads the league in averages with a high of 162. He is followed by Joe Cossin with 154, Gus Rose, 152, and Joe Mazrath, 144.

In the individual statistics, Joe Cossin, Gus Rose, and Ronald Rose finished in that order in both the high game and high two-game series divisions. Their scores were: single game 164, 149 and 152; two-game series, 218, 292 and 268.

The tumbling acts included Jane Belanger, JoAnn Bentz, Marie DeVore, Patty Rice, Joan Smith, Jean Stanley, Vicki Tanner, Erika and Fredricka vonRitter.

Fluhart Insurance Cage Teams Win

Bolstered by the addition of Dick Langley and Cliff Van Gundy, Fluhart Insurance Number One team knocked off Variety Merchants Thursday night, 72-40. Tom Shephard and Dick Langley led the scoring with 26 and 21 points respectively.

The Fluhart team takes on Johnny's Pizza tomorrow night at 6:45 in the Starling Industrial League.

Fluhart Insurance Number Two team pulled the upset of the season by topping the leading J. and F. Marker 44-38 in the Friday night Glenwood League. Butch Doersam was high scorer for the insurance men with 12 points.

Wipe it up before it wipes you out! That spot of grease or water puddle on the kitchen floor can cause you to slip, trip or flip right into a painful accident. Don't let home be where the hurt is! Wipe out fall hazards before they get underfoot. It takes only a minute and yet it might save you from a month in the hospital.

Six Team Tie In Hilltop Y Cage League

At the end of Dec. 15 Junior Church Basketball League, we find there is a six-way tie for first place among the following teams: Hoge Memorial, Glenwood Methodist, West Park Methodist, Westgate EUB, Hillcrest Baptist, Burgess EUB. Each team has won two and lost one.

In the first game Saturday afternoon, Westgate Methodist was beaten by Hillcrest, 41-15. High men for Hillcrest were Mike Richter and Larry Rice.

Burgess EUB won the second game over Hoge Memorial 40-25. Smith, playing forward for Burgess was high point man with 17 points. John Laderer was high point man for Hoge with 13 points.

The third game was a closely contested event with West Park Methodist winning 36-30 over Westgate EUB. Arthur, West Park was high point man with 10 points while Bob Dean scored 11 points for Westgate EUB.

Jr. Hi-Y finally bowed to Glenwood Methodist and came up on the short end of the score, 42-28. Glenwood's high point man was Thomas with 16 points. This league has recessed during the Christmas holidays and will resume play on Jan. 5 at 12:30 p.m., at Glenwood Recreation Center. The schedule for that day is as follows: 12:30, West Park vs. West Junior Hi-Y; 1:15 Westgate Methodist vs. Westgate EUB; 2, Burgess EUB vs. Hillcrest Baptist; 2:45, Glenwood Methodist vs. Hoge Memorial.

Child Safety Hint

Boys and girls, here's a little jingle about traffic lights that could save you from a painful accident. Listen:

Stop on the red, go on the green,
But don't sneak through on the in-between!

What's the in-between? Why, the yellow traffic light, of course! The Safety Council of the Columbus Chamber of Commerce says never cross streets when the light is red or yellow. For safety's sake, cross only when the light is green and then ONLY when traffic has stopped.

Eight persons of this area were injured when a tractor trailer truck rammed the rear of a car, forcing it into the back of a pick-up truck Sunday.

The accident, in which the car was demolished, happened on the S. High-st viaduct. Taken to Mercy Hospital for treatment were: Harold Aisle, 37, New Rome; Harold T. Aisle, 13; Samuel L. Aisle, 1 month, all of whom suffered possible injuries of the neck and back; Alvareta Aisle, 28, injured right shoulder; Mary M. Aisle, 10, bruised scalp; Helen E. Baer, 26, Grove City; Gerald Baer, 31, and Florence D. Baer, 6, all suffering possible injuries to the neck.

Police said the tractor-trailer rig, driven by Walter Divinney of Pennsylvania, rammed into the Aisle car, forcing it into the rear of the Baer pickup truck. Divinney, who was unhurt, was cited for not keeping assured distance ahead, police said.

Alner Justus Is Gasoline Blast Victim

Alner W. Justus, 51, of 2337 El Paso-dr, died in Grant Hospital Friday of burns suffered in an explosion at a Canal Winchester filling station Wednesday, afternoon, Dec. 12.

A veteran employe of the Standard Oil Co., Justus was one of three men burned as the blast leveled the new $20,000 service station of Roger Secrest.

Secrest remains in Grant Hospital in "fairly good" condition. In poor condition in the same hospital is Robert Blosser, 27, of 717 Erickson of Whitehall, a station attendant.

Justus and Blosser were in the basement of the station looking for a gasoline leak.

State Fire Marshall Charles R. Scott said it may require several days to determine what caused the explosion.

He had been sent to the Canal Winchester Wednesday specifically to help find the gasoline leak.

Division Of Wildlife Organizes Big Buck Club

Ohio deer hunters who kill a big buck may be eligible for membership in the newly founded honorary organization, the Buckeye Big Buck Club, established by the Ohio Division of Wildlife. To be eligible for membership, the hunter must have killed, in fair chase, a buck whose antlers score high enough to be recognized officially by the Boone and Crockett Club.

If you kill a buck with a big rack, have the head scored by a local taxidermist who will be glad to assist you. If the head scores more than 140 points for a typical set of antlers or 150 points for a freak or non-typical head, it should be entered officially on a Boone and Crockett Club application form. These forms are available from the secretary, Mrs. Grancel Fitz, 8 Tudor City Place, New York 17, New York.

Holy Family Pupils Form School Council

First officers of the newly-formed Student Association at Holy Family High School are, left to right, front row, Patty Johnston, 705 W. Rich-st, corresponding secretary; Darla Carnot, 905 Sullivant-av, recording secretary, and, second row, Donald Perdue, 868 Bellows-av, vice-president; Francis Youngfleisch, 294 Johnsphine-av, president; Bill Quinn, 2869 Medina, treasurer, and Jim Stokes, 570 W. State-st, senior class president and representative.

By Carol Kirwin

Students at Holy Family High School, under the guidance of Sister Mary Dolorita, principal, have formed a Student Association designed to give each student an opportunity to play a vital part in functions of the school.

Discussions were held, plans drawn and a constitution written. An assembly was called to acquaint the faculty and student body with the functions and purpose of the Student Association.

Purposes of the organization as defined by the students are: "To prepare ourselves for Catholic leadership in the participation of our Democracy. To promote student participation in school activities. To train us to follow and to lead government. To create and foster a spirit of understanding and cooperation between students and faculty."

Elections were held throughout the school for officers of the association with candidates from junior and senior grades. Each home room also elected two representatives and one alternate.

Senior representatives are: Pete Miller, Sam Dardinger, John Rinehart, alternate; junior west: Roger Rees, Anne Shockow, Eleanor Wolfe, alternate; sophomores: Charles Oliver, Judy Noles, Diane Mayernick, alternate. Freshmen west: David DeVillers, Rose Marie Rubadue, JoAnn Board, alternate; freshmen east: Edmond Kober, Barbara Clifford, Richard Crumley, alternate.

The student association has undertaken several projects. One is the CSMC, Catholic Student Mission Crusade, with officers John Rinehart, president; Rose-Cullen and Pauline Higgins, Junior officers. The project helps missions here and elsewhere.

Another project is the Pep Club, with officers Ronnie Shafer, Sharon Buell, Jinx Fleming, and Larry Durfee. The committee will arrange transportation for games and organization of pep rallies.

Members of Holy Family High faculty are, Msgr. George F. Gressel, pastor; Rev. Samuel Durbin, Sr., Mary Dolorita, principal and senior homeroom teacher; Sr. Mary Maureen, Sr. Mary Tarcisius, junior homeroom teacher; Sr. Mary Anthony, Sr. Roberta Marie, freshman.

Dr. Richard T. Arnold, educator, advocating a ten-and-a-half-month school term: "Our academic year of nine months, which arose out of an agricultural economy, simply is not adequate and handicaps us terribly in competition with others."

Merry Christmas

In the spirit of Christmas, we wish our friends and patrons a happy holiday season, filled with all the good things of life.

Shares Traditional Holiday Cookie Recipes

Miss Bess Sperry is shown above with an assortment of the Christmas cookies she bakes each year for friends and relatives in many states and countries. Miss Sperry, retired last year after 48 years of teaching school—taught 48 years at West Broad Street School.

Members of the West Side Welcome Wagon Club exchanged favorite Christmas cookie recipes at their Christmas meeting held last Thursday evening in Gladden Community House.

Miss Bess Sperry, 2235 W. Broad-st, guest speaker for the evening, told Christmas stories and also shared some of her family's treasured cookie recipes with club members.

Miss Sperry's authentic German recipes have been used by members of her family each holiday time for more than 40 years. The cookies will keep indefinitely because they are baked without shortening.

She suggests that they be stored in tightly covered cans. A few days before they are eaten, a few slices of fresh bread or cut apples placed in the can, will make the cookies fresh-tasting and moist.

They pack very well, and she mails packages of them as far away as India, each Christmas.

Some of Miss Sperry's recipes are as follows:

8 eggs
1 lb. sugar
¾ lb. almonds, blanched, and chopped.

Beat eggs very stiff.
Add sugar gradually and other ingredients.

1 lb. almonds chopped fine

Flatten this on a well floured board until one-half or one-third inch thick. Spread the rest of the sugar mixture evenly over this.
Cut in oblongs about 1½ by 1 inches.
Bake on well buttered pans in a slow oven, until whites are delicately browned.

HICKORY NUT DROPS

4 cups very light brown sugar
5 eggs

Two rival actresses were discussing the many roles they had played.

"Since I've been on the screen," one remarked, "I've had to change the color of my hair eight times to fit my various parts. But I've finally put my foot down at the studio. Hereafter they can cast me as a brunette or not at all."

"I know just what you mean," purred the other. "If I were your species I'd try to avoid dyeing the ninth time, too."

Farrowing intentions of hog producers for the period December 1, 1956, to March 1, 1957, show considerable variation, say Ohio State University extension economists. Ohio's 10 per cent reduction is the largest. Illinois is the only corn belt state to show an increase—four per cent.

For Your Thoughts

Question: Do you feel that policemen should get a raise?

Mrs. Harold Swigert, 226 S. Wayne-av: "If the city could afford it, yes. But only when the city has the money to pay them, should city employees get a raise. Also, if one city employee group receives a raise, I believe that all groups should receive an equal raise."

Mrs. Wayne Zervis, 738 S. Ogden-av: "I think they should. After all, they take chances. If they can get the raise, more power to them. Also I think all city employees should get the same salary."

Dale Patrick, 577 S. Hague-av: "No, I don't. They're making as much money as anybody else. I think all city employees should make the same salary."

Mrs. John R. Reese, 204 West Park-av: "Yes, I do. I think they are underpaid for the risks they have to take. Also, I think we will get more men of better quality and better protection by our police force if they are given a raise."

Mrs. Elizabeth Downing, 2050 Eakin-rd: "I really think they should. Their work is so important to our welfare. Firemen and policemen are probably the most important workers in our everyday life. They risk their lives everyday in their work."

Mrs. Samuel Carey, 346 Wheatland-av: "I think they deserve a a raise. They deserve it for good service and for risking their lives."

In Ohio tests, "virus-free" strawberry stocks have produced an average of 68 percent more fruit than ordinary stocks of the same varieties, according to Ohio State University extension plant pathologists.

Plaintive Note From Canadian Child Found On Yule Tree

Many touching notes have been written about Christmas trees. Last week, a Christmas tree traveled all the way from Ontario, Canada, with a very touching story of its own.

The story was written on a wrinkled piece of notebook paper in a childish scrawl, wrapped in more paper, and tied securely with cord to the trunk of the little Christmas tree.

This is the note that the owners of Grace's Drive-in, 906 Harrisburg-pk, found tied to one of the Christmas trees they had ordered from Canada.

"I am 12 years old and I am very poor if you happend to find this note plase send me some second had close. we are a big family. My name is Jackie Mottie, Monastery, Ontario, Canada, Co. N.E."

The tree was marked and sold at cost to two churchwomen who planned to help the child. Mrs. S. G. Gibboney, 1491 Stringtown-pk, Grove City, and Mrs. Francis Mack, 23 Rose-av, Grove City, have written Jackie and asked for more information and sizes in order that they might answer the plea.

The two women, members of Jackson Chapel Methodist Church, have interested both the WSCS group and the youth fellowship in the project, providing they can contact Jackie.

The owners of the drive-in have also written Jackie, to assure her (or him) that the letter had been received and that many persons here would be happy to help the family as soon as contact was established.

Make this your aim: Keep God in Christmas.

A Joyous CHRISTMAS to All

As the wise men followed a guiding star to the place where He was born, may our hearts turn to Him this Christmas, with love and adoration. As we hear again the blessed story of His birth, may we experience anew all the joys of that first Christmas, long ago. May the spiritual inspiration of the day abide with us through all our years. And may the Star of Bethlehem light the way to "Peace on Earth, Good Will Toward Men." These Christmas wishes we share with you, in the true spirit of this Holy Season.

Gives Winnings To Charity

COLORING CONTEST WINNER, Jack Barr, 734 S. Eureka-av, contributes his prize of five silver dollars to his teacher, Mrs. Lorraine Richardson for an adopted family which his class is helping this Christmas. When he entered the contest a month ago, the ten-year-old artist told Mrs. Richardson that any winnings would go to the adopted family project, of which he is chairman. The class is collecting canned goods and clothing for the family but Jack suggested that with $5, they can buy some meat or something else they want.

Many Prizes Await First Baby Of '57

Whistles, sirens and horns Monday night will not only signal in the end of 1956 but also the start of The Hilltop Record's 19th annual Stork Derby.

The Record's answer to the $64,000 Question: "Who will be the first baby born on the Hilltop in 1957? will be accompanied by a most imposing list of prizes for Mom, Pop and the littlest child.

Rules covering the current baby derby are as follows:

1. Parents of babies being entered in the derby must furnish The Hilltop Record with date, hour, minute and place of birth.
2. Full names of parents and their address must be furnished.
3. The name (if chosen), sex and exact weight of the child must be provided.
4. A statement with this information must be furnished together with the name and signature of attending physician.

Jackpot Is Worth $60 This Week

Christmas is past, the New Year is just around the corner and the very same mailman that staggered under loads of Christmas cards last week will soon be delivering the inevitable post-holiday bills.

An unexpected $60 to spend would make a happier New Year for anyone. Those 60 "Confederate" dollars are ready and waiting for the subscriber who spots the big jackpot insignia in his copy of today's Hilltop Record.

In addition, the usual ten $1 insignia, each worth one "Confederate" bill are placed on ads in ten other copies of the Record.

All copies of the Record containing "Confederate" money insignia may be exchanged at The Hilltop Record office, before Saturday noon, for crisp new "Confederate" bills. These may be spent with any merchant advertising in this week's Record.

All subscribers, with the exception of employes, carriers or their families are eligible to claim the "Confederate" money.

Hartley Elected Printing Arts Group President

C. Carlton Hartley, 1370 Wilson-rd, publisher of Hartley Community Newspapers, was elected president of the Printing Arts Association of Columbus Wednesday noon at the meeting of the board of directors at the Athletic Club. He succeeds William Planson.

Other officers named were: Richard Thrall, vice president; Delbert Nida, treasurer and Reid Vance, executive secretary.

It Makes Good Sense For State To Build Here

It is interesting to note that the State Capital Planning Board has proposed that a part of the very valuable farm land of the Columbus State Hospital be used by the State of Ohio as building sites for about 11 much-needed state buildings in the next six years. Cost of the program would be about $6,500,000.

Action of this type has been advocated by this newspaper for many years. This aerial photo was taken by our photographer back in May 1954 when we proposed that the state use this property as a site for the proposed new state office building rather than buy the Central High School property as then proposed.

There are many advantages to be derived from the state using such property as building sites.

In the first place the state would be saved a very large amount of money by using this land rather than go out and perhaps have to condemn other property at ridiculously high prices.

Then too it makes sense that traffic be taken away from the downtown area rather than add to it. Development of the Mount-st and McKinley-av expressways would make these properties easily accessible.

The overall program of the state planning board calls for building of warehouse and storage facilities for state records, the state bindery, a regional warehouse for the Division of Mental Hygiene, highway garage, a warehouse for the department of liquor control and facilities for distribution of commodities, surplus property, blind manufacturing, highway training quarters, highway paint shop and dead storage space.

All these buildings are proposed for the area north of Broad between the hospital gardens and baseball diamonds.

Hilltop Record Carrier Boys Rewarded For Extra Effort During Three-Month Contest

Hilltop Record carrier boys did some of their Christmas shopping this year with points instead of dollars.

The boys piled up points during a three-month pre-Christmas contest, according to their "all-round good newsboy" qualities. Points were based on new paying customers, perfect delivery service, attendance at all meetings, sample reports and clean bundle

High point man with 320 points is Glenn McClure, 867 Whitethorne-av. Runners-up are Tom Hickinbotham, 129 Powhatan-av, 225 points; Jerry Aeh, 2378 Vidapl, 220 points; Barry Zeni, 2081 W. Mound-st, 180 points; and John Michalec, 140 S. Roys-av, 140 points.

The 78 contest participants shopped from a large selection of gifts which were priced by points. Most of the 29 gift selections were characteristic of carrier boys, such as jackets and jeans, bicycles and billfolds, footballs and fins for swimming.

However, sprinkling cans, double-dish servers and bathroom scales were available for mom, skates and games for sis and belts and gloves for dad.

With many of the carriers passing the 100 point mark, Jack Schluep, circulation manager, distributed more than 125 prizes at a cost of $300.

More contests of this type will be offered in the near future, according to Schluep, because of the opportunity it gives the boys to earn extra premiums for a job well done.

HAPPY ENDING to a three-month carrier contest—when footballs, skates, fins and lots more "strictly boys" items are distributed to 75 newspaper-carrying participants. Among the prize-winners are (left to right) Steve Daft, Tom Daft, Tim Brooks, Tom Wright, Tim Murnane (hidden), William Erlenbeck, Maurice Grover, Michael Somers, Tom Hickinbotham (with football), Patrick Somers, Gary Allwine, John Michalec and Billy Beckerdite (front). Jack Schluep, circulation manager, is distributing the prizes.

In Passing

By Esther Weakley

JOY, SADNESS, HOPE

It always seems so sad to me
To take part in untrimming the Christmas tree,
For when it stands so proud and gay
There is laughter and happiness every day.

But the once-brightly lit symbol of joy
Whose reflection shown on gift and toy
Must come to an end as all good things do,
Though there's hope that each new year will bring happiness, too.

Ann Salvatore.

One of my Christmas cards was a dainty "Grace Note" card which was designed by Miss Grace Layton, Box 389, Valley City, N. D. Miss Layton was left without the use of her arms and hands, as a result of polio in 1950. She was only 18 at the time. She makes the sketches with her mouth and they are delightful. She turns over some of the money from her cards to the National Foundation. It is too late to order her Christmas and New Year cards, but she has all-occasion notes, and also an Easter assortment that is beautiful. For her price list, write to this deserving and talented young lady. One reason I love hearing from my friend Rae Shaver, in Spokane, Wash., (former Ohioan) is because she always writes on Miss Layton's note paper. You would love using it too, because it is distinctive and because you would be doing lots of good by buying it. Miss Layton is the sole distributor.

One of The Record's long-time readers, a Mrs. Cooper, whose first name and address are not known, sent a lovely Christmas card with this beautiful legend, for which may I offer gratitude. Even though Christmas will have passed when this appears in print, Christmas legends are never out of season.

THE LEGEND OF THE GIFTS

Three gifts were brought to the Christ Child by the Wise Men from the East. Each gift, legend tells us, had its own special meaning, and each was brought by a different Wise Man or king. Tradition names three Wise Men, although the Bible itself does not. The Gold, a casket in the form of a shrine, supposedly was brought by Melchoir, King of Arabia. It was symbolic and prophetic of what Jesus was to become—a King. Frankincense was the gift of Balthasar, King of Ethiopia or Saba, land of spices. It foretold that Jesus was to be a high priest. The Myrrh, in a gold-mounted horn, was the gift of Gaspar, King of Tarsus, land of merchants. The myrrh was for Jesus, the Great Physician to be."

As this is being written, it is still a week till Christmas. Clerks are rushed, but still courteous and cheerful; the postman is "heavy-laden" but still smiling; the children at the family are impatient. One three-year-old I know asks the same question the first thing each morning: "Santa today?"

Mail—To my favorite shutin from a former professor of English: "In addition to thoughts at Christmas time, I have been reminded of you lately by a book I have just read which may or may not have come to our attention. It is 'The Man Who Lived Twice,' by Eric Wollencott Barnes, being the biography of Edward Sheldon. In what seems a very remote past, I first heard of Sheldon as a playwright, the author of "Salvation Nell," in which Mrs. Fiske was appearing with great success. Then, when I was a student in Professor George Pierce Baker's drama course at Harvard the winter of 109-10, I heard of him constantly as an almost legendary person of whom his former teacher, Professor Baker, was tremendously proud. You have no doubt heard of his later life, in which progressive arthritis made him a complete invalid without depriving him of his friends, his interests and his influence. The story of how his spirit conquered his physical limitations is one of the most inspiring books I have read."

Waterfowl, Deer Season Ends; Rabbit, Grouse Hunt Still On

With the Ohio deer season having drawn to a successful close on Dec. 15, and the waterfowl season closing on Dec. 22, Ohio hunters will be satisfying their hunting desires by going after the elusive ruffed grouse or the cottontail rabbit. Night hunting for raccoon, opposum and skunk may also be enjoyed for several months.

Rabbits may be hunted through New Year's Day and the daily limit is four and the possession limit after the first day is eight. Rabbits are still being taken and many times the hunting for them is at its best during the latter part of the season.

The season on ruffed grouse runs through Jan. 31, 1957, with the daily limit three and the possession limit after the first day six. Only an optimist of the highest degree ever expects to bring home six grouse, however, as most good wing shooters consider the grouse to be the most difficult of all game birds to bag. It is not that we don't have a good population of grouse either. Certain areas in Ohio have considerable numbers of them but they are elusive and most difficult to hit.

The lack of snow over most of the better range kept Ohio's deer kill lower than expected during the recent statewide season, the first in 36 years.

In other respects, however, the season was highly successful with very few hunter casualties and no known fatalities among the thousands who searched for the wily whitetails. Farmer hunter relations were at a high level through out the state. This favorable condition augurs well for both farmers and sportsmen and will go a long way in helping to establish deer seasons in the years ahead.

Major Muses

Have you ever seriously considered just what kind of a driver you are? Did you ever try to place yourself in another drivers' predicament and realize what a fellow motorist could or should have done to be helpful. It's a good idea and it may prevent a lot of sadness.

Cab Drivers and Truck Drivers, as a rule, set a good example. They have the Know-how and experience gleaned from many hours behind the wheel, to expedite the movement of their vehicles in traffic. It would be well to observe their methods and help to ease our traffic situation. Some suggestions are:

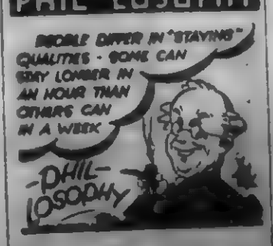
(1) Don't tarry at a green light when safe to proceed.

(2) Don't be observed driving a parked car.

(3) Don't window-shop from the middle of the street.

(4) Don't take your mind off of the enormous job at hand, your driving.

(5) Always try to let other driver know what you want to do; If a driver observes the car in front, the car in back, the cars on each side, the traffic light, the speed limit signs, the pedestrians, the one-way and no-turn signs, stop, go, yield, slow, and all others, Aw HECK, he might as well stay at home! Be Good!



Yours,
Major.

1957 FAMILY LIVING COSTS

With Christmas past and a new year approaching, perhaps you're resolved to make a plan for next year's spending. Take a brief look at the general outlook for family living costs before you tackle your budget making.

Although the post-war boom has continued for more than a decade, economists expect no letup in 1957. The labor force continues to grow. Productivity is expected to be even greater in 1957. Net farm income is expected to be higher than last year. Incomes have been increasing at a faster pace than living expenses. This year the average consumer was able to buy 10 per cent more goods and services with the family income than five years ago, and 15 per cent more than in 1948. (Last year there was $1.15 in dollars of equal value to $1.00 in 1948.) With this, consumers were able to buy 80 per cent more than in 1940 even though we have 35 million more consumers now and prices are almost twice as high. Increased spending has been greatest for automobiles, food, and housing.

In the past eight years incomes have increased more than consumer expenditures so that savings have, likewise, been running higher. This trend is expected to continue in 1957.

Food Outlook

The Agricultural Marketing Service points out that food prices this fall were higher than in the fall of 1955, and are expected to continue in this pattern the first four or five months in 1957. Your food expenditures will account for one-fourth of your income (after taxes)—about the same as in recent years. Surveys tend to show that as family income increases, the proportion going for food tends to decrease.

Expenditures for meals and snacks eaten away from home increase with income at a greater rate than do expenditures for food prepared and served at home. A 10 per cent increase in income may result in a 10 per cent increase in expenditures for food away from home, but only three or four per cent increase for food consumed at home.

With higher incomes, expenditures for ready processed and "convenience foods" tend to increase. It is estimated that more than one-fourth of the average food budget goes for bread, baked goods, ready-to-eat cereals, canned foods, prepared frozen foods, pickles, salad dressings, and many others.

Increased expenditure for food doesn't always insure recommended amounts of certain nutrients. Those most often found to be low in family diets are calcium, vitamin C, vitamin A, some of the B vitamins. An adequate diet can be had for the same, and often less, than the cost of an inadequate diet.

We have no quarrel with the man who doesn't advertise. He's biting himself.

Water Supply Below Normal

The Ohio Division of Water reports that rainfall during November was below normal at all index stations except Dayton. This is the third consecutive month in which this condition has existed. The total deficiency for the three months is reaching drought proportions.

The ground-water trend was generally down again this month also. Mean levels in all but one well were below those of last month, in five wells mean levels fell below those of a year ago, and in four wells they were below the five year average. To date there is no evidence of recharge beginning anywhere in the State, the Division reports.

Stream flow in both stream gaging stations was only about half of the normal flow for the month. Runoff at both gages was the lowest for the month since 1963.

HILLTOP YMCA

At the recent board of management meeting of the Hilltop YMCA, C. Carlton Hartley, board chairman, announced the appointment of Mr. Al Stephens as the chairman of the ninth annual Hilltop YMCA dinner meeting. Mr. Stephens will be assisted by Mr. John Roman, Mr. Dave Randall, and Mr. Bill Jones. The committee reports that this meeting will be held Jan. 29, 6:30 p.m. at the Westinghouse dining hall. In the near future the guest speaker and other phases of the program will be announced.

Cancer Found In 42 Women As Result Of Survey Project

One Hilltop woman has been told she had cancer of the uterus as a result of the Cancer Survey project which was launched in Franklin County six months ago.

In the first half year of the mammoth screening project, there have been 42 such cases detected, according to a report being made by the survey office.

None of these women had noticed any of the usual symptoms and none had suffered any pain. All of the 42 women have either been clinically cured or are now under treatment for cancer of the reproductive tract.

The project calls for women to be examined three times at 12-month intervals. The test involved is so simple that it can be completed in five minutes, and it causes no pain or discomfort. However, the survey project office points out that the early stages of uterine cancer cause no pain or discomfort either.

The brief examination is the earliest means to detect the presence of cancerous cells in the reproductive tract. More than two-thirds of the women examined have gone to their own physician.

Those who do not have private physicians may visit the Survey Project clinic at 320 W. Tenth-av, which is open five days each week from 2 to 4 p.m.

The entire project is under the direction of the Public Health Service of the Department of Health, Education and Welfare, and there is no charge for the laboratory service.

Those who visit their own doctors receive a report from the Survey Project office, through their physician, within 10 days of the examination. If there is any need for further tests, the physician so informs the patient.

The Project office reports that 166,345 women were examined in the first half year of the three-year survey. It is hoped that by the end of the first year that 52,000 women will have been examined.

Cooperating in the project are the Public Health Service, Ohio State University, Columbus Academy of Medicine, American Cancer Society, Columbus Cancer Clinic, and the Columbus Health Department.

More information on the project can be obtained by telephoning the Survey office, AX. 1-3121, Ext. 281. Programs and movies dealing with the project are available to women's clubs by contacting the same office.

Pick Holroyd As President Of Architects

The American Institute of Architects announced the election of H. James Holroyd, son

H. James Holroyd

of Mr. and Mrs. Harry E. Holroyd, 479 N. Warren-av to president of its Columbus chapter on Dec. 13.

A graduate of West High, class of 1938, Holroyd has been engaged in architecture and related fields since 1940. During World War II he served with the U.S. Army Engineer Corp. He became a registered architect in the state of Ohio by examination in 1948 and is now in private practice with offices at 3201 W. Broad-st.

Holroyd and his associate, Robert E. Cassell, were recently selected as architects for the new Hilltop YMCA building, the new Glenwood Methodist church, and the proposed Valleyview Elementary school.

A member of the Architect's Society of Ohio, Holroyd is very active in civic affairs and is also a member of the Hilltop Kiwanis Club, Hilltop Business Association, Columbus Chamber of Commerce, American Legion, and the North Broadway Methodist Church. He resides with his wife and three children at 620 Yaronia-dr.

The American Institute of Architects was established in 1857 as a national organization designed to establish and maintain a code of ethics for the architect's profession. It is also active in architectural education and training, coordinating the building industry and architecture professions to insure the advancement of the living standards of the American people.

As a general rule, a man who doesn't know his own mind hasn't missed so much at that.

Starling 42, Barrett 38
By Frank Kearney and Carl Hott

Starling has done it again.

Despite Barrett racking up a season high of 38 points, the Starling basketeers ripped the nets for 42 points to notch their fourth win. High point man for Starling was Allen Nance with 17 points. Gary Jewell collected 10 points and Jerry Jaynes accounted for eight.

Starling 49, Roosevelt 47

After sinking a foul shot to knot the game, Potts dumped in the winning goal with 17 seconds left in the game.

Gary Jewell led the Starling scorers with 22 points. Allen Nance made 10 points, Dick Brothers scored six, Ike Harper meshed five and Jerry Jaynes and John Potts each collected three points.

What we need is a child labor law to keep them from working their parents to death.

If all the college boys who slept in class were placed end to end they would be more comfortable.

May your companions in your journey through 1957 be good health, good cheer, and warm friendships.

About The Hilltop

Happy holidays . . . In our community we have Mr. and Mrs. Victor Sawinlez, a refugee family and their six-year-old daughter who celebrated their first Christmas in this land of ours. Men of St. Vincent de Paul and others made it all possible for this grateful family . . . At Sunny West Palm Beach, the Doctor Guy Huletts with Dave and Billie Dietlehorst send the season's greetings. In October, Virginia Hulett's first grandson (Kevin Michael King), son of Mr. and Mrs. Bob King was born . . . Recently retired Capt. Bill Gallagher of the Columbus Fire Department was rushed emergency to St. Anthony's hospital for a two-week stay. He is now home and on the mend . . . The well known bowling alley operator, Red Ward, is still in the transfusion stage at Mt. Carmel as an aftermath of an accident in the early fall. His wife was killed in the accident . . . Bud Fryer, the flyer, is due home from Mt. Carmel. Last week he underwent a major operation . . . From Cleveland, Bob and Doris Armbruster of the Prudential family, send the season's greetings . . . Friday, the Al Lairds left for Cleveland to spend the holidays with relatives . . . In January, Sue and Gene Hill will leave for Puerto Rico. They are planning to establish a home in Florida and commute back and forth. Tonight at 8, Mrs. Hill will be feted at a going away party at the home of Mrs. Fred Beupre. . . . Red Ault, automobile accident victim, is still a patient at Mt. Carmel . . . The Joe Goodwins of the drug store clan, feted their employes with a Christmas party at Grandview inn . . . A profile of a Christmas card this year: the Charlie Althens' was mink style on blue and white with large and small stars studded in rhinestones . . . Out in California, Ray and Tammy Burgoon, Record readers, send season's greetings. They are proud grandparents of a baby boy (Steven Craig) son of Ronnie and Betty Burgoon . . . Last week, Dr. and Mrs. Robert S. Capper and family of San Antoine, Tex. arrived for a holiday stay with Mrs. Capper's mother and father, Mr. and Mrs. William Clarkin.

HOW WOULD YOU EXPLAIN IT TO A CHILD?

What do you tell him – "Daddy isn't coming home any more"? Or, "You're the man of the house now"?

Maybe everyone ought to witness sudden death on the highway . . . and watch the stunned faces of the ones who were left living. Because once you see it, you never forget it.

You begin to realize how suddenly it can happen . . . and how abruptly the same can happen to you, or to your family.

This year alone, *nearly 42,000 funerals will result* from traffic accidents, according to the present mounting rate.

Yet many of these accidents can be prevented – with your cooperation.

HERE'S HOW:

FIRST—
Drive safely and courteously yourself. Observe speed limits and warning-signs.
Where traffic laws are obeyed, deaths go DOWN!

SECOND—
Insist on strict enforcement of all traffic laws. Traffic regulations work for you, not against you.
Where traffic laws are strictly enforced, deaths go DOWN!

THIRD—
Work through your church, PTA or civic group for extra policing where needed, better street lights and signals, and a school safety program.
Where people work actively for safety, deaths go DOWN!

FOURTH—
Call on your local or state safety council for help in promoting better laws and uniform enforcement.
Where everyone understands the law, deaths go DOWN!
In city after city, day after day, it's been proved over and over again

WHERE TRAFFIC LAWS ARE OBEYED — DEATHS GO DOWN!
